Win the Lottery with the Power of Your Subconscious - OZ LOTTO - AUSTRALIA - Jo Nouvell, 2013-04-17 How to achieve financial freedom and prosperity through the Pendelmethod(c) With step by step instructions and Pendulum boards for (LARGE PRINT) OZ LOTTO - AUSTRALIA - 7 of 45 Mega Millions - USA Powerball - USA Preamble Can you win at the lottery through intuition or through the secrets of your subconscious mind? To claim that there would be a formula, which could be used to predict the winning numbers would be untrustworthy. But with the help of your subconscious mind or your intuition, you can enormously increase the probability of winning. Most people know this kind of premonition on the metaphysical level from experience in various fields of life. Just recently it has been published in the daily newspaper (SZ on 09/26/12) over a 19-year old lottery player, who as third in his family won a million jackpot. 2 years ago his elder sister already won approximately e 1 million in the lottery, and 4 years ago, his father became the first winner of this series with about e 0.6 million. The interesting fact is that the family members had always won at the time, when the elder sister was pregnant or was about to give birth. Were these three coincidences in a 2 year cycle? Or were other forces playing here? Such strange cases of lottery winners are found again and again. In addition, these winners played mostly with just one combination row. THE ADVANTAGES OF THE PENDULUM METHOD: A) You can determine the Lottery numbers of the following drawings with the pendulum method: * OZ LOTTO - AUSTRALIA (7 of 45) * USA - Powerball * USA - MegaMillions B) You play with the least financial risk, because you only need combination row for each category Only with the help of your subconscious mind, there can be a high chance of winning and to this a combination row is completely enough. C) You will receive a detailed, step by step tutorial on how to use the pendulum method to determine the correct lottery numbers. D) The eBook contains pendulum boards, that are needed for swinging. These color graphics are for use in this book. With the help of your subconscious mind or your intuition, you can enormously increase the probability of winning. Most people know this kind of premonition on the metaphysical level from experience in various fields of life. THE SECRETS OF THE SUBCONSCIOUS MIND The subconscious mind shapes our connection to the inner world (metaphysical level). Through the subconscious, we are connected to the universal spirit and have a connection to the infinite constructive powers of the universe. The great secret of life is to coordinate these two centers of our being (physical and metaphysical level) and to understand their functions. Through this knowledge, we can consciously co-operate the objective and subjective mind with one another and thus coordinate the finite and the infinite. The pendulum method opens a small door to this knowledge. Our future is in our own hands. It is not at the mercy of a capricious and unstable external power. The pendulum method The pendulum method of course gives no guarantee for the accuracy of the numbers obtained, but through a lot of practice with the pendulum and the resulting increased sensitivity, predictive powers actually take effect, which can help to prosperity and wealth. The starting point of swinging is always a question about what a positive, negative or neutral response is sought. The pendulum can rotate left or right, or on a line swing back and forth. Which movement represents what response is defined individually. At the pendulum method, the pendulum should swing on a line back and forth. Swinging with the pendulum is a very old technique, the application can be traced back several centuries. In the course of time the applications have expanded, particularly by modern pendant research. So that in these day, the pendulum is used in medicine, in fields such as physics, geology, archeology, meteorology, agriculture, forestry, psychology, character customer, in areas

The first and biggest change to the Powerball Lottery is the introduction of the \$40 million base jackpot. Now, when the Powerball Lottery jackpot is reset after a win it will start at \$40 million, tempting even more players in for those early draws. Another promise, that is sure to be popular with lottery players, is the introduction of more prizes. From January, Powerball players will have even better odds of winning a prize worth at least \$1 million, and it's that fact that may soften the third and biggest ever change. From January 15, 2012, Powerball Lottery tickets are doubling in price, in what is the biggest change to the Powerball Lottery draw since its launch in 1994. Ways to win? There are nine ways to win Powerball. The jackpot prize is won by matching five white balls in any order, plus the one red Powerball number for a total of six balls played. However, there are eight additional ways to win by matching fewer numbers to the numbers drawn. When are tickets sold? All sales for Powerball stop at 9:59 p.m. on the drawing

The drawings are broadcast live Wednesdays!!!!/Tags: How to win Lotto power ball drawing How to win powerball powerball drawing time Mega Millions Cash 3, Pick 4 Lottery Numbers Lottery Book Searches related to how to win the lottery guaranteed mathematical formula to win lottery how to win pick 3 every time how to win scratch off lottery tickets free lottery systems that work highest probability lottery numbers how to pick powerball numbers how to pick lottery numbers how to win the powerball jackpot How to Play Beginning in October, 2015, Powerball(R) became an even larger combined large jackpot game and cash game. Every Wednesday and Saturday night at 10:59 p.m. Eastern Time, we draw five white balls out of a drum with 69 balls and one red ball out of a drum with 26 red balls. This change means bigger jackpots. It also means that your odds of winning some prize are improved. The jackpot - won by matching all five white balls in any order and the red Powerball - is either an annuitized prize paid out over 29 years (30 payments counting the first immediate payment) or a cash lump sum payment. If you choose the cash, then you get the cash, pay the tax, and can invest what is left over. If you choose the annuity, then we can invest the cash amount pre-tax, less an immediate first payment (more to invest means more earnings). With the annuity, you get an annual payment that is increased by 5% each year to keep up with the cost of living. The second prize - won by matching five white balls in any order - is \$1,000,000 paid in cash (no annuity option). You win by matching at least three white ball numbers. Any time you match the red Powerball, you win a prize. The overall odds of winning a prize in the game are approximately 1 in 25. Players win a prize by matching one of the 9 Ways to Win. Each ticket costs \$2. Draw sales cut off at least 59 minutes before the draw, but a state may cut off sales earlier. Check with your state lottery for your cut-off time.

For only the second time in its history, 999 Book of Numbers is releasing secret Members' Only Lottery Strategies that any Pick 3 Lottery Player can use to increase their odds of scoring a straight or box hit in the single-state, non-computerized lottery games! In Volume 1 of the 999 Players Club Series we introduced you to the M1G-GT9 strategy that gave you just 3 to 4 main combinations to play in the Pick 3 games based on your last lottery draw, while the GT9 Difference strategy in that Volume gave you just two main pairs to play. Both lottery strategies in Volume 1 were designed to help you predict your winner in 9 draws or less! In this, the second Volume of the Series, we give you lottery strategy #3 which we like to call the Polar-MPA Pair Stretch. This system reveals in step-by-step, easy to understand terms how you can predict upcoming lottery draws based on the last digit of your last lottery drawing! Strategy #4 in this Volume moves you up the scale a notch in your lottery game by helping you learn how to divide and conquer. You see, in the lottery game, it is helpful if you do not see every lottery combination as looking like every other combination. This strategy which we call the GT9 Zero Pair Predictor gives you trigger combinations to watch for in your drawings, then shows you how to determine which zero (0) pair is most likely to show as a result of that particular trigger. A side benefit of this strategy for some state players will be the bonus tip that SBIP999 reveals at the end which turns this strategy into a potent doubles identifier in your state games. And who wouldn't want to double the money with just one simple tweak. This tip alone--if your state takes a liking to it--is worth the cost of admission! With all the strategies in Volume 1 and Volume 2, you will discover just a few of the nine fundamental properties of numbers, and before long, be able to impress your friends with your vast lottery knowledge...and more importantly, your winnings! The strategies in this second Volume will put you way ahead of the pack as you start to play the Pick 3 game with more and more confidence, and more and more wins.
