Therapist as Life Coach: An Introduction for Counselors and Other Helping Professionals (Revised and Expanded) Patrick Williams,Deborah C.

Davis,2007-10-17 In 2006, U.S. News and World Report listed coaching as one of the 10 top growing professions. The first edition of Therapist as Life Coach, published in 2002, anticipated this trend, and since its publication it has become a standard for therapists who wish to transition or expand their practices into life coaching. Pat Williams and Deborah C. Davis have finally revised their classic practice-building book for today's therapists and future coaches. Every chapter in this second edition has been updated and rewritten, reflecting the growth of the coaching field and its increasing appeal to not only therapists, but all helping professionals. The book begins by exploring the history of the coaching movement and shows how society is hungry for life coaches. The second part of the book explains in detail the differences and similarities between coaching and therapy, discusses the coaching relationship, and considers some of the skills therapists will need to learn and unlearn in order to reclaim their joyfulness about their work. Professional transition tools such as developing and marketing your practice and honing your coaching skills are discussed at length in Part Three. The final section moves beyond basic life coaching to introduce coaching specialties such as corporate coaching, offers self-care strategies for life coaches, and peeks into the future of life coaching. There is new material throughout, including an overview of recent coaching developments, updated liability concerns, new business opportunities, and a new section on the research about coaching. Coaching gives practitioners the opportunity to break free of managed care and excessive reliance on the insurance industry and to work with a wide range of clients—specifically, those who are not suffering from mental illness but, rather, seeking to maximize their life potential. This book will help you enter this lucrative and personally enriching world with the skills and knowledge you need to build a successful coaching practice.

Moving seamlessly from coaching fundamentals—listening skills, effective language, session preparation—to more advanced ideas such as helping clients to identify life purpose, recognize and combat obstacles, align values and actions, maintain a positive mind-set, and live with integrity, this new edition is one-stop-shopping for beginner and advanced coaches alike. Beginning with a brief history of the foundations of coaching and its future trajectory, Becoming a Professional Life Coach takes readers step-by-step through the coaching process, covering all the crucial ideas and techniques for being a successful life coach, including: • Listening to, versus listening for, versus listening with • Establishing a client's focus • Giving honest feedback and observation • Formulating first coaching conversations • Asking powerful, eliciting questions • Understanding human developmental issues • Reframing a client's perspective • Enacting change with clients • Helping clients to identify and fulfill core values, and much, much more. Crossing the Unknown Sea David Whyte, 2002-04-02 Crossing the Unknown Sea is about reuniting the imagination with our day to day lives. It shows how poetry and practicality, far from being mutually exclusive, reinforce each other to give every aspect of our lives meaning and direction. For anyone who wants to deepen their connection to their life's work—or find out what their life's work is—this book can help navigate the way. Whyte encourages readers to take risks at work that will enhance their personal growth, and shows how burnout can actually be beneficial and used to renew professional interest. He asserts that too many people blindly trudge through a mediocre work life because so many “busy” tasks prevent significant reflection and analysis of job satisfaction. People often turn to spiritual practice or religion to nurture their souls, but overlook how work can actually be our greatest opportunity for discovery and growth. Crossing the Unknown Sea combines poetry, gifted storytelling and Whyte's personal experience to reveal work's potential to fulfill us and bring us closer to ultimate freedom and happiness.

Group Life Coaching Blueprint Joeel A. Rivera M. Ed, Natalie Rivera, 2019-10-26 Being a life coach is a fulfilling way to make money doing what you love, while making a difference! But, the truth is that not all life coaches are successful. Some never learn the skills they need to create a thriving business, and others get stuck because they're only able to reach a certain level of success, and income, by meeting one-on-one with clients. There is only so much time in a day, some of which is spent on marketing and other business-related-stuff. Once a coach fills their schedule with clients, they reach the ceiling of their growth. Their only option is to raise their rates, but this isn't always easy or even appropriate, depending on the population they serve. The good news is that there is a way to serve more people and increase revenue at the same time. The secret to creating a successful life coaching business is offering group life coaching programs. Think about it, much of what you do with each client is exactly the same. If you say the same thing 10 times to 10 different people, why not say it to all of them at once? If you develop a program out of your coaching process, you can walk a group of people through the same coaching activities and steps, together. By creating a group coaching business, you can: 1) reach more people in less time, 2) offer an easy-to-sell low-cost option, 3) upsell your favorite clients to one-on-one coaching, 4) create a more predictable schedule and income, and 5) increase your per-hour revenue (\$50 x 10 is greater than \$150 x 1). In this book, you will find the exact blueprint that thousands of our life coaching students have used to create their own group life coaching programs. You'll learn everything you need to: 1) turn the process you use with your clients into a complete group coaching curriculum, 2) learn professional communication and facilitation skills so you can effectively manage and lead your group, and 3) structure your offer, set your price, and create marketing campaigns that fill your groups.
