Special Tests in Musculoskeletal Examination E-Book Paul Hattam, Alison Smeatham, 2010-04-30 The proliferation of special tests used in musculoskeletal examination has left the clinician with a vast array of physical tests at their disposal. Special Tests in Musculoskeletal Examination is a handy one-stop guide with over 150 peripheral tests. The clinical context and evidence base is thoroughly explored and the addition of clinical tips and expert opinion will enable the clinician to select the most appropriate tests and interpret the results meaningfully. Step-by-step description for each test Clear photographic illustrations 'At a glance' presentation of the background evidence Detailed clinical context Comprehensive referencing of orthopaedic special tests Clinical tips

Building Access Aimi Hamraie, 2017-11-01 “All too often,” wrote disabled architect Ronald Mace, “designers don’t take the needs of disabled and elderly people into account.” Building Access investigates twentieth-century strategies for designing the world with disability in mind. Commonly understood in terms of curb cuts, automatic doors, Braille signs, and flexible kitchens, Universal Design purported to create a built environment for everyone, not only the average citizen. But who counts as “everyone,” Aimi Hamraie asks, and how can designers know? Blending technoscience studies and design history with critical disability, race, and feminist theories, Building Access interrogates the historical, cultural, and theoretical contexts for these questions, offering a groundbreaking critical history of Universal Design. Hamraie reveals that the twentieth-century shift from “design for the average” to “design for all” took place through liberal political, economic, and scientific structures concerned with defining the disabled user and designing in its name. Tracing the co-evolution of accessible design for disabled veterans, a radical disability maker movement, disability rights law, and strategies for diversifying the architecture profession, Hamraie shows that Universal Design was not just an approach to creating new products or spaces, but also a sustained, understated activist movement challenging dominant understandings of disability in architecture, medicine, and society. Illustrated with a wealth of rare archival materials, Building Access brings together scientific, social, and political histories in what is not only the pioneering critical account of Universal Design but also a deep engagement with the politics of knowing, making, and belonging in twentieth-century United States.

My Bloody Valentine's Loveless Mike McGonigal, 2007-01-10 Loveless remains an enigma, 15 years after its release - an album so influential and groundbreaking that its chief creator, Kevin Shields, has been unable or unwilling to release an official follow-up. In his book, Mike McGonigal talks to all the members of My Bloody Valentine, in an almost certainly futile attempt to get at the essence of this extraordinary record.

Orthopedic Physical Assessment David J. Magee, BPT, PhD, CM, 2013-12-04 Newly updated, this full-color text offers a rich array of features to help you develop your musculoskeletal assessment skills. Orthopedic Physical Assessment, 6th Edition provides rationales for various aspects of assessment and covers every joint of the body, as well as specific topics including principles of assessment, gait, posture, the head and face, the amputee, primary care, and emergency sports assessment. Artwork and photos with detailed descriptions of assessments clearly demonstrate assessment methods, tests, and causes of pathology. The text also comes with an array of online learning tools, including video clips demonstrating assessment tests, assessment forms, and more. Thorough, evidence-based review of orthopedic physical assessment covers everything from basic science through clinical applications and special tests. 2,400 illustrations include full-color clinical photographs and drawings as well as radiographs, depicting key concepts along with assessment techniques and special tests. The use of icons to show the clinical utility of special tests supplemented by evidence - based reliability & validity tables for tests & techniques on the Evolve site The latest research and most current practices keep you up to date on accepted practices. Evidence-based reliability and validity tables for tests and techniques on the EVOLVE site provide information on the diagnostic strength of each test and help you in selecting proven assessment tests. A Summary (Précis) of Assessment at the end of each chapter serves as a quick review of assessment steps for the structure or joint being assessed. Quick-reference data includes hundreds of at-a-glance summary boxes, red-flag and yellow-flag boxes, differential diagnosis tables, muscle and nerve tables, and classification, normal values, and grading tables. Case studies use real-world scenarios to help you develop assessment and diagnostic skills. Combined with other books in the Musculoskeletal Rehabilitation series - Pathology and Intervention, Scientific Foundations and Principles of Practice, and Athletic and Sport Issues - this book provides the clinician with the knowledge and background necessary to assess and treat musculoskeletal conditions. NEW! Online resources include video clips, assessment forms, text references with links to MEDLINE® abstracts, and more. NEW! Video clips demonstrate selected movements and the performance of tests used in musculoskeletal assessment. NEW! Text references linked to MEDLINE abstracts provide easy access to abstracts of journal articles for further review. NEW! Forms from the text with printable patient assessment forms can be downloaded for ease of use. NEW! Updated information in all chapters includes new photos, line drawings, boxes, and tables. NEW! The use of icons to show the clinical utility of special tests supplemented by evidence - based reliability & validity tables for tests & techniques on the Evolve site.

The Waiting Room Lisa Loomer, 1998 THE STORY: A dark comedy about the timeless quest for beauty--and its cost. Three women from different centuries meet in a modern doctor's waiting room. Forgiveness From Heaven is an eighteenth-century Chinese woman whose bound feet are causing her

Roe Lisa Loomer, 2019-11-05 Roe v. Wade, the landmark 1973 case that legalized abortion, is still fiercely debated over forty years later. In this incisive play, acclaimed writer Lisa Loomer cuts through the headlines and rhetoric to reveal the divergent personal journeys of lawyer Sarah Weddington and plaintiff Norma McCorvey (“Jane Roe”) in the years following the fateful decision. In turns shocking, humorous, and poignant, ROE reflects the polarization in America today while illuminating the heart and passion each side has for its cause.

Floret Farm's Discovering Dahlias Erin Benzakein, 2021-03-09 A stunning guide to growing, harvesting, and arranging gorgeous dahlia blooms from celebrated farmer-florist and New York Times bestselling author Erin Benzakein, founder of Floret Flower Farm. World-renowned flower farmer and floral designer Erin Benzakein reveals all the secrets to growing, cultivating, and arranging gorgeous dahlias. These coveted floral treasures come in a dazzling range of colors, sizes, and forms, with enough variety for virtually every garden space and personal preference, making them one of the most beloved flowers for arrangements. In these pages, readers will discover: • Expert advice for planting, harvesting, and arranging garden-fresh dahlias • A simple-to-follow overview of the dahlia classification system • An A–Z

guide with photos and descriptions of more than 350 varieties • Step-by-step how-to's for designing show-stopping dahlia bouquets that elevate any occasion Expert Author: Erin Benzakein's gorgeous flowers are celebrated throughout the world. Her book Floret Farm's A Year in Flowers was a New York Times bestseller and her first book, Floret Farm's Cut Flower Garden, won the American Horticultural Society Book Award. Filled with Wisdom: Overflowing with hundreds of lush photographs and invaluable advice, DISCOVERING DAHLIAS is an essential resource for gardeners and a must-have for anyone who loves flowers, including flower lovers, avid and novice gardeners, floral designers, florists, small farmers, stylists, and designers.

Rosenberg's Molecular and Genetic Basis of Neurological and Psychiatric Disease Roger N. Rosenberg,Juan M. Pascual,2020-06-24 Rosenberg's Molecular and Genetic Basis of Neurologic and Psychiatric Disease, Sixth Edition: Volume Two provides a comprehensive introduction and reference to the foundations and practical aspects relevant to the majority of neurologic and psychiatric disease. This updated volume focuses on degenerative disorders, movement disorders, neuro-oncology, neurocutaneous disorders, epilepsy, white matter diseases, neuropathies and neuronopathies, muscle and neuromuscular junction disorders, stroke, psychiatric disease, and a neurologic gene map. A favorite of over three generations of students, clinicians and scholars, this new edition retains and expands on the informative, concise and critical tone of the first edition. This is an essential reference for general medical practitioners, neurologists, psychiatrists, geneticists, related professionals, and for the neuroscience and neurology research community at large. The content covers all aspects essential to the practice of neurogenetics to inform clinical diagnosis, treatment and genetic counseling. Provides comprehensive coverage on the neurogenetic foundation of neurological and psychiatric disease Presents detailed coverage of genomics, animal models and diagnostic methods, with new coverage on evaluating patients with biochemical abnormalities or gene mutations Includes new chapters on the pharmacogenomics of epilepsy and the most recent updates in molecular genetics, focusing on neurodegenerative and psychiatric diseases

The Abuse of Power James Newton Poling,1991-12-01 Pastoral care instruction and observation from a therapist of survivors of sexual abuse. The Abuse of Power is 'must' reading for clergy and denominational officials.... Weaving case stories with theory, Poling demonstrates that sexual abuse of children is not a private matter, but very much a matter for society and church--a question of structure and ideology, not just of individual character. He is not afraid to tackle the tough question: Does the image of God sacrificing Jesus on the cross contribute to abusive parent-child relationships?...If pastors and church officials read this book the church will change. --Karen Lebacqz, Pacific School of Religion For the exploitation of women and children to stop, men must be willing to break ranks with all forms of privilege that sanction male dominance. James Poling does so by deconstructing his own sense of male entitlement, by refusing to distance himself from perpetrators, by allowing survivors of sexual and domestic violence to speak with their own voices, by giving us profound words of hope, and by articulating a powerfully healing theology wrought through the depths of his own struggle with one of the worst evils in our society. His courageous and compassionate work reveals the love and hope that is born of solidarity across the boundaries of gender, sexual orientation, race, and economics....The psychological, political, spiritual, and theological power of this book is such that all educators, ministers, therapists, and Christians must read it. --Rita Nakashima Brock, Hamline University Chapter titles are: 1. Hearing the Silenced Voices 2. Power and Abuse of Power 3. Karen: Survivor of Sexual Violence 4. Stories of Recovering Perpetrators 5. The Schreber Case: Methods of Analysis 6. The Search for Self 7. The Search for Community 8. The Search for God 9. Ministry Practice and Practical Theology

Mercer's Textbook of Orthopaedics and Trauma Tenth edition Suresh Sivananthan,Eugene Sherry,Patrick Warnke,Mark Miller,2012-02-24 Highly Commended, BMA Medical Book Awards 2013Orthopaedic problems account for over one-third of all medical and surgical problems. Mercer's Textbook of Orthopaedics and Trauma provides all the information required by the senior trainee or qualified specialist to improve understanding and management of any given condition or disease in this area.Si

Goddess as Nature Paul Reid-Bowen,2016-04-15 Goddess as Nature makes a significant contribution to elucidating the meaning of a female and feminist deity at the beginning of the twenty-first century. Bridging the gap between the emergent religious discourse of thealogy - discourse about the Goddess - and a range of analytical concerns in the philosophy of religion, the author argues that thealogy is not as incoherent as many of its critics claim. By developing a close reading of the reality-claims embedded within a range of thealogical texts, one can discern an ecological and pantheistic concept of deity and reality that is metaphysically novel and in need of constructive philosophical, thealogical and scholarly engagement. Philosophical thealogy is, in an age concerned with re-conceiving nature in terms of agency, chaos, complexity, ecological networks and organicism, both an active possibility and a remarkably valuable academic, feminist and religious endeavour.

Jurisdiction to Tax Corporate Income Pursuant to the Presumptive Benefit Principle Eva Escribano,2019-05-10 Jurisdiction to Tax Corporate Income Pursuant to the Presumptive Benefit Principle intends to demonstrate that the profit shifting phenomenon (i.e., the ability of companies to book their profits in jurisdictions other than those that host their economic activities) is real, severe, undesirable, and above all, the natural consequence of both the preservation of three fundamental paradigms that have historically underlain corporate income taxes and their precise legal configuration. In view of this, the book submits a number of proposals in relation to the aforementioned paradigms and in the light of the suggested "presumptive benefit principle" so as to counteract profit shifting risks and thus attain a more equitable allocation of taxing rights among States. This PhD thesis obtained the prestigious European Academic Tax Thesis Award 2018 granted by the European Commission and the European Association of Tax Law Professors. What's in this book: This book provides a disruptive discourse on tax sovereignty in the field of corporate income taxation that endeavors to escape from long-standing tax policy tendencies and prejudices while considering the challenges posed by a globalized (and increasingly digitalized) economy. In particular, the book offers an innovative perspective on certain deep-rooted paradigms historically underlying corporate income taxation: tax treatment of related parties within a corporate group along with the arm's-length standard; corporate tax residence standards; and definition of source for corporate income tax purposes, with a particular emphasis on the permanent establishment concept. The book explores their respective origins, supposed tax policy rationales, structural problems and interactions; ultimately showing how the way tax jurisdiction is currently defined through them inherently tends to trigger profit

shifting outcomes. In view of the conclusions of the study, the author suggests the use of a new version of the traditional benefit principle (the “presumptive benefit principle”) that would contribute to address the profit shifting phenomenon while serving as a practical guideline to achieve a more equitable allocation of taxing rights among jurisdictions. Finally, the book submits a number of proposals inspired by the aforementioned guideline that aspire to strike a balance between equity, effectiveness and technical feasibility. They include a new corporate tax residence test and, most notably, a proposal on a new remote-sales permanent establishment. How this will help you: With its case study (based on the Apple group) empirically demonstrating the existence of the profit shifting phenomenon, its clearly documented exposure of the reasons why traditional corporate income tax regimes systematically give rise to these outcomes, its new tax policy guideline and its proposals for reform, this book makes a significant contribution to current tax policy discussions concerning corporate income taxation in cross-border scenarios. It will be warmly welcomed by all concerned–policymakers, scholars, practitioners–with the greatest tax policy challenges that corporate income taxation is facing in the contemporary world.

Due Process of Law Rodney Loomer Mott,1926

Origin and Development of the Concept of Due Process of Law Rodney Loomer Mott,1926

Shooting from the East Darrell Varga,2015-11-01 Atlantic Canada has a rich tradition of storytelling and creativity that has extended to critical and audience praise for films from the region’s four provinces. Until now there has been no comprehensive history of this diverse body of work. In *Shooting from the East*, Darrell Varga traces the emergence of art cinema in the 1970s and ’80s, and subsequent rise of a contemporary commercial feature film and television industry by way of representative examples of a great range of titles, including *The Adventure of Faustus Bidgood*, *Life Classes*, *The Disappeared*, and *Trailer Park Boys*. He provides analysis of documentary filmmaking to emphasize concerns such as the establishment of the regional National Film Board studio and the influence of broadcast policy, but also considers significant recurring themes including the environment, the body, race and First Nations, and the North. Through critical analyses of key films and interviews conducted with filmmakers from all corners of the region, Varga uncovers patterns of meaning across diverse productions and interrogates the concept of region in relation to prevailing notions of national cinema and transnational media culture. With a focus on short films and an extensive history and analysis of the filmmaking production co-operatives located in each province, *Shooting from the East* sheds light on the creative processes and local economic and cultural conditions for making images on the edge of the Atlantic.
