Heidi Heilig

Backfield in Motion Jami Davenport,2013-10 Mackenzie Hernandez is about to learn star running back Bruce Bruiser Mackey is more than just a pretty face. ALL YOU'LL EVER BE IS A PRETTY FACE Star running back Bruce Bruiser Mackey has heard those words his entire life, especially after his twin brother's tragic accident. He might use his surfer-boy good looks to land lucrative endorsements for his secret charity, but he hates books being judged by their covers. Which is why it's wrong that his friend Mackenzie Hernandez is intent on giving herself a makeover. Sure, Mac and her father have been reeling financially since her brother disappeared three years ago, and Lumberjacks management gives an annual scholarship that might get her life back on track, but he can't imagine anyone smarter, sexier, or more beautiful than Mac already is. He can't keep his hands off her-and the more they spend time together, the less he wants to. She's perfect as is. One way or another, he'll make sure the team's tomboy groundskeeper gets a full ride. And between the two of them, they can learn to accept what's behind them and look downfield to a future full of win.

The Ship Beyond Time Heidi Heilig,2017-02-28 The breathtaking sequel to the acclaimed *The Girl from Everywhere*. “Fresh and exciting . . . truly the perfect playground for adventure.”—NPR.org “Thrilling.”—School Library Journal (starred review) Nix has spent her whole life journeying to places both real and imagined aboard her time-traveling father’s ship. And now it’s finally time for her to take the helm. Her future lies bright before her—until she learns that she is destined to lose the one she loves. Desperate to change her fate, Nix sails her crew to a mythical utopia to meet another Navigator who promises to teach her how to manipulate time. But everything in this utopia is constantly changing, and nothing is what it seems. Not even her relationship with Kash: best friend, thief, charmer extraordinaire. Heidi Heilig weaves fantasy, history, and romance together to tackle questions of free will, fate, and what it means to love another person. At the center of this adventure are extraordinary, complicated, and multicultural characters who leap off the page, and an intricate, recognizable world that has no bounds. This sequel—and conclusion—to *The Girl from Everywhere* includes five black-and-white maps of historical and mythical locations. Fans of Leigh Bardugo, Sabaa Tahir, and *Outlander* will be swept away.

CSS for Babies Union Square Kids,2016-07-19 Introduces very young readers to the style sheet language used for describing the presentation of a document written in a markup language.

Miss Blaine's Prefect and the Golden Samovar Olga Wojtas,2018-12-04 A librarian with deceptively dangerous skills is sent back in time to Tzarist Russia in this “laugh-out-loud farce” and

homage to Muriel Spark (Publishers Weekly, starred review). Never underestimate a librarian.

Comfortable padded and in her middle years, Shona McMonagle may look bookish and harmless, but her education at the Marcia Blaine School for Girls has left her with a deadly expertise in everything from martial arts to quantum physics. It has also left her with a bone-deep loathing for *The Prime of Miss Jean Brodie*, that scurrilous novel that spread scandalous untruths about the finest educational institution in Edinburgh. Shona's skills, her deceptively mild appearance, and her passionate loyalty make her the perfect recruit for an interesting new project: time travel to Tzarist Russia, prevent a gross miscarriage of romance, and—in any spare time—see to it that only the right people get murdered. It's a big job, but no task is too daunting for a prefect from Miss Blaine's. "A delightful addition to the ranks of comic crime." —The Guardian, UK

Reunion Planner Phyllis A. Hackleman, 2009-06 If there is a reunion in your future, whether as the organizer or a helping hand, *Reunion Planner* is one book you won't want to be without. *Reunion Planner* leaves nothing to chance. The contents include sections on the following: choosing the proper kind of reunion, recruiting volunteers, selecting the time and place, creating the program, guest speakers, budgeting, notifying the participants and promoting the event, planning meals and decorations, accommodations and transportation, souvenirs and fund raisers, photographers and videographers, building a genealogy, and finishing touches from road signs to thank-you notes and more.

Will He Go? Lawrence Douglas, 2020-05-19 In advance of the 2020 election, legal scholar Lawrence Douglas prepares readers for a less-than-peaceful transition of power. It doesn't require a strong imagination to get a sense of the mayhem Trump will unleash if he loses a closely contested election. It is no less disturbing to imagine Trump still insisting that he is the rightful leader of the nation. With millions of diehard supporters firmly believing that their revered president has been toppled by malignant forces of the Deep State, Trump could remain a force of constitutional chaos for

years to come. *WILL TRUMP GO?* addresses such questions as: How might Trump engineer his refusal to acknowledge electoral defeat? What legal and extra-legal paths could he pursue in mobilizing a challenge to the electoral outcome? What legal, political, institutional, and popular mechanisms can be used to stop him? What would be the fallout of a failure to remove him from office? What would be the fallout of a successful effort to unseat him? Can our democracy snap back from Trump? Trump himself has essentially told the nation he will never accept electoral defeat. A book that prepares us for Trump's refusal to concede, then, is hardly speculative; it is a necessary precaution against a coming crisis.
