Life Alert Dede Korkut, 2001 Life Alert provides solid ammunition for Christians, missionaries, and converted Muslims with medical evidence proving that Muhammad's prophetic visions were really nothing more than epileptic seizures. This book provides examination of the following areas: Elementary neurology in layman's terminology Muhammad's medical history and its meaning Actual case studies of others with the same physical problems as Muhammad and their spiritual experiences How his visions came to be accepted as revelations from Allah The implications of these findings on the Islam religion Illustrated with brain charts, photographs, and diagrams, conclusive medical evidence shows the truth about the founder of the Muslim religion and allows followers to objectively study this prophet and draw their own conclusions.

Life on High Alert Hannah Rainey, 2019-06-30 Removed from her mother's house

at the age of four, Hannah was able to grow up in a loving home. But the abuse she'd suffered in early childhood followed her into a new life, and attempts to reestablish a relationship with her birth mother always left her feeling repeatedly abandoned. Eventually, after an unsuccessful stint on medication, therapy and a life-changing breakdown, Hannah was diagnosed with Complex Post-Traumatic-Stress-Disorder. This is a story of starting again.

Magpie Alert Darryl Jones, 2002 Wherever people live in Australia, magpies tend to be found there, too. These very familiar birds are one of our most loved and admired wild birds. Yet, during the breeding season, many magpies become extremely aggressive toward people, sometimes causing serious injury or distress, especially to children. The fact that this is a very common, well loved yet sometimes dangerous neighbor makes solving the magpie-human conflict very complicated. This book provides, for the first time, a comprehensive guide to everything that is known about this bird, why it attacks, and what we can do about it.

Live Hope Minute Mark Smeby, 2017-12-12 Become a champion of hope! As we see chaos in the world around us, we want to have hope. But what is hope, and where does it come from? Hope is more than simple optimism that things get better, or a finger-crossed wishing that things go our way. Live Hope Minute explores the life-transforming concept of true hope and how to keep a godly perspective in our current circumstances. Through these short, inspiring

devotions: • Your hope will become grounded in unshakeable faith. • Your life will become marked by love that you cannot help but give away. • Your vision will grow and keep you moving toward God and his plan for your life. When you discover true hope, you will find you are building your house on the rock that will not move. Regardless of the storms and challenges you face, you can demonstrate to those around you that life is more than just what we can see or feel. Be amazed at the power and comfort God's hope can offer.

Seizure-Alert Dogs Margaret Fetty, 2009-08-01 Before Alex was paired with Lady, a German shepherd, he never knew when a seizure would strike. Someone had to stay with Alex at all times—he couldn't even watch television by himself. Now, with Lady by his side, Alex knows he will be safe. Lady is a seizure-alert dog. She warns Alex when he's going to have a seizure and comforts him after an attack. Packed with real-life narratives of canine heroes protecting their human partners, *Seizure-Alert Dogs* covers the training process and shows how these dogs give their owners the confidence they need to live independent lives.

Super Sniffer Handbook Debby Kay, 2014-01-10 Medical alert training is a new and fast-growing sphere of dog training, especially for diabetes alert dogs or DADs.

Red Alert Stephen Leeb, 2012-10-16 I would caution readers to dismiss Stephen Leeb's warnings only at their peril. -Thomas Kaplan, chairman, Tigris Financial Group The American Dream is close to being replaced by a living

nightmare: Key commodities that are essential to our daily lives and that are widely believed to be abundant are running critically short. Even worse, the Chinese are doing what they can to monopolize the world's dwindling resources. The U.S. is now largely dependent on our greatest economic rival for rare earth elements as well as a host of other minerals-all of which are absolutely essential to the development of alternative energies and are critically important for our defense industry, computers, cell phones, and other electronic devices. While America has been fighting wars in Iraq and Afghanistan, China has focused its substantial muscle on securing vital commodities from these and other lands to upgrade its infrastructure and industrial strength to meet the resource challenge head-on. China has wrapped itself in the green flag of combating climate change while systematically discouraging other nations from adopting similar policies in a bid to gain time to achieve its plans. RED ALERT is a provocative and frightening look at the growing political, economic, and social power of China and the threat that nation poses to the Western world. It lays out how the Chinese are strategizing to overtake the United States as the world's premier economic power-and details how our failure to respond quickly will result in a permanently lower standard of living for Americans. Peppered with startling statistics, charts, and evidence of how China continues to expand its economic reach, RED ALERT is both controversial and powerful in its scope.

Listen, Love, Repeat Karen Ehman, 2016-11-15 Our culture is self-obsessed – in our schedules, relationships, and especially online. (Can you say selfie?) But in this near-narcissism, people are less content than in decades past. Why? Because we forgot the joy that comes from putting others first. Doing so requires us to live alert, listening for “heart drops,” hints from those in our lives who need a helping hand or a generous dose of encouragement. Living alert lifts our own spirits, showing us that blessing others blesses us even more. Listen, Love, Repeat offers biblical teaching and suggests doable actions that are simple, heart-tugging, sentimental, even sneaky and hilarious. This message: • Presents scriptural examples of those who lived alert, including Jesus, who noticed those who least expected to be seen. • Explains the role of good works for followers of Christ. They aren’t our ticket to heaven but they are our marching orders on earth. • Gives creative ideas for showing love to friends and family, and suggests practical ways to reach out to the lonely, the marginalized, the outcast, and the odd duck.

Additionally, it helps you comfort the grieving, showing what you can do when you don't know what to say. • Provides inspiration for blessing the "necessary people" in your life, those often-overlooked souls who help you get life done every day, and teaches you how to hug a porcupine by genuinely loving the hard-to-love. As we scatter love, we create a safe space where we can openly share the gospel. We get to see lives changed right before our eyes. Most importantly, Listen, Love, Repeat will enable you to live a life that is full of kind deeds, not to selfishly shout, "Hey! Look at me!" but to humbly implore, "Will you look at Him?"
