We study how low interest rates in the United States affect risk taking in the market of crossborder leveraged corporate loans. To the extent that actions of the Federal Reserve affect U.S. interest rates, our analysis provides evidence of a cross-border spillover effect of monetary policy. We find that before the crisis, lenders made ex-ante riskier loans to non- U.S. borrowers in response to a decline in short-term U.S. interest rates, and, after it, in response to a decline in longer-term U.S. interest rates. Economic uncertainty and risk appetite appear to play a limited role in explaining ex-ante credit risk. Our results highlight the potential policy challenges faced by central banks in affecting credit risk cycles in their own jurisdictions.

How to Get a Mortgage in 24 Hours James E. A. Lumley, 1994-02-09 The latest edition continues to help readers find low-cost financing in the quickest possible time. Explores many novel alternative mortgage plans. New guidelines will aid in selecting among competing options—all with the goal of saving you money. Details how loans work, how to evaluate their costs and how to choose the one that's best for you. Abounds with examples of different types of mortgages and how they work. Includes two new chapters—the first deals with prequalifying yourself with a lender before finding a specific property; the second explains using low rates to trade up or down.

How to Pay Your Mortgage Off in 10 Years Serina Bird, 2023-07-25 Would you like to pay your mortgage off faster and have more money to enjoy your life? The 'average' Australian mortgage is \$601,797 over 30 years. Not only is this large & more than half a million dollars & but it's grown 36% over the past five years. This is daunting. For many people, it can feel like paying it off is impossible. But here's the good news: it is entirely possible to ditch your mortgage in ten years, and this book shows you how. In *How to Pay Your Mortgage Off in 10 Years*, bestselling finance author, money coach and podcaster Serina Bird presents practical strategies, calculates the savings and shares the steps she has used & anyone can use & to become mortgage-free. In this life-changing book you'll learn how to:

- Hit your mortgage hard & early
- Negotiate a lower interest rate
- Use micro-habits to make repayments faster
- Cut down your spending with frugalista shopping habits
- Use your home to generate an income stream
- Keep motivated when the going gets tough.

Not only that, but you'll also read about people who are actively smashing their mortgage and achieving their dream goals, showing you just how achievable it is.

The Charles Schwab Guide to Finances After Fifty Carrie Schwab-Pomerantz, Joanne Cuthbertson, 2014-04-01 Here at last are the hard-to-find answers to the dizzying array of financial questions plaguing those who are age fifty and older. The financial world is more complex than ever, and people are struggling to make sense of it all. If you're like most people moving into the phase of life where protecting—as well as growing—assets is paramount, you're faced with a number of financial puzzles. Maybe you're struggling to get your kids through college without drawing down your life's savings. Perhaps you sense your nest egg is at risk and want to move into safer investments. Maybe you're contemplating downsizing to a smaller home, but aren't sure of the financial implications. Possibly, medical expenses have become a bigger drain than you expected and you need help assessing options. Perhaps you'll shortly be eligible for social security but want to optimize when and how to take it. Whatever your specific financial issue, one thing is certain—your range of choices is vast. As the financial world becomes increasingly complex, what you need is deeply researched advice from professionals whose credentials are impeccable and who prize clarity and straightforwardness over financial mumbo-jumbo. Carrie Schwab-Pomerantz and the Schwab team have been helping clients tackle their toughest money issues for decades. Through Carrie's popular

"Ask Carrie" columns, her leadership of the Charles Schwab Foundation, and her work across party lines through two White House administrations and with the President's Advisory Council on Financial Capability, she has become one of America's most trusted sources for financial advice. Here, Carrie will not only answer all the questions that keep you up at night, she'll provide answers to many questions you haven't considered but should.

You're Approved! Cori Arnold, 2017-06-29 If you were preparing for a test, wouldn't it be nice to know the exact questions on the test? This booklet describes the 4 areas banks analyze when you apply for a credit card or a loan. Knowing exactly what information the bank reviews to make a loan approval, you will be prepared to conquer the application and get approved. Within the 4 areas, there are 12 specific steps you need to take in order to become a preferred customer to the bank. Preferred customers get approved and are offered the lowest interest rates. It's that simple. You will learn the following: * How to get offered the lowest home loan rates and the best credit card rates, * How to get a credit card with bad credit, * How to think like a bank, understanding how they make loan approval decisions, * What behaviors you need to implement in order to improve your credit score, * How to pay off your debt faster, * How to use interest rates to your advantage, * And, how important interest rates really are. Lastly, I walk you through my journey of paying off \$235K of debt, illustrating how to take advantage of low interest rate offers in order to pay-off my debt quicker.
