Noah Levine

Raiders of the Hidden Ark Graham Addison,2021-08-10 Where is the Ark of the Covenant? 100 years ago a syndicate believed they knew the answer. The Parker expedition is an extraordinary untold true story. Graham Addison skilfully tells the story of those who sailed for Jerusalem to find the Ark.

Dharma Punx Noah Levine,2009-10-13 Fueled by the music of revolution, anger, fear, and despair, we dyed our hair or shaved our heads ... Eating acid like it was candy and chasing speed with cheap vodka, smoking truckloads of weed, all in a vain attempt to get numb and stay numb. This is the story of a young man and a generation of angry youths who rebelled against their parents and the unfulfilled promise of the sixties. As with many self-destructive kids, Noah Levine's search for meaning led him first to punk rock, drugs, drinking, and dissatisfaction. But the search didn't end there. Having clearly seen the uselessness of drugs and violence, Noah looked for positive ways to channel his rebellion against what he saw as the lies of society. Fueled by his anger at so much injustice and suffering, Levine now uses that energy and the practice of Buddhism to awaken his natural wisdom and compassion. While Levine comes to embrace the same spiritual tradition as his father, bestselling author Stephen Levine, he finds his most authentic expression in connecting the seemingly opposed worlds of punk and Buddhism. As Noah Levine delved deeper into Buddhism, he chose not to reject the punk scene, instead integrating the two worlds as a catalyst for transformation. Ultimately, this is an inspiring story about maturing, and how a hostile and lost generation is finally finding its footing. This provocative report takes us deep inside the punk scene and moves from anger, rebellion, and self-destruction, to health, service to others, and genuine spiritual growth.

Salvation Day Kali Wallace, 2020-06-16 A lethal virus is awoken on an abandoned spaceship in this incredibly fast-paced, claustrophobic thriller. They thought the ship would be their salvation. Zahra knew every detail of the plan. House of Wisdom, a massive exploration vessel, had been abandoned by the government of Earth a decade earlier, when a deadly virus broke out and killed everyone on board in a matter of hours. But now it could belong to her people if they were bold enough to take it. All they needed to do was kidnap Jaswinder Bhattacharya—the sole survivor of the tragedy, and the last person whose genetic signature would allow entry to the spaceship. But what Zahra and her crew could not know was what waited for them on the ship—a terrifying secret buried by the government. A threat to all of humanity that lay sleeping alongside the orbiting dead. And then they woke it up.

One Bullet Away Nathaniel Fick, 2006 An ex-Marine captain shares his story of fighting in a recon battalion in both Afghanistan and Iraq, beginning with his brutal training on Quantico Island and following his progress through various training sessions and, ultimately, conflict in the deadliest conflicts since the Vietnam War.

The Wonderful Wizard of Oz Frank L. Baum, L. Frank Baum, 2010-07-01 The Wonderful Wizard of Oz has been enchanting audiences since it was first published in 1900. While many fans may know the work only by its movie counterpart, the world L. Frank Baum built within the books is much more elaborate. Since the more recent publication of Gregory Maguire's *Wicked: The Life and Times of the Wicked Witch of the*

West and the Broadway play of the same name, fans have had a rekindled interest in Baum's original works from which the retellings draw heavily. Anyone interested in fantasy, magic, and silliness is sure to love this American classic. L. Frank Baum (1856-1919) is one of the most recognized and beloved children's authors, though he is often recognized for only one of his many stories. The Wonderful Wizard of Oz is easily his most popular work, though Baum actually wrote 13 sequels in Oz. His writings consist of practically every genre: Baum wrote 55 novels in total, 82 short stories, more than 200 poems, as well as scripts, and other miscellaneous writings. Interestingly, many of his non-Oz works were published under pseudonyms. Baum made many attempts to bring his work to stage and screen, but the most successful productions were not made until after his death.

My Epic Spring Break (Up) Kristin Rockaway, 2021-04-06 A fun and upbeat romance about a girl who finds a cheat sheet for love. Spring break . . . heartache? For coder extraordinaire Ashley, high school is all about prepping for college. Her love life? Virtually nonexistent. She's never been on a date. Never been kissed. Never been in love. Now that spring break is finally here, Ashley vows to have fun . . . and, for the first time, follow her heart. Starting with Walker Beech, her gorgeous, maybe-not-so-unrequited crush. But with Jason Eisler--her childhood friend turned prankster--in the picture, trouble is bound to follow. Will Ashley's epic spring break lead her to love, or will her heart crash and burn? Smart, fun, fast-paced. --USA Today bestselling author of *The Kiss Quotient* Helen Hoang on Kristin Rockaway's *How to Hack a Heartbreak*

Chaos & the Geek Elizabeth Stevens, 2020-01-31 Amber
How do you politely refuse when the only guy to star in any of your dirty fantasies has just offered to put you up for the foreseeable future and your brother's just accepted like you were in fact still thirteen and couldn't make decisions for yourself? You don't. And, you end up with a roommate who wears a very good elegant mask over the rough and tumble, bad boy core I remember far too well. Only, it's ten years later and I'm even nerdier than I used to be. It's ten years later and I couldn't look worse. It's ten years later and I can't keep one guy. It's ten years later and my brother still teases me mercilessly in front of him. It's ten years later and Kit somehow looks even better than the guy I spent my formative years crushing on. So, there's not only the issue that he's my older brother's best friend, but also a sex-

god this virgin can barely talk to. But that certainly never stopped me from drooling over him and it wouldn't stop me now. He's so far out of my league, I wouldn't even clean in his league. Except, there might just be a smouldering heat in Kit's eyes that suggests he's not quite as out of my league as I thought. Just maybe, this geek is about to get a whole lot of chaos. Kit When I find out about my best mate's little sister's situation, the offer is out of my mouth before I can stop it; Hawk's like a brother to me even if Amber's never looked twice at me. I could never tell if she was scared of me or hated me. But the deal is done. She's going to bring her bedraggled self upstairs to my penthouse and live with me for as long as she needs. I see the pain she hides away, I see the lack of confidence despite how smart she is, how good. If there's something I've learned, it's that confidence makes all the difference. So, it becomes my mission to help Amber find her confidence. But I find more than confidence in her and suddenly I'm seeing my best mate's little sister completely differently. I've never known what to say to her. She's always been good and studious and sweet. She's always been so far out of my league I wouldn't even carry bags in that league. Her face is a mask that tells me nothing in between the sparse words that come out of her mouth. Except, there might be something in the way she smiles at me that gives me hope I'm not as far out of her league as I thought. It might just be time that this chaos gets a little geek. Please be aware that this story is set in Australia and therefore uses Australian English spelling and syntax.

Mafia Organizations Maurizio Catino,2019-02-07 How do mafias work? How do they recruit people, control members, conduct legal and illegal business, and use violence? Why do they establish such a complex mix of rituals, rules, and codes of conduct? And how do they differ? Why do some mafias commit

many more murders than others? This book makes sense of mafias as organizations, via a collative analysis of historical accounts, official data, investigative sources, and interviews. Catino presents a comparative study of seven mafias around the world, from three Italian mafias to the American Cosa Nostra, Japanese Yakuza, Chinese Triads, and Russian mafia. He identifies the organizational architecture that characterizes these criminal groups, and relates different organizational models to the use of violence. Furthermore, he advances a theory on the specific functionality of mafia rules and discusses the major organizational dilemmas that mafias face. This book shows that understanding the organizational logic of mafias is an indispensable step in confronting them.
