**Letting Go of Leo** Simi Botic, 2017-12-14 People think you have it all together. What these people don't understand is how exhausting it feels to make it look that way. The pressure to keep it all going is intense. You feel unfulfilled and don't believe you measure up to others. You're constantly searching for the secret to experience confidence in your own skin. Despite your have-it-all-together life, you can't figure out how to accept or perfect yourself. You've tried diets, intense exercise, shopping, and stuffing brownies

in your face. Yet nothing fills the hole deep inside, and you worry, Will I ever be enough? You've come to the right place. In *Letting Go of Leo*, Simi Botic gets personal about what she's experienced and learned. She shares stories about eating a jar of peanut butter without choking to death. Stories about her thighs rubbing together. Stories of living a fantasy where she would marry Leo DiCaprio and win an Oscar. Stories of realizing that real life can be better than any fantasy, that she could show up for the good stuff and the hard stuff and, most importantly, for herself. Simi used to freak out about food, her body, and not being perfect enough. She freaks out a lot less now. In *Letting Go of Leo*, she shares how she broke up with perfection—and how you can too.

**Leo Ascendant Secrets** Saket Shah, 2020-01-05

There are times when people just can't identify with the attributes of their Sun or Moon sign. In fact, they may feel that they are an antithesis of their zodiac sign. You may also have observed it. Your Leo friend may not seek attention, may be because he or she has a Capricorn ascendant. Your Sagittarius friend is very possessive, may be because he or she has a Scorpio Ascendant. It is easy to understand why some people do not correspond to their Sun or Moon signs once you know about what is the rising sign or Ascendant in a horoscope. Ascendant is the degree of the zodiac sign that was highest on the Eastern horizon at the time and place of birth. When seen from Earth, the sky seems to move, so the entire zodiac can be observed in a span of 24 hours day which means the rising sign changes on the Eastern horizon every 2 hours because there are 12 zodiac signs. People tend to associate their physical, emotional and spiritual attributes more with rising sign at times.

*The Wolf* Leo Carew, 2018 Violence and death come to the land under the Northern Sky when two fierce races break their age-old fragile peace and start an all-out war in this thrilling and savagely visceral epic fantasy. Beyond the Black River, among the forests and mountains of the north, lives an ancient race of people. Their lives are measured in centuries, not decades; they revel in wilderness and resilience, and they scorn wealth and comfort. By contrast, those in the south live in the moment, their lives more fleeting. They crave wealth and power; their ambition is limitless, and their cunning unmatched. When the armies of the south flood across the Black river, the fragile peace between the two races is shattered. On a lightning-struck battlefield, the two sides will fight - for their people, for their land, for their very survival. Under the Northern Sky *The Wolf*.
