The Adventures of Little Morris the Wheel Cora Nichole,2022-04-04 Little Morris is a wheel who is on the back of a little black sedan who has adventures such as making a wish to become a Ferris wheel. When his wish is granted, he is excited at first, but then he begins to miss Mommy and Daddy Tire. However, during his time as a Ferris wheel, he learns to become a positive little wheel; and when his wish is finally granted to become a little wheel again on that little black sedan, he becomes the happiest little tire. However, one day, when he was riding on the back of the car, he gets struck by a thorn and loses his air and has to go to the tire shop to get fixed. After he is patched and full of air again, he is very thankful for having these adventures that are helping him grow up into a good, strong little tire Mommy and Daddy Tire can be proud of. In the meantime, his little friend, Mariah, is sick and misses school, so Little Morris the Wheel helps her with her homework every night before she goes to bed. Then one night, after helping his little friend with her homework, he comes up with an idea to have a surprise get-well party for her. So with the help of Mommy and Daddy Tire, he gets to plan a surprise get-well party for his little friend, Mariah. The day of the party was very exciting for his little friend and Little Morris as well, and they both had a wonderful time. And that was the start of many adventures.

When God Speaks Kynaston M. Ramsey,2008-12-31 We all use numbers every day to bring precision into our communications, whether it be reminding others of our birthday, negotiating our salary, keeping track of our weight, or determining the price of a product. Even more so in scripture, God, who created numbers, uses them to bring His Word in the human language into sharper focus, and to communicate His will, His Word, and His Way. God created the numerical mode of communication. It gives us additional understanding of His nature and character. It also provides an avenue of learning which renders a more precise interpretation of the role and responsibility of each person of the Godhead, of course, limited by our frailties. In addition, it helps us to focus on the issues in the conflict between good and evil, why God created us, and the role we play in the great design.

Notwithstanding, it also delivers an important sign as to the end of time. * * * * Coming soon is the book WHEN GOD SPEAKS THE APOCALYPTIC INTERLUDE. This book is intended to give insight into some of the numerical dynamics of Scripture and pointing toward the second coming of Jesus. As we recognize the numerical patterns, we will appreciate the added dimension they give to Bible study by highlighting and underlining important teachings.
