Lost Road Courses Martin Rudow, 2016-07-15 Road racing has long-storied roots in North America that reach from coast to coast and to Canada. Some of the greatest drivers to ever compete raced wickedly fast machines, staged epic duels on winding strips of asphalt, and created history. This history left an enduring legacy that is revealed and celebrated in *Lost Road Courses*. Road racer and road racing expert Martin Rudow retraces road racing's glorious past and visits the defunct classic road courses across the United States and Canada. Many road courses were built in the 1950s and 1960s, the golden age of American road racing. These classic road courses built and hosted famous races for Trans-Am, Can-Am, IndyCar, Formula 1, and sports car racing, but did not survive the times. They fell victim to changing times, poor business decisions, urban sprawl, safety standards, and increasing real estate prices. Rudow recounts the breathtaking races and fascinating history of more than 16 tracks from around North America. Riverside International Raceway, Bridgehampton Race Circuit, Ontario Motor Speedway, Continental Divide Raceway, and many others were once major race venues that have since closed. The great race teams, legendary drivers, classic race series that visited the tracks, and cars that turned laps are brought into full focus. The exploits of Chaparral, McLaren, Bud Moore, Lotus, Penske, and other race teams as well as racing greats Mario Andretti, Parnelli Jones, Jim Hall, A. J. Foyt, Al Unser, Jim Clark, and Dan Gurney are covered. Rudow also digs

beneath the surface to reveal the story behind the story. The visionaries and businessmen who saw potential and risked capital to build these palaces of speed come back to life. He also recognizes the unsung heroes and regional racers who competed, staffed, and took on various roles at these tracks. In the pages of this book, a nostalgic tour of these famous races at these vintage road circuits unfolds. Many period photos illustrate the racing action and the tracks themselves in their former glory, and modern color shows the tracks as they currently stand. If you're a fan of classic sports car, Can-Am, Trans-Am, IndyCar, Formula 1, as well as classic and unique tracks of yesteryear, this book is a must-have.

The Cars of Trans-Am Racing: 1966-1972 David Tom, 2020-04-23 The legendary history of the pony car wars comes to life in this softcover edition of The Cars of Trans-Am Racing. The SCCA Trans-Am Racing Series launched in 1966 and was designed to showcase a new class of sporty domestic cars racing on road courses. Each major automotive manufacturer participated heavily in the Trans-Am Series, and in a few short years, it became the ultimate American automobile showdown. When the modified muscle cars of the series were seen performing well on the country's finest tracks, fans wanted a model of their own in the driveway. These pony cars boasted a new look and style not seen before, and their all-around performance eclipsed anything accomplished by production-based American GT cars up to that point. This softcover edition of The Cars of Trans-Am Racing is unique in that it focuses on the cars used in this legendary series. These vintage Mustangs, Camaros, Challengers, Barracudas, Firebirds, Cougars, and Javelins all are extremely popular with collectors and enthusiasts today. Seeing them in their "full-competition" versions when they were new will bring back many fond memories for those who were fans of this series. In addition, enthusiasts who enjoy these cars today look to the Trans-Am Series cars for styling inspiration and performance hints as part of the growing Pro Touring trend. Many of these historic cars have been restored to race-ready condition. Additional insight and interviews from the original builders and the teams that maintained the cars provide an

insider's viewpoint never before seen in print.

A History of the Falmouth Road Race: Running Cape Cod Paul C.

Clerici,2015-07-06 The seven-mile Falmouth Road Race catapulted Cape Cod onto the running radar. Frank Shorter winning gold in the 1972 Olympic marathon inspired local barkeep Tommy Leonard to start a race in his own town. That inaugural race in 1973 garnered fewer than one hundred runners. Participation soon swelled to the thousands, thanks to the success of organizers, volunteers, and talented fields, including running legends like Bill Rodgers and Catherine Ndereba, as well as wheelchair champions Bob Hall and Tatyana McFadden. Follow author Paul C. Clerici along every bend and uphill battle of the race's history from the early stages of the running boom to resetting the road-racing calendar.
