'A Swift and Deadly Maelstrom: The Great Norwich Flood of 1963, A Survivors Story Thomas Moody, Jr.,2013 A Swift and Deadly Maelstrom The Great Norwich Flood of 1963 A Survivor's Story by Thomas R. Moody Jr. The winter of 1962-63 in Norwich Connecticut had been unbearable. Snow, ice and sub-freezing temperatures added to an already gloomy and drawn out New England winter, one which had seen its onset begin virtually at the end of the summer of 1962. Spaulding Pond in Mohegan Park, a large wooded enclave in the northern section of town, was abundantly full again this Wednesday, March 6th. So full in fact that it once again posed a challenge to the 110 year old dam by which it was held in place and where a small leak, another in an ever growing line of recent seepages', was now discovered this afternoon by park workers and reported up to the Public Works Director, himself a witness to these myriad other leaks, and who would summarily dismiss it this day as understood leakage. And so it was on this Wednesday March 6th, 1963 that Norwich Public Works foreman Monroe Cilley first noticed leakage coming from the southeast side of the dam. After a day of digging ditches in and around the park and checking catch basins throughout the area, Cilley, along with fellow employee Clarence Vantour, returned to the dam at around 4:00 p.m. to check the spillway for trees, debris or other obstructions following the day's saturating rains. In the immediate downstream area of the dam, there was a small, gravel based, square duck pond which now, upon closer observation was also immensely flooded over. The two men initially attributed this to the recent torrential rains as indeed it was sprinkling even now, but observing the dam up close, Cilley now noticed that water was clearly trickling through it on the eastern end at a point above the southern retaining wall and down the south face and into the small pond. Somewhat alarmed, he now suggested that he and Vantour get out of their truck and perform an inspection at closer range. This time, unfortunately, this minor leakage' episode would be different. A Swift and Deadly Maelstrom' is the true, fully documented story of a horrible tragedy borne out of ignorance and complacency. As he (Norwich Public Works Director Harold Walz) entered the park on Mohegan Park Rd., driving past the skating pond and travelling north to the immediate east of the dam, he suddenly heard a sound that gave him pause. Slowing his car and opening his window, he heard the unmistakable and unnerving sound of rushing water. Clearly concerned, he quickly maneuvered his headlights onto the south face of the dam and there he now saw water gushing out of a fist sized hole above the base rock wall. This breach was in a different location from where he'd observed the earlier seepage; it was lower and more easterly and thus presented a whole new and dangerous development in the dam's integrity. Instantly understanding that he had a catastrophic problem on his hands, one with enormous consequences, Walz, again in his personal car and with no radio, raced into action, turning his car around and dashing down to the Public Works garage on Brook St. Arriving there, he rushed in and spoke with night foreman Angelo Yeitz, immediately ordering him to send a worker back up to the dam. I just came down from the dam and we might lose it. he exclaimed. It is also the story, alternately, of life saving heroics, of the efforts of two young men, suddenly trapped in the ensuing floodwaters, to rescue three very young children, those that would tragically lose their mother in this disaster. With a manic survival instinct now taking hold, the adults, while struggling, managed to somehow re-orient themselves while upside down. The doors to the car had sprung open in the crash and while the onrushing flow cascaded through the overturned car, Ronnie, Honey and Tony all managed to locate the children and physically grasp them before the unthinkable could occur. Noticing their proximity to the, for now, dr

The Shaping Forces in Music Ernst Toch,1977-01-01 A masterful and original classical composer as well as a renowned composer of film scores, Ernst Toch (1887 1964) made a permanent contribution to music in this important and widely praised book. Based on a series of lectures given at Harvard in 1944 and first published in 1948, this book is a brilliant examination of the materials and concepts that are the basic building blocks of music harmony, melody, counterpoint, and form. An admirable reconciliation of traditional and modern (mainly 12-tone) trends in composition, this book shows all types of writing must respond to psychological wants of the listener and how similar goals may be achieved in seemingly opposed styles. Illustrating his discussion with 390 musical examples, Toch not only introduces new ideas and approaches, but examines many age-old problems with clarity and precision consonance and dissonance, form versus number, and more. His analysis of the expanding harmonic universe, the wave line of melody, and the formative influence of movement are particularly penetrating. New to this edition are a biological introduction by Toch's grandson, Lawrence Weschler; a previously unpublished letter from Thomas Mann to Toch about this book (in English translation); and a complete checklist of Toch's compositions. Intended for all those who have a minimum understanding of musical notation and theory, this book will appeal to music lovers, practical musicians and amateurs, and incipient composers.

Vidal Vidal Sassoon,2010-09-03 Vidal Sassoon's extraordinary life has taken him from an impoverished East End childhood to global fame. The father of modern hairdressing, his slick sharp cutting took the fashion world by storm and reinvented the hairdressers' art. Before Vidal Sassoon, a trip to the hairdressers meant a shampoo and set or a stiffly lacquered up-do that would last a week - or more. After Vidal Sassoon, hair was sleek, smooth and very, very stylish. Along with his lifelong friend and partner in style, Mary Quant, who he first met in 1957 and who to this day sports a Sassoon-style geometric bob, he styled the 1960s. As memorable as the mini - be it car or skirt - he is one of the few people who can genuinely be described as iconic. His memoirs are as rich in anecdote as one might hope and full of surprising and often moving stories of his early life - his time at the Spanish & Portuguese Jewish Orphanage in Maida Vale, fighting Fascists in London's East End and fighting in the army of the fledgling state of Israel in the late Forties. And then there's the extraordinary career, during which he cut the hair of everyone who was anyone, launched salons all over the world, founded the hairdressing school that still bears his name and became a global brand, with Vidal Sassoon products on all our bathroom shelves.

Making Music in Selznick's Hollywood Nathan Platte,2017-10-13 Through the rise and fall of the Hollywood studio system, David O. Selznick reigned as Hollywood's preeminent producer. His reputation depended in large part on music. The orchestral cacophony of King Kong, the pulsing electronic sonorities of Spellbound, and the Tara theme from Gone with the Wind made music a distinguishing feature of the Selznick experience. By flaunting music's role in film and overseeing its distribution through sheet music, concerts, radio broadcasts, and soundtrack albums, Selznick cultivated a fascination with film scores. But he did not do it alone. In Making Music in Selznick's Hollywood, Nathan Platte brings to light the men and women whose work sounds throughout Selznick's many films. The cast includes familiar composers like Max Steiner, Franz Waxman, and Dimitri Tiomkin, but extends to overlooked contributors, including music editor Audray Granville, orchestrator Hugo Friedhofer, harpist Louise Klos, choral director Jester Hairston, publicist Ted Wick, and many others. Novelists, studio writers, and directors like Alfred Hitchcock also influenced the soundscapes of Selznick's films. Whether working with the producer directly or managing his presence from a distance, all had to reckon with Selznick's musical preoccupations. Rarely was it easy. Rewritten scores, fired personnel, and other skirmishes reflect the troubles-and uneven compromises-that shaped music for films like Gone with the Wind, Duel in the Sun, and Rebecca. Even Selznick anticipated that such problems would go down in the history of Hollywood as the last wild fling of people who really fiddled-and how!-while Hollywood burned. Drawing on extensive archival research, Platte recounts those stories here, tracing Selznick's musical labors during the silent era through his work at the major studios and his culminating efforts at Selznick International Pictures. Taken together, Selznick's films provide a sweeping vista of the relationships among musicians and filmmakers that defined the Hollywood sound.

House of Leaves Mark Z. Danielewski,2000-03-07 "A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available

in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

Win Forever Pete Carroll,Yogi Roth,Kristoffer A. Garin,2011-08-02 I know that I'll be evaluated in Seattle with wins and losses, as that is the nature of my profession for the last thirty-five years. But our record will not be what motivates me. Years ago I was asked, 'Pete, which is better: winning or competing?' My response was instantaneous: 'Competing. . . because it lasts longer.' Pete Carroll is one of the most successful coaches in football today. As the head coach at USC, he brought the Trojans back to national prominence, amassing a 97-19 record over nine seasons. Now he shares the championship-winning philosophy that led USC to seven straight Pac-10 titles. This same mind-set and culture will shape his program as he returns to the NFL to coach the Seattle Seahawks. Carroll developed his unique coaching style by trial and error over his career. He learned that you get better results by teaching instead of screaming, and by helping players grow as people, not just on the field. He learned that an upbeat, energetic atmosphere in the locker room can coexist with an unstoppable competitive drive. He learned why you should stop worrying about your opponents, why you should always act as if the whole world is watching, and many other contrarian insights. Carroll shows us how the Win Forever philosophy really works, both in NCAA Division I competition and in the NFL. He reveals how his recruiting strategies, training routines, and game-day rituals preserve a team's culture year after year, during championship seasons and disappointing seasons alike. Win Forever is about more than winning football games; it's about maximizing your potential in every aspect of your life. Carroll has taught business leaders facing tough challenges. He has helped troubled kids on the streets of Los Angeles through his foundation A Better LA. His words are true in any situation: If you want to win forever, always compete.

Dante on View Antonella Braida,Luisa Calè,2017-05-15 Dante on View opens an important new dimension in Dante studies: for the first time a collection of essays analyses the presence of the Italian Medieval poet Dante Alighieri in the visual and performing arts from the Middle Ages to the

present day. The essays in this volume explore the image of Dante emerging in medieval illuminated manuscripts and later ideological and nostalgic uses of the poet. The volume also demonstrates the rich diversity of projects inspired by the *Commedia* both as an overall polysemic structure and as a repository of scenes, which generate a repertoire for painters, actors and film-makers. In its original multimediality, Dante's *Commedia* stimulates the performance of readers and artists working in different media from manuscript to stage, from ballet to hyperinstruments, from film to television. Through such a variety of media, the reception of Dante in the visual and performing arts enriches our understanding of the poet and of the arts represented at key moments of formal and structural change in the European cultural world.

It Doesn't Suck Adam Nayman, 2018 What's celebrated as the worst movie ever, film writer Adam Nayman explores the 1995 Paul Verhoeven film that won the Razzie and perhaps ended its star's career. He argues that *Showgirls* is not so bad it's good, it's so good it's mistaken for bad.

Italian Gothic Horror Films, 1957–1969 Roberto Curti, 2015-05-08 The “Gothic” style was a key trend in Italian cinema of the 1950s and 1960s because of its peculiar, often strikingly original approach to the horror genre. These films portrayed Gothic staples in a stylish and idiosyncratic way, and took a daring approach to the supernatural and to eroticism, with the presence of menacing yet seductive female witches, vampires and ghosts. Thanks to such filmmakers as Mario Bava (*Black Sunday*), Riccardo Freda (*The Horrible Dr. Hichcock*), and Antonio Margheriti (*Castle of Blood*), as well the iconic presence of actress Barbara Steele, Italian Gothic horror went overseas and reached cult status. The book examines the Italian Gothic horror of the period, with an abundance of previously unpublished production information drawn from official papers and original scripts. Entries include a complete cast and crew list, home video releases, plot summary and the author's analysis. Excerpts from interviews with filmmakers, scriptwriters and actors are included. The foreword is by film director and scriptwriter Ernesto Gastaldi.
