*Chess for Kids* Michael Basman,2006-01-23 Master one of the world’s most fascinating games — chess! Learn how to play chess through this fun, illustrated chess guide! A board game like no other, chess challenges young minds to think strategically about moves by applying the principles of chess to their club games, tournaments and championships. Take your skills even further by gaining a deeper appreciation for the aim of the game and tactics. The chess book for kids age 9 and older includes: • Chessboard graphics that show how to apply the principles you learn in real-life game situations • A breakdown of the value, importance and role of each piece • A history section provides background on the game and its origins, reflecting the latest changes in the game and how it’s played International chess master and tutor Michael Basman show you everything you need to know to improve your tactics and win more games. Go from beginner chess player to chess champion by following the expert advice in Chess for Kids. Soon you’ll know the difference between chess pieces (your bishop from your knight!) and how to use them strategically, when to use the castling move and how to counter the Queen’s Gambit. Dive into the history of chess and learn from the greatest players and games. Before explaining techniques, the book builds your fundamental knowledge of chess and boosts your understanding of its value, power and importance. Chessboard graphics illustrate different scenarios so you can visualize different chess moves and their potential outcomes and learn the best move to make in any given situation.

**Modern Chess Openings, 15th Edition** Nick de Firmian,2008-04-08 Modern Chess Openings is the best and most trusted tool for serious chess players on the market. First published over a half-century ago, this is a completely revised and updated edition of the book that has been the standard English language reference on chess openings. An invaluable resource for club and tournament players, it now includes information on recent matches and the most up-to-date theory on chess openings. Modern Chess Openings is ideal for intermediate players ready to elevate their game to the next level or International Grandmasters who want to stay on top of recent chess innovations.

*The Kids' Book of Chess* Harvey Kidder,1990-01-01 Traces the history of chess, describes the pieces and how they move, and discusses the strategy of the game.

*United States Chess Federation's Official Rules of Chess, Fifth Edition* United States Chess Federation,2003 Explains all legal chess moves, and discusses the regulations governing tournaments, lifetime rankings, and tournament director certification.

**Bobby Fischer Teaches Chess** Bobby Fischer,Stuart Margulies,Don Mosenfelder,1982-07-01 A one-of-a-kind masterclass in chess from the greatest player of all time. Learn how to play chess the Bobby Fischer way with the fastest, most efficient, most enjoyable method ever devised. Whether you’re just learning the game or looking for more complex strategies, these practice problems and exercises will help you master the art of the checkmate. This book teaches through a programmed learning method: It asks you a question. If you give the right answer, it goes on to the next question. If you give the wrong answer, it explains why the answer is wrong and asks you to go back and try again. Thanks to the book’s unique formatting, you will work through the exercises on the right-hand side, with the correct answer hidden on the next page. The left-hand pages are intentionally printed upside-down; after reaching the last page, simply turn the book upside-down and work your way back. When you finish, not only will you be a much better chess player, you may even be able to beat Bobby Fischer at his own game!

**Baby Chess** Sophie Pryce,2021-10-12 Here's a super-simple primer that introduces babies and toddlers to the popular game of chess! Don’t let their size fool you: Although they are small pawns are the most fearless pieces of all. Now parents can introduce babies and toddlers to the popular game of chess! This super-simple primer will teach little ones the basics: the names of the pieces, how they move, and how to win the game. The rhyming text allows for a fun read-aloud experience without getting too involved in the details of the game. Additional sidebar facts are included for kids who might have questions or who are ready for additional information.

*The Right Way to Teach Chess to Kids* Richard James,2013-06-20 This accessible how-to guide for parents and teachers on the best way to teach chess to children, from international chess expert Richard James, is linked to both his bestselling book, Chess for Kids, and his website chessKIDS academy. James, who taught grandmasters Luke McShane and Jonathan Rowson, shows how learning chess is interesting and fun. It can also help children develop life skills, such as decision-making and social skills, and be a springboard to other subjects in the school curriculum, such as maths, science, history and even languages. In an easy-to-follow, fun way, James explains how to structure short lessons with worksheets and other activities to introduce the chess pieces, chess notation and chess-board dynamics - so that children can understand the thinking behind the moves and start playing and enjoying this fascinating game.
