Triazoles 1, 2, 4 Carroll Temple,John A.

Montgomery,2009-09-15 The Chemistry of Heterocyclic Compounds, since its inception, has been recognized as a cornerstone of heterocyclic chemistry. Each volume attempts to discuss all aspects – properties, synthesis, reactions, physiological and industrial significance – of a specific ring system. To keep the series up-to-date, supplementary volumes covering the recent literature on each individual ring system have been published. Many ring systems (such as pyridines and oxazoles) are treated in distinct books, each consisting of separate volumes or parts dealing with different individual topics. With all authors are recognized authorities, the Chemistry of Heterocyclic Chemistry is considered worldwide as the indispensable resource for organic, bioorganic, and medicinal chemists.

Introduction to Social Work Lisa E. Cox,Carolyn J.
Tice,Dennis D. Long,2021-08-30 The award-winning
Introduction to Social Work: An Advocacy-Based Profession
takes students on an exploration of what social work is,
what it was historically, and how to be an effective
advocate as a social worker moving forward. Built on a

unique advocacy practice and policy model comprised of four components—economic and social justice, a supportive environment, human needs and rights, and political access—the book provides a crucial lens for viewing today’s social issues. Best-selling authors Lisa E. Cox, Carolyn J. Tice, and Dennis D. Long emphasize advocacy throughout all sectors of social work, with a focus on environmental, international, and military social work. The Third Edition closely aligns with the latest Educational Policy and Accreditation Standards (EPAS) from the Council on Social Work Education (CSWE); references the 2018 Code of Ethics from the National Association of Social Workers (NASW); and includes profound discussions of societal impacts on areas of public health, policy, juvenile justice, race, inequality, social movements, and self-care. This title is accompanied by a complete teaching and learning package.
