Love and Other Puzzles Kimberley Allsopp,2022-02-01 Following the clues doesn't always lead you where you might expect ... A witty, warm-hearted and appealing novel about how stepping out of our comfort zones can sometimes be the best - and worst - thing that can ever happen to us. Rory's life is perfectly predictable, ordered and on track - just the way she likes it. She walks her 12,000 steps a day, writes her to-do list and each night she prepares her breakfast chia pods and lays out her clothes for the next day. She's doing everything right. So why does everything feel so wrong? Deep down, she knows her life and career - not to mention her relationship - are going nowhere, and so Rory, in a moment of desperation, takes an uncharacteristic step: letting the clues of The New York Times crossword puzzle dictate all her decisions for a week. Just for a week, she reasons. Just to shake things up a bit. What's the worst that could happen? A delightfully witty, deliciously original and astringently refreshing rom-com that reads like you're inhaling a zingy citrus cocktail made by Nora Ephron, at a party thrown by Dolly Alderton and Beth O'Leary. 'Warm, witty, charming and romantic, *Love and Other Puzzles* is a glorious debut. It's so clever and satisfying and I can't wait for the world to get their hands on it.' Jessica Dettmann 'Love and Other Puzzles has more heart than Harry Burns, more zingers than Daniel Cleaver and is hotter than Fitzwilliam Darcy emerging from a lake, partially clothed. If you love rom coms as I do, you will meet cute with this wonderful twist on the genre.' Lauren Sams Totally charming ... a lovely and witty first novel about finding the gorgeous sweet spot between comfort and spontaneity ... perfect for fans of Marian Keyes, Minnie Darke, Dolly Alderton and Meg Mason.' Booktopia 'A charming, clever and wickedly funny twist on, and homage to, the genre.' Australian Financial Review

The Puzzler A.J. Jacobs,2023-04-25 The New York Times bestselling author of *The Year of Living Biblically* goes on a rollicking journey to understand the enduring power of puzzles: why we love them, what they do to our brains, and how they can improve our world. "Even though I've never attempted the New York Times crossword puzzle or solved the Rubik's Cube, I couldn't put down *The Puzzler*."—Gretchen Rubin, author of *The Happiness Project* and *Better Than Before* What makes puzzles—jigsaws, mazes, riddles, sudokus—so satisfying? Be it the formation of new cerebral pathways, their close link to insight and humor, or their community-building properties, they're among the fundamental elements that make us human. Convinced that puzzles have made him a better person, A.J. Jacobs—four-time New York Times bestselling author, master of immersion journalism, and nightly crossword—set out to determine their myriad benefits. And maybe, in the process, solve the puzzle of our very existence. Well, almost. In *The Puzzler*, Jacobs meets the most zealous devotees, enters (sometimes with his family in tow) any puzzle competition that will have him, unpacks the history of the most popular puzzles, and aims to solve the most impossible head-scratchers, from a mutant Rubik's Cube, to the hardest corn maze in America, to the most sadistic jigsaw. Chock-full of unforgettable adventures and original examples from around the world—including new work by Greg Pliska, one of America's top puzzle-makers, and a hidden, super-challenging but solvable puzzle—*The Puzzler* will open readers' eyes to the power of flexible thinking and concentration. Whether you're puzzle obsessed or puzzle hesitant, you'll walk away with real problem-solving strategies and pathways toward becoming a better thinker and decision maker—for these are certainly puzzling times.

Love and Other Puzzles Penelope Baldwin,2016-10-16 **Love and Other Puzzles is an updated version of the previously published book, *A House Made of Bricks*** Eliza Make it through detention. Seemed like such a simple task. 1. Figure out how to get there. 2. Ignore the jerks I had to share my Saturday with. 3. Figure out how to get home. 4. Don't let my mom find out. Like ever. I almost made it too... right up until the end when I threw up in a trash can. And, of course, later -when I got stuck in the parking lot. At least no one was there to see it. Or so I thought. Little did I know, it was just the beginning. Miller Stay under the radar. Take care of your own problems, let other people take care of theirs. As long as I kept to myself, no one asked questions. That's how I liked it. Little did I know that Eliza Sullivan, the shy girl from calculus, would be the one to flip it all on its head. Eliza Miller Cassidy. Brooding blue eyes. Adorable smirk. Definitely hiding something. But, as it turned out, totally worth it. One chance encounter led to another, until we'd become part of each other's lives. If only he'd let me in. Miller Eliza Sullivan.I'd never trusted anyone before she came along. But that all changed the day Eliza swept into detention, and my life, with her sweet smile, quiet strength and love of riddles. But my life had been like a house of straw. One huff and puff from the wrong person, and it would all come crashing down. Now I was going to let someone in. Eliza He asked me why I love puzzles, and I told him they're one of the few things in life that always has an answer. Miller She said we were a puzzle she just hadn't figured out yet. I told her love is the one puzzle no one's figured out. We became each other's answer. Eliza But the question was, how far was I willing to go to protect him? Miller ...and what would I do when it all came crashing down? *Love and Other Puzzles* is the first book in the Eliza and Mill series, but it can be read as a stand alone. Stay tuned for Book 2, *Love and Other Answers*, by Penelope Baldwin. Coming in November, 2016!

How do you attempt to solve the puzzle and put all the pieces back together again? Explore the true power of intimacy as experienced in contemporary life situations. Examine its depth and dynamic application within human relationships and investigate why God's view of intimacy is so essential, both for today and for all eternity. Enter the world of intimacy at your own risk; you may just find exactly what you're looking for, or you might just find precisely what you weren't expecting. --- Regrettably, this weekend represented what had become somewhat of a perpetual routine for Chris and Amanda. It began sometime ago an appointment of intrinsic fate, habitual yet not apparent to them. Even so, with an air of understatement emerging, on this particular weekend things would prove to be just a little different somehow, for they were destined to live in the impossible. Amanda and Christopher were about to encounter a miracle of incomparable proportions, both independently and together. This day of all days would prove to be the turning point the one day that would change their lives forever. Like a rope tightly woven of thin silk strands of time and suspended reaction, it all appears fragile at a glance and a stare. But its strength may only be recognized through a blind touch in the dark.
