*Art and Morality* José Luis Bermúdez, Sebastian Gardner, 2003-09-02 *Art and Morality* is a collection of groundbreaking new papers on the theme of aesthetics and ethics, and the link between the two subjects. A group of distinguished contributors tackle the important questions that arise when one thinks about the moral dimensions of art and the aesthetic dimension of moral life. The volume is a significant contribution to philosophical literature, opening up unexplored questions and shedding new light on more traditional debates in aesthetics. The topics explored include: the relation of aesthetic to ethical judgement; the relation of artistic experience to moral consciousness; the moral status of fiction; the concepts of sentimentality and decadence; the moral dimension of critical practice, pictorial art and music; the moral significance of tragedy; and the connections between artistic and moral issues elaborated in the writings of central figures in modern philosophy, such as Kant, Schopenhauer and Nietzsche. The contributors share the view that progress in aesthetics requires detailed study of the practice of criticism. This volume will appeal both to the philosophical community and to researchers in areas such as literary theory, musicology and the theory of art.

Interpretation James Nolan, 2005-01-01 This book provides a structured syllabus and an overview of interpretation accompanied by exercises in the main aspects of the art. It is meant as a practical guide for interpreters and as a complement to interpreter training programmes, particularly for students preparing for conference interpreting in international governmental and business settings.

*Filming the Gods* Rachel Dwyer, 2006-09-27 *Filming the Gods* examines the role and depiction of religion in Indian cinema, showing that the relationship between the modern and the traditional in contemporary India is not exotic, but part of everyday life. Concentrating mainly on the Hindi cinema of

Mumbai, Bollywood, it also discusses India's other cinemas. Rachel Dwyer's lively discussion encompasses the mythological genre which continues India's long tradition of retelling Hindu myths and legends, drawing on sources such as the national epics of the Mahabharata and the Ramayana; the devotional genre, which flourished at the height of the nationalist movement in the 1930s and 40s; and the films made in Bombay that depict India's Islamicate culture, including the historical, the courtesan film and the 'Muslim social' genre. *Filming the Gods* also examines the presence of the religious across other genres and how cinema represents religious communities and their beliefs and practices. It draws on interviews with film stars, directors and producers as well as popular fiction, fan magazines and the films themselves. As a result, *Filming the Gods* is both a guide to the study of film in religious culture as well as a historical overview of Indian religious film.

**If I Ever Get Out of Here** Eric Gansworth, 2013-07-30 A heart-healing, mocs-on-the-ground story of music, family and friendship. -- Cynthia Leitich Smith, author of *Tantalize* and *Rain is Not My Indian Name*. Lewis Shoe Blake is used to the joys and difficulties of life on the Tuscarora Indian reservation in 1975: the joking, the Fireball games, the snow blowing through his roof. What he's not used to is white kids being nice to him -- kids like George Haddonfield, whose family recently moved to town with the Air Force. As the boys connect through their mutual passion for music, especially the Beatles, Lewis has to lie more and more to hide the reality of his family's poverty from George. He also has to deal with the vicious Evan Reininger, who makes Lewis the special target of his wrath. But when everyone else is on Evan's side, how can he be defeated? And if George finds out the truth about Lewis's home -- will he still be his friend? Acclaimed adult author Eric Gansworth makes his YA debut with this wry and powerful novel about friendship, memory, and the joy of rock 'n' roll.

**The Health of Lesbian, Gay, Bisexual, and Transgender**

**People** Institute of Medicine, Board on the Health of Select Populations, Committee on Lesbian, Gay, Bisexual, and Transgender Health Issues and Research Gaps and Opportunities, 2011-06-24 At a time when lesbian, gay, bisexual, and transgender individuals--often referred to under the umbrella acronym LGBT--are becoming more visible in society and more socially acknowledged, clinicians and researchers are faced with incomplete information about their health status. While LGBT populations often are combined as a single entity for research and advocacy purposes, each is a distinct population group with its own specific health needs. Furthermore, the experiences of LGBT individuals are not uniform and are shaped by factors of race, ethnicity, socioeconomic status, geographical location, and age, any of which can have an effect on health-related concerns and needs. The Health of Lesbian, Gay, Bisexual, and Transgender People assesses the state of science on the health status of LGBT populations, identifies research gaps and opportunities, and outlines a research agenda for the National Institute of Health. The report examines the health status of these populations in three life stages: childhood and adolescence, early/middle adulthood, and later adulthood. At each life stage, the committee studied mental health, physical health, risks and protective factors, health services, and contextual influences. To advance understanding of the health needs of all LGBT individuals, the report finds that researchers need more data about the demographics of these populations, improved methods for collecting and analyzing data, and an increased participation of sexual and gender minorities in research. The Health of Lesbian, Gay, Bisexual, and Transgender People is a valuable resource for policymakers, federal agencies including the National Institute of Health (NIH), LGBT advocacy groups, clinicians, and service providers.

**International Marketing** John Shaw, Sak Onkvisit, 2008-01-28 Marketing is a universal activity that is widely applicable, regardless of the political, social or economic systems of a

particular country. However, this doesn't mean that consumers in different parts of the world should be satisfied in the same way. The 4th edition of International Marketing has been written to enable managers and scholars to meet the international challenges they face everyday. It provides the solid foundation required to understand the complexities of marketing on a global scale. The book has been fully updated with topical case studies, examples of contemporary marketing campaigns, the most relevant discussion topics as well as the most up-to-date theories, references and research findings. It is this combination of theory and practice that makes this textbook truly unique, presenting a fully rounded view of the topic rather than an anecdotal or descriptive one alone. The book includes chapters on: \* Trade distortions and marketing barriers \* Political and legal environments \* Culture \* Consumer behaviour \* Marketing research \* Promotion and pricing strategies \* Currencies and foreign exchange Accessibly written and designed, this book is the most international book on marketing available that can be used by undergraduates and postgraduates the world over. A companion website provides additional material for lecturers and students alike.

*Yes? No! Maybe...* Emilyn Claid, 2006-09-27 Covering fifty years of British dance, from Margot Fonteyn to innovative contemporary practitioners such as Wendy Houstoun and Nigel Charnock, *Yes? No! Maybe* is an innovative approach to performing and watching dance. Emilyn Claid brings her life experience and interweaves it with academic theory and historical narrative to create a dynamic approach to dance writing. Using the 1970s revolution of new dance as a hinge, Claid looks back to ballet and forward to British independent dance which is new dance's legacy. She explores the shifts in performer-spectator relationships, and investigates questions of subjectivity, absence and presence, identity, gender, race and desire using psychoanalytical, feminist, postmodern, post-structuralist and queer theoretical perspectives. Artists and

practitioners, professional performers, teachers, choreographers and theatre-goers will all find this book an informative and insightful read.

French National Cinema Susan Hayward, 2005 This revised and updated edition of a successful and established text provides a much-needed historical overview of French cinema from its roots through to the political and social developments in the 1990s and beyond.

Twentieth-Century Caribbean Literature Alison Donnell, 2007-05-07 This bold study traces the processes by which a 'history' and canon of Caribbean literature and criticism have been constructed. It offers a supplement to that history by presenting new writers, texts and critical moments that help to reconfigure the Caribbean tradition. Focusing on Anglophone or Anglocreole writings from across the twentieth century, Alison Donnell asks what it is that we read when we approach 'Caribbean Literature', how it is that we read it and what critical, ideological and historical pressures may have influenced our choices and approaches. In particular, the book: \* addresses the exclusions that have resulted from the construction of a Caribbean canon \* rethinks the dominant paradigms of Caribbean literary criticism, which have brought issues of anti-colonialism and nationalism, migration and diaspora, 'double-colonised' women, and the marginalization of sexuality and homosexuality to the foreground \* seeks to put new issues and writings into critical circulation by exploring lesser-known authors and texts, including Indian Caribbean women's writings and Caribbean queer writings. Identifying alternative critical approaches and critical moments, Twentieth-Century Caribbean Literature allows us to re-examine

the way in which we read not only Caribbean writings, but also the literary history and criticism that surround them.

*In The Space Of A Song* Richard Dyer,2013-07-03 Richard Dyer's 'In the Space of a Song' takes an in-depth look at the use of songs in film. Songs take up space and time in film and the way they do so indicates a great deal about the songs themselves, the nature of the feelings they present, and who is allowed to present feelings how, when and where. This book explores this perception.

### **Comics for Film, Games, and Animation**

Weaver,2013-05-07 In recent years, a new market of convergence culture has developed. In this new market, one story, idea, concept, or product can be produced, distributed, appreciated, and understood by customers in a variety of different media. We are at the tipping point of this new convergence culture, and comics is a key area affected by this emerging model. In *Comics for Film, Games, and Animation* Tyler Weaver teaches you how to integrate comics storytelling into your own work by exploring their past, present, and future. **Judson Dance Theater** Ramsay Burt,2006-09-27 The Judson Dance Theatre explores the work and legacy of one of the most influential of all dance companies, which first performed at the Judson Memorial Church in downtown Manhattan in the early 1960s. There, a group of choreographers and dancers--including future well-known artists Twyla Tharp, Carolee Schneemann, Robert Morris, Trisha Brown, Yvonne Rainier, and others--created what came to be known as postmodern dance. Taking their cues

from the experiments of Merce Cunningham, they took movements from everyday life--walking, running, gymnastics--to create dances that influenced not only future dance work but also minimalism in music and art, as well as the wedding of dance and speech in solo performance pieces. Judson's legacy has been explored primarily in the work of dance critic Sally Banes, in a book published in the 1980s. Although the dancers from the so-called Judson School continue to perform and create new works--and their influence continues to grow from the US to Europe and beyond--there has not been a book-length study in the last two decades that discusses this work in a broader context of cultural trends. Burt is a highly respected dance critic and historian who brings a unique new vision to his study of the Judson dancers and their work which will undoubtedly influence the discussion of these seminal figures for decades to come. *Performative Traces: Judson Dance Theatre and Its Legacy* combines history, performance analysis, theory, and criticism to give a fresh view of the work of this seminal group of dancers. It will appeal to students of dance history, theory, and practice, as well as all interested in the avant-grade arts and performance practice in the 20th century.

*Want* Cindy Pon, 2017-06-13 Jason Zhou is trying to survive in Taipei, a city plagued by pollution and viruses, but when he discovers the elite are using their wealth to evade the deadly effects, he knows he must do whatever is necessary to fight the corruption and save his city.

**Writing Woman, Writing Place** Sue Kossew, 2004-06 This book analyses the ways in which contemporary women writers in the two 'settler' colonies of Australia and South Africa explore notions of self, identity and place in their fiction.

**The Curious Incident of the Dog in the Night-Time** Mark Haddon, 2009-02-24 A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a

fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.
