About Art Stan Berning, 2009-01-07 This morning I am contemplating how we humans, awkwardly tangled in dreams of salvation, struggle to lend meaning to a physical world that is most often brutally indifferent. It may be that the one thing of substantial power left to us is our own imagination. Thus begins the story of a road trip up the West Coast of North America; a journey which comes to a dramatic conclusion months later in Mexico. A unique look at the nature of prayer, the power of dreams, and the risks and rewards we all face imagining ourselves into the world, 'about art' is the memoir of one artist's quest to understand the life he has lived.

*Lift My Eyes* Magdalen Dugan, 2019-05-14 *Lift My Eyes* fictionally portrays the life of celebrated feminist painter Matilda Lotz. The daughter of a faithful Christian family of German immigrants, Matilda is only six when she is caught up in the bloody Battle of Franklin, only ten when she and her family are pursued by the Ku Klux Klan and forced to flee from Tennessee to California. Like Joseph sold into slavery in Egypt, no adversity can crush her. The talented young artist becomes the protégé first of Penelope Hearst and later of French feminist painter Rosa Bonheur. No typical Victorian woman, she overcomes both sexism and self-doubt to paint dukes in England, counts in

Hungary, and Bedouins in North Africa. She refuses to marry until fifty-five, when she falls in love with another painter, a Hungarian nobleman. But when a second war, the Great War, strips her of nearly everything, Matilda is challenged to one final battle – with her own heart.

**Lifting Depression** Kelly Lambert, 2010-01-05 In this fascinating exploration of depression, neuroscientist Kelly Lambert highlights her groundbreaking research suggesting that important clues to the mysteries of this disease have been in our hands all along. She identifies a circuit in the human brain—connecting movement, feeling, and cognition—that is responsible for symptoms of depression, and shows that when we knit a sweater, prepare a meal, or simply repair a lamp, we're actually bathing our brain in “feel-good” chemicals. Highlighting inspiring accounts of change and growth, *Lifting Depression* offers a compassionate and commonsense way of preventing and treating one of the modern era's most debilitating diseases.

**Feminism and Art History Now** Victoria Horne, Lara Perry, 2017-06-30 To what extent have developments in global politics, artworld institutions, and local cultures reshaped the critical directions of feminist art historians? The significant new

research gathered here engages with the rich inheritance of feminist historiography since around 1970, and considers how to maintain the forcefulness of its critique while addressing contemporary political struggles. Taking on subjects that reflect the museological, global and materialist trajectories of twenty-first-century art historical scholarship, the chapters address the themes of Invisibility, Temporality, Spatiality and Storytelling. They present new research on a diversity of topics that span political movements in Italy, urban gentrification in New York, community art projects in Scotland and Canada's contemporary indigenous culture. Individual chapter analyses focus on the art of Lee Krasner, The Emily Davison Lodge, Zoe Leonard, Martha Rosler, Carla Lonzi and Womanhouse. Together with a synthesising introductory essay, these studies provide readers with a view of feminist art histories of the past, present and future.

**Lifting the Veil** S.S. Simpson, 2019-12-17 "Look out! It's coming right at you, jump!" the screaming voice called out. Out of the corner of his eye, Polo suddenly saw it and jumped with every ounce of energy that he had, lifting both of his legs. But it wasn't fast enough or high enough. The cold, wet metal sliced through his right leg as he watched himself being hurtled through the unforgiving air. Landing in muddy gravel, Polo reached down to take hold of his throbbing leg, but much to his horror, it wasn't there. In an instant Polo's world vanished. He destroyed anyone and anything that stood in his

way, including his wife. The lonely professor isolated himself, pushed her away, and Sara couldn't find her husband. He wasn't there. He wanted only darkness. In *Lifting the Veil*, S. S. Simpson unravels the cruelty of Polo's fate and how his Mexican-American barrio pride fueled his anger and resentment. Join Sara in discovering how light was brought back into Polo's life and what it was that finally caused the veil to lift.

**Thomas Hart Benton** Justin Wolff, 2012-03-13 Born in Missouri at the end of the nineteenth century, Thomas Hart Benton would become the most notorious and celebrated painter America had ever seen. The first artist to make the cover of *Time*, he was a true original: an heir to both the rollicking populism of his father's political family and the quiet life of his Appalachian grandfather. In his twenties, he would find his calling in New York, where he was drawn to memories of his small-town youth—and to visions of the American scene. By the mid-1930s, Benton's heroic murals were featured in galleries, statehouses, universities, and museums, and magazines commissioned him to report on the stories of the day. Yet even as the nation learned his name, he was often scorned by critics and political commentators, many of whom found him too nationalistic and his art too regressive. Even Jackson Pollock, his once devoted former student, would turn away from him in dramatic fashion. A boxer in his youth, Benton was quick to fight back, but the widespread backlash had an impact—and foreshadowed many of the artistic debates that would dominate the coming decades. In this definitive biography, Justin Wolff places

Benton in the context of his tumultuous historical moment—as well as in the landscapes and cultural circles that inspired him. Thomas Hart Benton—with compelling insights into Benton's art, his philosophy, and his family history—rescues a great American artist from myth and hearsay, and provides an indelibly moving portrait of an influential, controversial, and often misunderstood man.

**Jackson Pollock** Deborah Solomon, 2001-06-26

Deborah Solomon's biography sets Jackson Pollock in his time and portrays him as a shy, often withdrawn person, full of insecurities and self-doubts, and frequently unable to express himself about his art or its meaning. Solomon interviewed two hundred people who knew Pollock and his work and she has drawn extensively on Pollock's own writings and other personal papers. She examines the artist's relationships with his family; his wife and fellow artist Lee Krasner; art patron Peggy Guggenheim; the painters Willem de Kooning, Mark Rothko, and many more.

*Letters Lifted Into Poetry* Jonathan Persse, 2006  
In Douglas Stewart's last letter to his dying friend David Campbell (dated June 1979), he recalled their correspondence, commenting that: 'Whatever happened to be outside [your] window, or seen in a morning's walk lifted a letter into poetry'. Two years earlier, Stewart had written that he'd been sorting out a 'great stack' of his friend's letters to go to the National Library of Australia, declaring: 'of course they are full of your nature observations, & will undoubtedly be published some day'. David Campbell was likewise to place the letters which Stewart wrote to him in the Library's Manuscript Collection and now, with this book, Stewart's prediction of the letters being published comes true. Ranging over a period of four decades, the letters passing between these two major Australian poets talk of life, poetry, publishing (the Bulletin, and Angus & Robertson), friends and professional acquaintances, including

Judith Wright, Norman Lindsay, R.D. FitzGerald, A.D. Hope, Rosemary Dobson and Francis Webb, as well as the men's shared love of fishing. Letters Lifted into Poetry movingly documents a great Australian literary friendship and provides a lively window into both men's writing and times.
