She's furious about being trapped in Coogan's Break, away from the bustle of her corporate life in LA. Meanwhile, he loves the beachside community, happy in his job and his single life. Might they both be about to experience a sea change? KELLY I know exactly who to blame for my current predicament. Jason Ralph, the no-talent, Aussie, Executive Creative Director at the ad agency I work for. He's had it in for me from the first day he hung that stupid boomerang on the wall of his corner office and I had the temerity to laugh and call him Cobber. My parents then throw my life further into turmoil when they go ahead with the renovation of the family vacation home, where I've been stuck for lock-down. However, it's being suckered into working on a 4th of July float that has me joined at the hip to that cocky player, Zac Thomas. ZAC The only reason I signed up to work on that float was because I knew it would give me a chance to get to know Kelly Sanderson intimately. I know it's a long-shot, with her having seen through every other move I'd made. It's as if the woman is psychic where I was concerned. And then she has to design a float that will put the space shuttle to shame, being as it's almost as big. As we race to complete it on time, something strange happens. No longer am I out for a good time. Instead, I want to stick around for a long time. \*\*\* If you like your romances on the steamier side, you'll love this series of standalone curvy women, opposites-attract romances. There's a guaranteed HEA with no cheating and no cliffhangers.

*Calendar's Grids to find the lucky days and the lucky hours in your life. Lecture 105, Dirasat 1969* Maximillien De Lafayette,2015-04 Published by Times Square Press, New York. Humans follow certain calendars. The most common one is the Gregorian Calendar, which is a reflection of the Christian faith. It is younger than the Muslim calendar, which in turn, is younger than the Jewish calendar. All of these are considerably younger than the Ulema and the Rouhaniyiin calendar, which is the only one used by the Rouhaniyiin and Ulema. The Enlightened Masters reject the idea that the week consists of seven days. Their week consists of four days, corresponding to certain days of our week. These are the only days to use in this technique, and the other three days in our week should not be considered. The importance of these days is the relationship between the person and the hours in each day. Using the calendar of the Rouhaniyiin and Ulema, each person can find the luckiest hour of his or her week, according to the Book of Ramadosh (Rama-Dosh).

As a child, Alice was stolen from her backyard in a tiny Indiana community, but against the odds, her policeman father tracked her down within twenty-four hours and rescued her from harm. In the aftermath of the crime, her family decided to move to Chicago and close the door on that horrible day. Yet Alice hasn’t forgotten. She devotes her spare time volunteering for a website called The Doe Pages scrolling through pages upon pages of unidentified people, searching for clues that could help reunite families with their missing loved ones. When a face appears on Alice’s screen that she recognizes, she’s stunned to realize it’s the same man who kidnapped her decades ago. The post is deleted as quickly as it appeared, leaving Alice with more questions than answers. Embarking on a search for the truth, she enlists the help of friends from The Doe Pages to connect the dots and find her kidnapper before he hurts someone else. Then Alice crosses paths with Merrily Cruz, another woman who’s been hunting for answers of her own.
