Exploitative Play in Live Poker Alexander

Fitzgerald, 2018-11-19 Many poker players can make good decisions at the table with a reasonable frequency.

Nevertheless, there are numerous situations where even very experienced players behave in predictable ways.

These deeply-ingrained habits lead them to make mistakes. The problem is that these situations won't often arise at the table by chance – you have to make them happen.

Exploitative Play in Live Poker is a ground-breaking work that teaches you how to create the circumstances where your opponents will be likely to blunder and how to exploit them when they do. To achieve this you will need to put to one side starting hand charts, balance and GTO (Game Theory Optimal) play. Instead you will incorporate new concepts that may well place you outside your comfort zone. However, your style will now be forcing the other players at the table outside of their comfort zone and, unlike you, they won't know how to adapt. Learn how to: Counter the auto-continuation-bettor Develop a powerful donk-betting strategy Use the overbet, the check-raise and the three-barrel effectively As well as being a highly successful player, Alex Fitzgerald runs a poker consultancy that serves more than 1,000 professional poker players in 60 countries. As part of this work, he has very likely trawled through more hand history databases than anyone else. This gives him a unique insight into how players really play, especially when placed under pressure and forced into unfamiliar situations.

Exploitive No Limit Holdem Paul

Ratchford,2014-06-26 My biggest strength at the poker table is my ability to adapt in real time to my opponents. Exploitive No Limit Holdem was written not just to help you understand advanced NLHE theory, but more importantly to help you apply that knowledge exploitively at the poker table. I focus more on the attacking side of poker than the defending side. In many ways I feel like a good defense will come naturally for those who have a good offense. If you understand how and why you are targeting an opponent, you will also notice when you are the mark. When you finish reading this book I am confident that you will be a better player. Wherever possible I try to give you real world examples of the concepts I am discussing. Theory without applications is useless, and I recognize that my readers

need more than just theory to help them improve. Included in *Exploitive No Limit Holdem* is an extensive discussion of how to improve your red line, the mental game, math, expected value, game theory, and risk management. Very little in poker is “solved” and that makes teaching the game challenging. *Exploitive No Limit Holdem* focuses not only on how to fix leaks in your game and attack opponents’ weaknesses, but also on how you can keep growing as a player after reading this book. *Exploitive No Limit Holdem* can help you deepen your understanding of No Limit Holdem, which will enable you to adapt and stay profitable in a dynamic and rapidly changing industry like poker.

Positively Fifth Street James McManus, 2007-04-01

Rough sex, black magic, murder, and the science-and eros-of gambling meet in the ultimate book about Las Vegas. James McManus was sent to Las Vegas by Harper's to cover the World Series of Poker in 2000, especially the mushrooming progress of women in the \$23 million event, and the murder of Ted Binion, the tournament's prodigal host, purportedly done in by a stripper and her boyfriend with a technique so outré it took a Manhattan pathologist to identify it. Whether a jury would convict the attractive young couple was another story altogether. McManus risks his entire Harper's advance in a long-shot attempt to play in the tournament himself. Only with actual table experience, he tells his skeptical wife, can he capture the hair-raising brand of poker that determines the world champion. The heart of the book is his deliciously suspenseful account of the tournament itself-the players, the hand-to-hand combat, and his own unlikely progress in it. Written in the tradition of *The Gambler* and *The Biggest Game in Town*, *Positively Fifth Street* is a high-stakes adventure, a penetrating study of America's card game, and a terrifying but often hilarious account of one man's effort to understand what Edward O. Wilson has called Pleistocene exigencies-the eros and logistics of our primary competitive instincts.

From a Sheep to a Cobra Danny the Cobra, 2015-05-22 I started playing Texas Holdem seven years ago. I have played in a home game with friends as well as in Casino Poker rooms around the world. I quickly found that the live Poker games are more interesting to me as I enjoy seeing the faces of my opponents. I also found that my style is much more suited for cash games and not so much for tournaments. I therefore concentrate on live cash games and this book is directed at this type of game only. I have taken Poker seriously and spent many hours learning the game and reading professional literature. Even so, and in spite of the fact that I see myself as an educated and intelligent person (have been practicing law for years as an independent lawyer in the business sector), I have lost regularly for at least three years! Luckily, I was playing low stakes Poker for fun (not professionally), but losing regularly is annoying regardless of the stakes! I decided to invest more time to study and think about the game more in order to develop a few ground rules which I will be able to implement. I did this by learning from my experience as well as by having many discussions and analyzing many hands with good and experienced players. I am happy to report that in the last four years I have proven to be a very profitable and successful player! I have decided to share my insights with the tens of millions of amateur Poker players out there in the world with the hope that they will find them as useful as I did and help them become profitable Poker players!

New Age High Stakes No Limit Hold'em Secrets For Consistent Profits Peter Zhang, 2015-12-28 Visit SafeGlobalPoker.com To Play honest fair poker online with low rake. The idea of this book is to convey to you a complete system to take down the high stakes No Limit Hold'em tables for consistent profits. Before I begin on this journey with you I will ask you to forget everything you know about this game. I know it will be hard to do, because you will probably have played hundreds of thousands to millions of poker hands. I believe you yourself have noted that even after knowing everything what poker books have taught you and even after applying GTO strategies you are not getting the profits you deserve. As I mentioned consistency is extremely important in this trade, you don't want to have streaks of winnings in which you go over the high tide, but then suffer losing downswings which last long.

I will also explain why downswings are so bad and what can you do to stop these downswings. When I thought I had become perfect in live play, in GTO, I straight away went to Macau to play the 25/50 stakes but I came back broken by sick bad beats and downswing that wouldn't stop. It made my resolve stronger to develop a system that will allow me to consistently beat the game. To do so I had to throw out of my brain everything that I had learnt till that point of time. I perfected this system out of unique innovative ideas that allowed me to make a killing at the 25/50 games and grow my bankroll to enable me to take shots at the higher stakes. This information is not available in any existing book and is not a copy paste job from any other book. This is written by a serious poker professional for other serious poker professionals for whom every buy-in and every win is extremely serious to the point of it being the bread and butter. I don't think that I will raise much competition in my games by sharing this information because I believe that for it to be the case hundreds of thousands of players will need to buy this book but that will already make me a millionaire. So I think I can sell this material at a high price and expect to not lose a penny worth of my knowledge. All the strategies are for 5/10 No Limit Hold'em and above stakes and 25/50 stakes which will allow a live professional to make a comfortable living playing only poker. If it is your dream to make a living being a live poker professional and just play poker then this is the book for you. I will cover everything that I know that will enable you to crush the stakes, survive as a live poker professional in this age of poker in which it is not uncommon to see at the table online phenomenon and crazy maniacs who like to push all in without seeing their cards. This book promises you to deliver all the secrets that a live poker professional needs to grind the 5/10 stakes and above to make a comfortable

living. I have been a member of the twoplustwo forums and I believe the information that I will convey to you will be up-to date as I will inherit the ideas of several professionals based in Las Vegas who have survived for years like DGIHARRIS of the twoplustwo forums and several others notable personalities like BOBAFETT, WCGRIDER and several others. I believe that the information that I will provide also inculcates and inherits from all the poker knowledge out there at various sites like DeucesCracked, TPE, CardRunners, Ivey League, RunItOnce, The Poker Bank Articles, Pocket Fives Articles, most modern poker literature including Professional No Limit Hold'em. Apart from inculcating ideas from several notable poker personalities like Annie Duke, Viktor Blom, Annette Obrestad, Stu Ungar, Doyle Brunson, Scotty Ngyuen, Daniel Negreanu, Daniel Colman and much more. Still I will be presenting the ideas for a live poker professionals who is just going to start or is already in the live poker rooms looking to heighten and sky rocket his profits on a consistent basis. Don't wait and discard the knowledge that can win you big long term. Learn from the player who has been there and done that, and focus on winning not mistaking! Treat Your Poker Like a Business , 2009-12 Poker star Dusty Schmidt presents his first book [→ one that stands to shake up poker in the same way Moneyball did for baseball. Schmidt offers an inspiring look at how in just five years, he went from not knowing a thing about poker to netting a

seven-figure annual income. Far from a mathematical or technological genius, Schmidt says what guides him through is a fundamental understanding of business. *Treat Your Poker Like A Business* provides a foundation upon which all poker will be evaluated in the future, and will help an entire generation of poker players evolve their games into empires. A consummate grinder, Dusty Schmidt has played nearly 7 million hands of online poker over more than 10,000 hours during his five-year career. He's won over \$3 million during that period, and has never experienced a losing month. In 2007, he achieved Poker Stars' SuperNova Elite status in just eight months while playing high-stakes cash games exclusively. Schmidt posted the world's highest win rate in both 5/10 NL and 10/20 NL in both 2007 and 2008. In a four-month period between Nov. 2007 and Feb. 2008, Schmidt won in excess of \$600,000 in high-stakes cash games. He is now a highly respected instructor at Stoxpoker.com, and plays as high as 25/50 NL. As a young man, Schmidt was a top-ranked golfer. He broke two of Tiger Woods' junior records, and was the leading money winner on the Golden States Tour when, at age 23, he suffered a career-ending heart attack. Schmidt returned to golf in 2009, winning medalist honors in qualifying for the Oregon Amateur Championship. Later that year, Schmidt famously represented himself in federal court in his suit against the United States Golf Association, which controversially stripped him of his amateur status, in part due to his poker profession. Schmidt is now a volunteer assistant coach for the University of Oregon's men's golf team, working under his good friend, Head Coach Casey Martin. Schmidt is also a successful entrepreneur. He is part-owner of Stoxpoker.com and Imagine Media, and the creator of 10thGreen.com, the first social network for golfers. His story has been featured in *Sports Illustrated*,

Card Player, Poker News, Golf Magazine, Fairways and Greens, Golf Week, Golf World and the Portland Oregonian, as well as on ESPN, cnn.com, wallstreetjournal.com, forbes.com, fortune.com, espn.com, golfdigest.com and golf.com, among many others. He recently founded the House of Cards Project, a philanthropic effort to provide food and shelter to disadvantaged families. His life story will be told in the book [→Raise: The Impossibly True Tale of Dusty Schmidt, [→? to be released later in 2010. He lives in Portland, Ore., with his wife, Nicole, and daughter, Lennon.

Harrington on Cash Games: Volume II Dan Harrington, Bill Robertie, 2008 The first years of the poker boom were fueled by the interest in no-limit hold'em tournaments. Recently, however, players have been gravitating to another, even more complex form of hold'em - no-limit cash games. *Harrington on Cash Games: Volume II*, continues where *Volume I* left off. In sections on turn and river play, Harrington explains why these are the most important streets in no-limit hold'em, and shows how to decide when to bet or check, when to call or fold, and when to commit all your chips. In later sections, Harrington shows how to play a looser and more aggressive style, how to

make the transition from online to live games, and how to extract the maximum profit from very low-stakes games. Volume II concludes with an interview with Bobby Hoff, considered by many the best no-limit cash game player of all times, who shares some of his secrets and insight. Dan Harrington won the gold bracelet and the World Champion title at the \$10,000 buy-in No-Limit Holdem Championship at the 1995 World Series of Poker. And he was the only player to make the final table in 2003 (field of 839) and 2004 (field of 2,576) - considered by cognoscenti to be the greatest accomplishment in WSOP history. In Harrington on Cash Games, Harrington and two-time World Backgammon Champion Bill Robertie have written the definitive books on no-limit cash games. These poker books will teach you what you need to know to be a winner in the cash game world.
