

1599 James S. Shapiro, 2005 How did Shakespeare go from being a talented poet and playwright to become one of the greatest writers who ever lived? In this one exhilarating year we follow what he reads and writes, what he saw and who he worked with as he invests in the new Globe theatre and creates four of his most famous plays - Henry V, Julius Caesar, As You Like It, and, most remarkably, Hamlet. This book brings the news, intrigue and flavour of the times together with wonderful detail about how Shakespeare worked as an actor, businessman and playwright, to create an exceptionally immediate and gripping account of an inspiring moment in history.

**A Year in the Life of William Shakespeare** James Shapiro, 2009-10-13 What accounts for Shakespeare's transformation from talented poet and playwright to one of the greatest writers who ever lived? In this gripping account, James Shapiro sets out to answer this question, succeed[ing] where others have fallen short. (Boston Globe) 1599 was an epochal year for Shakespeare and England. During that year, Shakespeare wrote four of his most famous plays: Henry the Fifth, Julius Caesar, As You Like It, and, most remarkably, Hamlet; Elizabethans sent off an army to crush an Irish rebellion, weathered an Armada threat from Spain, gambled on a fledgling East India Company, and waited to see who would succeed their aging and childless queen. James Shapiro illuminates both Shakespeare's staggering achievement and what Elizabethans experienced in the course of 1599, bringing together the news and the intrigue of the times with a wonderful evocation of how Shakespeare worked as an actor, businessman, and playwright. The result is an exceptionally immediate and gripping account of an inspiring moment in history.

*Shakespeare's Mystery Play* Stephen T. Sohmer, 1999 Through considerable detective work, this work sets out to show that Julius Caesar was the first play performed at the new Globe Theatre on 12 June 1599. Drawing on many areas of expertise, which are rarely allied in Shakespeare scholarship to such an extent, including biblical, liturgical, social and theatrical history, the author sheds new light not only on Julius Caesar but on a variety of accepted beliefs. These include: why Hamlet was not crowned king when his father died; why Brutus would not swear to murder Caesar; why the Elizabethan authorities retained the Julian calendar; and why the orthodox dates of the first composition of both Twelfth Night and Hamlet can be called into question.

*Franciscan Spirituality and Mission in New Spain, 1524-1599* Steven E. Turley, 2016-04-15 Franciscans in sixteenth-century New Spain were deeply ambivalent about their mission work. Fray Juan de Zumárraga, the first archbishop of Mexico, begged the king to find someone else to do his job so that he could go home. Fray Juan de Ribas, one of the original twelve 'apostles of Mexico' and a founding pillar of the church in New Spain, later fled with eleven other friars into the wilderness to escape the demands of building that church. Fray Jerónimo de Mendieta, having returned from an important preaching tour in New Spain, wrote to his superior that he did not want to enlist again, and that the only way he would return to the mission field was if God dragged him by the hair. This discontent was widespread, grew stronger with time, and carried important consequences for the friars' interactions with indigenous peoples, their Catholic co-laborers, and colonial society at large. This book examines that discontent and seeks to explain why the exhilaration of joining such a 'glorious' enterprise so often gave way to grinding discontent. The core argument is that, despite St. Francis's own longing to do mission work, his followers in New Spain found that effective evangelization in a frontier context was fundamentally incompatible with their core spirituality. Bringing together two streams of historiography that have rarely overlapped - spirituality and missions - this book marks a strong contribution to the history of spirituality in both Latin America and Europe, as well as to the growing fields of transatlantic and world history.
