Buy this book today to get the free bonus book in addition to learning how to maximize your testosterone! Check Out What Others Are Saying... I've been trying to lose weight and kick some bad habits off and on over the past few years. This is the first book that really motivated me to change. It isn't just bland advice, it really motivated me to want to be a masculine man! I'm finally losing weight! - Tyler Lexington I didn't realize how much what I eat and do makes me the man I am. Every action causes hormonal changes that make me more or less of a man. This book scared the shit out of me. It made me realize I have to stop being a lazy ass zombie and I made me commit to fighting like a warrior to be as much of a man as I can be. - Mark Pilsner I've always had body image issues. I think it was my negative mindset that forced me to keep eating crap. It fueled my negative personality. I tricked myself into thinking I was unlovable. It was pathetic. After reading this book I realized my masculinity is my responsibility. I took the advice and noticed I was starting to look and feel better. I've even started dating a very cute girl. It's nice to finally feel a little happier. - Matt Svenungson. I am really overweight and was worried going to the gym would be embarrassing. I read a few books on testosterone as I desperately want to get rid of my man boobs. This is probably the best book as its info is all backed up by scientific studies but also is full of great motivational reminders that convince me to do the right thing. Whenever I consider bitching out of a workout session or eating junk food a few of the quotable lines of this book flash in my head and I am more willing to make the correct choice. - Chuck Kaneda Don't give up on being a man. Every guy should read this book and feel motivated to change their life for the better. - Donald Robbins Tags: Libido, Sex Drive, Sixpack, abs Confidence, Muscle Mass, Fat Loss, Hair Loss, Porn Addiction, Masculinity, Energy, Gynecomastia

Natural Remedies for Low Testosterone Stephen Harrod Buhner,2016-01-22 How to maintain optimum testosterone levels for the male body through the use of herbs, nutritional supplements, and diet • Explains the phenomenon of male menopause and how to deal with it • Reveals scientific evidence of testosterone-blocking agents in the environment that alter men's essential chemistry as they age • Presents safe, organic plant medicines that can restore optimum testosterone levels • Contains the most up-to-date natural treatments for impotence, infertility, and prostate disease The recognition of andropause, the middle-age stage in male development comparable to women's menopause, is hampered by the lack of a clear outward manifestation of the chemistry and physiology specific to aging men. Men are still capable of reproduction well into and beyond middle age. Yet a man's sexual desire and potency varies, often according to his testosterone level. Recent studies show that the lowered testosterone levels endemic in aging men--a gradual drop that is quite normal--are being exacerbated by environmental agents. Testosterone-blocking estrogen agents are present in insecticides, industrial materials, pharmaceuticals, and foods. Men are daily inundated with a "cocktail" of estrogen agents that alter the fine balance of testosterone that makes them male. But as recent medical research has revealed, testosterone replacement therapy with Low T drugs is not a good option because of the increased risk of cardiovascular problems, such as heart attack and stroke, and because the body can become dependent on pharmaceutical testosterone and stop producing any on its own. In this updated edition of The Natural Testosterone Plan, Stephen Harrod Buhner shows why men need help to maintain their testosterone levels as they age and explains how naturally occurring phytoandrogens--plant medicines that contain male hormones--can safely remedy the depletion exerted by the environment. Buhner details how each phytoandrogen works, when its use is indicated, and the most appropriate method of application, providing all men with safe, natural, and effective means of maintaining optimum testosterone levels well into old age.

Androgen Deficiency and Testosterone Replacement Wayne J.G. Hellstrom,2012-11-28 Androgen Deficiency and Testosterone Replacement: Current Controversies and Strategies explores the difficulties around the diagnosis and treatment of androgen deficiency. The text examines the available evidence concerning the diagnosis and treatment of men with low testosterone. It also examines controversies in the identification and management of these men. While the information contained within will be of use to those who specialize in androgen deficiency and sexual medicine, the scope of the book will serve as a source of basic information about testosterone replacement and as a source of reasoned analysis of the controversies surrounding testosterone replacement in the aging male. Physicians and physician extenders will be able to apply evidence management principles to the evaluation and treatment of men with testosterone deficiency; supported by the most recent practice guidelines available. The authors represent a select group of physicians with expertise in androgen deficiency and replacement. Androgen Deficiency and Testosterone Replacement: Current Controversies and Strategies will be of great value to all physicians and physician extenders who deliver health care to men of all ages.

Don't Spend A Dime James Floyd Kelly,2009-05-24 Stop paying for software. A world full of high-quality software is out there that you don't have to spend a dime for. If you've just spent your entire computing budget on a PC only to find that you need software to do anything interesting, this is the book that will show you how to get what you need without wreaking havoc on your finances. Install the right software to make a great work computer for no extra cost. Packed with the practical, hands-on guidance and technical know-how that you've come to expect from Apress, Don't Spend A Dime: The Path to Low-Cost Computing takes you on a tour of the very best zero-cost software in each of the many categories that matter to the typical PC user. Learn to edit photos on the Internet without having to install any software at all. Find out where to get a free office suite for word processing and spreadsheet work. Whatever your need, James Kelly, best-selling technology author, guides you through the exciting and often confusing world of zero-cost computing. This book Tells you what you need to install to have a fantastic work computer without spending a dime Saves you money by showing you how to meet your computing needs Saves you time by pointing you directly to the best free software Saves you work by illustrating the most commonly performed tasks with each zero-cost software Gives you choices and the ability to make your own decisions for your own needs and requirements Before you go buy that \$400.00 office suite—or worse, before you “borrow” it from work—stop! Let this book show you how to save hundreds of dollars in expensive software. Learn all about the free tools that the digerati use to make their lives better, and stop paying out the nose for software. Don't spend a dime!

Windows 10: The Missing Manual David Pogue,2015-09-17 With Windows 8, Microsoft completely reimagined the graphical user interface for its operating system, which now runs on both desktop PCs and tablets, but the overhaul was not without hitches and its dueling UIs (one designed for touch, the other for keyboards and mice) created significant confusion for users. Windows 10 (a free update to users of Windows 8 or Windows 7) fixes a number of the problems introduced by the revolution in Windows 8 and offers plenty of new features along, such as the new Spartan web browser, Cortana voice-activated “personal assistant,” new universal apps (that run on tablet, phone, and computer), and more. But to really get the most out of the new operating system, you're going to need a guide. Thankfully, Windows 10: The Missing Manual will be there to help. Like its predecessors, this book from the founder of Yahoo Tech, previous New York Times columnist, bestselling author, and Missing Manuals creator David Pogue illuminates its subject with technical insight, plenty of wit, and hardnosed objectivity for beginners, veteran standalone PC users, new tablet owners, and those who know their way around a network.

Windows 10 David Pogue,2018-07-15 Microsoft's last Windows version, the April 2018 Update, is a glorious Santa sack full of new features and refinements. What's still not included, though, is a single page of printed instructions. Fortunately, David Pogue is back to help you make sense of it all--with humor, authority, and 500 illustrations.--Page 4 of cover.

Mac OS X Panther in 10 Simple Steps or Less Steve Burnett,Wendy Willard,Anne Groves,Chad Fahs,2004-05-03 If you are looking to make the most of the amazing features of the new Mac OS X Panther and you need a quick and easy understanding of the technology in order to do so, then this book is for you-whether you're new to Mac OS X Panther or you need a refresher on everything from maximizing Safari(TM) as a search engine to using the command line of the Terminal. Open the book and you'll discover clear, easy-to-follow instructions for more than 250 key Mac OS X Panther tasks, each presented in ten quick steps-or less. Easy-to-navigate pages, lots of screen shots, and to-the-point directions guide you through every common (and not so common) Mac OS X Panther challenge-and help you get more done in less time. * Each solution is ten steps-or less-to help you get the job done fast * Self-contained two-page spreads deliver the answers you need-without flipping pages * A no-fluff approach focuses on helping you achieve the results * A resource packed with useful and fun ways to get the most out of Mac OS X Panther

The ID CaseBook Peggy A. Ertmer,James A. Quinn,Krista D. Glazewski,2019-03-26 The fifth edition of The ID CaseBook provides instructional design students with 26 realistic, open-ended case studies that encourage adept problem-solving across a variety of client types and through all stages of the process. After an introduction to the technique of case-based reasoning, the book offers three sections dedicated to K-12, post-secondary, and corporate clients, respectively, each composed of varied, detailed cases created by instructional design experts. The cases and their accompanying discussion questions encourage students to analyze the available information, develop action plans, and consider alternative possibilities in resolving problems. The esteemed editor team of Peggy A. Ertmer, James A. Quinn, and Krista D. Glazewski continue their considerable contribution to the teaching of instructional design with this thoroughly revised and updated volume.

How to Live a Low-Carbon Life Christopher Goodall,2012-05-04 Climate change is the greatest challenge facing humanity: drastic reduction of carbon emissions is vital if we are to avoid a catastrophe that devastates large parts of the world. Governments and businesses have been slow to act and individuals now need to take the lead. The Earth can absorb no more than 3 tonnes of carbon dioxide emissions each year for every person on the planet if we are to keep temperature and rainfall change within tolerable limits. Yet from cars and holiday flights to household appliances and the food on our plates, Western consumer lifestyles leave each of us responsible for over 12 tonnes of carbon dioxide a year - four times what the Earth can handle. Individual action is essential if we want to avoid climate chaos. How to Live a Low-Carbon Life shows how easy it is to take responsibility, providing the first comprehensive, one-stop reference guide to calculating your CO2 emissions and reducing them to a sustainable 3 tonnes a year.

How to Live a Low-carbon Life Chris Goodall,2010 `An excellent and readable repository of honest numbers and facts and a compelling and optimistic call to individual action.' David J. C. MacKay, Chief Scientific Advisor to the Department of Energy and Climate Change and author of Sustainable Energy - Without the Hot Air `Goodall's definitive guide to personal carbon reduction leaves no stone unturned. On the journey to a low-carbon life, this book is essential reading.' Eugenie Harvey, Director of the 10: 10 campaign `All you need to know about your impact on the global climate and how to reduce it. A highly accessible book, chock full of eye-opening research. Superb.'Dave Reay, author of Climate Change Begins at Home and founder of Greenhouse Gas Online `Valuable ammunition for those who want to do something about global warming.' The Guardian Each Westerner is responsible for an average of 10-20 tonnes of carbon emissions each year, In How to Live a Low-Carbon Life, Chris Goodall shows how easy it is to take action, providing a comprehensive, one-stop reference guide to calculating your CO2 emissions and reducing them to a more sustainable 2 tonnes a year, while also saving money. This fully revised second edition takes into account new government targets on emissions reductions and includes up-to-date calculations and extensive graphics clearly laying out the path to a low-carbon life.

Fedora 10 and Red Hat Enterprise Linux Bible Christopher Negus,2009-04-29 As a market-leading, free, open-source Linux operating system (OS), Fedora 10 is implemented in Red Hat Enterprise Linux and serves as an excellent OS for those who want more frequent updates. Bestselling author Christopher Negus offers an ideal companion resource for both new and advanced Linux users. He presents clear, thorough instructions so you can learn how to make Linux installation simple and painless, take advantage of the desktop interface, and use the Linux shell, file system, and text editor. He also describes key system administration skills, including setting up users, automating system tasks, backing up and restoring files, and understanding the latest security issues and threats. Included is both a DVD distribution of Fedora Linux 10 and a bootable Fedora LiveCD. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Mac OS X Snow Leopard: The Missing Manual David Pogue,2009-10-08 For a company that promised to put a pause on new features, Apple sure has been busy-there's barely a feature left untouched in Mac OS X 10.6 Snow Leopard. There's more speed, more polish, more refinement-but still no manual. Fortunately, David Pogue is back, with the humor and expertise that have made this the #1 bestselling Mac book for eight years straight. You get all the answers with jargon-free introductions to: Big-ticket changes. A 64-bit overhaul. Faster everything. A rewritten Finder. Microsoft Exchange compatibility. All-new QuickTime Player. If Apple wrote it, this book covers it. Snow Leopard Spots. This book demystifies the hundreds of smaller enhancements, too, in all 50 programs that come with the Mac: Safari, Mail, iChat, Preview, Time Machine. Shortcuts. This must be the tippiest, trickiest Mac book ever written. Undocumented surprises await on every page. Power usage. Security, networking, build-your-own Services, file sharing with Windows, even Mac OS X's Unix chassis-this one witty, expert guide makes it all crystal clear.

Low Rider ,2007-09

Frontiers of High Performance Computing and Networking - ISPA 2006 Workshops Geyong Min,Beniamino Di Martino,Laurence T. Yang,Minyi Guo,Gudula Ruenger,2006-11-17 This book constitutes the refereed joint proceedings of ten international workshops held in conjunction with the 4th International Symposium on Parallel and Distributed Processing and Applications, ISPA 2006, held in Sorrento, Italy in December 2006. It contains 116 papers that contribute to enlarging the spectrum of the more general topics treated in the ISPA 2006 main conference.

Perceptions of Female Offenders Brenda Russell,2012-12-09 Female offenders are often perceived as victims who commit crimes as a self-defense mechanism or as criminal deviants whose actions strayed from typical 'womanly' behavior. Such cultural norms for violence exist in our gendered society and there has been scholarly debate about how male and female offenders are perceived and how this perception leads to differential treatment in the criminal justice system. This debate is primarily based upon theories associated with stereotypes and social norms and how these prescriptive norms can influence both public and criminal justice response. Scholars in psychology, sociology, and criminology have found that female offenders are perceived differently than male offenders and this ultimately leads to differential treatment in the criminal justice system. This interdisciplinary book provides an evidence based approach of how female offenders are perceived in society and how this translates to differential treatment within the criminal justice system and explores the ramifications of such differences. Quite often perceptions of female offenders are at odds with research findings. This book will provide a comprehensive evidence-based review of the research that is valuable to laypersons, researchers, practitioners, advocates, treatment providers, lawyers, judges, and anyone interested in equality in the criminal justice system.

Give a Sh*t Ashlee Piper,2018-06-26 The time for stepping up and protecting our planet is now. And this book is an easy, enjoyable place to start. -- Moby It's time to put your good intentions into action. It's time to give a shit -- about your health, your footprint, and your planet.
