The Ethics of Psychoanalysis 1959-1960 Jacques Lacan,2013-11-19 In his famous seminar on ethics, Jacques Lacan uses this question as his departure point for a re-examination of Freud's work and the experience of psychoanalysis in relation to ethics. Delving into the psychoanalyst's inevitable involvement with ethical questions, Lacan clarifies many of his key concepts. During the seminar he discusses the problem of sublimation, the paradox of jouissance, the essence of tragedy, and the tragic dimension of analytical experience. One of the most influential French intellectuals of this century, Lacan is seen here at the height of his powers.

Chains Laurie Halse Anderson,2010-01-05 If an entire nation could seek its freedom, why not a girl? As the Revolutionary War begins, thirteen-year-old Isabel wages her own fight...for freedom. Promised freedom upon the death of their owner, she and her sister, Ruth, in a cruel twist of fate become the property of a malicious New York City couple, the Locktons, who have no sympathy for the American Revolution and even less for Ruth and Isabel. When Isabel meets Curzon, a slave with ties to the Patriots, he encourages her to spy on her owners, who know details of British plans for invasion. She is reluctant at first, but when the unthinkable happens to Ruth, Isabel realizes her loyalty is available to the bidder who can provide her with freedom. From acclaimed author Laurie Halse Anderson comes this compelling, impeccably researched novel that shows the lengths we can go to cast off our chains, both physical and spiritual.

NICKED! Brian Scovell,2022-12-01 This light-hearted book is not wholly about the perils of trying to park but it has a strong theme about cricket and football, and it is also a memoir as a veteran sports writer for the Daily Mail. I write about 350 or more personalities I've interviewed or known about. My hero was Denis Compton. I used to listen to a portable radio in hospital aged 11 about his dynamic batting after WW2. Another hero was the great all-round cricketer, Lord Learie Constantine, whom I wrote his articles in the Daily Sketch. He was the first Afro-Caribbean to be a Lord and as a barrister he broke the colour bar in the High Court when he won damages of five guineas, also gave advice for the Race Relations Acts. No-one has done more for diversity than this remarkable, lovable man - and today's generation haven't heard of him, sadly. We are campaigning for a statue of him in the Parliament Estate to add to the three black statues there compared to nearly 300 white statues in the borough of Westminster.

Plastic Susan Freinkel,2011-04-18 “This eloquent, elegant book thoughtfully plumbs the . . . consequences of our dependence on plastics” (The Boston Globe, A Best Nonfiction Book of 2011). From pacemakers to disposable bags, plastic built the modern world. But a century into our love affair, we’re starting to realize it’s not such a healthy relationship. As journalist Susan Freinkel points out in this eye-opening book, we’re at a crisis point. Plastics draw on dwindling fossil fuels, leach harmful chemicals, litter landscapes, and destroy marine life. We’re drowning in the stuff, and we need to start making some hard choices. Freinkel tells her story through eight familiar plastic objects: a comb, a chair, a Frisbee, an IV bag, a disposable lighter, a grocery bag, a soda bottle, and a credit card. With a blend of lively anecdotes and analysis, she sifts through scientific studies and economic data, reporting from China and across the United States to assess the real impact of plastic on our lives. Her conclusion is severe, but not without hope. Plastic points the way toward a new creative partnership with the material we love, hate, and can’t seem to live without. “When you write about something so ubiquitous as plastic, you must be prepared to write in several modes, and Freinkel rises to this task. . . . She manages to render the most dull chemical reaction into vigorous, breathless sentences.” —SF Gate “Freinkel’s smart, well-written analysis of this love-hate relationship is likely to make plastic lovers take pause, plastic haters reluctantly realize its value, and all of us understand the importance of individual action, political will, and technological innovation in weaning us off our addiction to synthetics.” —Publishers Weekly “A compulsively interesting story. Buy it (with cash).” —Bill McKibben, author of The End of Nature “What a great read—rigorous, smart, inspiring, and as seductive as plastic itself.” —Karim Rashid, designer

The Middleman Bharati Mukherjee,2007-12-01 A National Book Critics Circle Award winner and New York Times Notable Book: “intelligent, versatile . . . profound” stories of migration in America (The Washington Post Book World). Illuminating a new world of people in migration that has transformed the essence of America, these collected stories are a dazzling display of the vision of this critically-acclaimed contemporary writer. An aristocratic Filipina negotiates a new life for herself with an Atlanta investment banker. A Vietnam vet returns to Florida, a place now more foreign than the Asia of his war experience. An Indian widow tries to explain her culture’s traditions of grieving to her well-intentioned friends. And in the title story, an Iraqi Jew whose travels have ended in Queens suddenly finds himself an unwitting guerrilla in a South American jungle. Passionate, comic, violent, and tender, these stories draw us into a cultural fusion in the midst of its birth pangs, expressing a “consummated romance with the American language” (The New York Times Book Review).

Dirty Bertie: An English King Made in France Stephen Clarke,2014-05-22 The entertaining biography of Edward VII and his playboy lifestyle, by Stephen Clarke, author of 1000 Years of Annoying the French and A

Year in the Merde. Despite fierce opposition from his mother, Queen Victoria, Edward VII was always passionately in love with France. He had affairs with the most famous Parisian actresses, courtesans and can-can dancers. He spoke French more elegantly than English. He was the first ever guest to climb the Eiffel Tower with Gustave Eiffel, in defiance of an official English ban on his visit. He turned his French seduction skills into the diplomatic prowess that sealed the Entente Cordiale. A quintessentially English king? Pas du tout! Stephen Clarke argues that as 'Dirty Bertie', Edward learned all the essentials in life from the French.
