**My Songs** Joseph P Garland, 2021-05-25 I played the guitar off and on in college and later. In 2012, and I'm not sure why, I picked it up again and also learned the electric bass. I played the bass in The No Cover Band, which gigged at a bar on Park Avenue South in Manhattan. We only did originals, and one was my song I Like, which was a straight blues number. I also started writing songs, first on a guitar I bought at Manny's on 48th Street years ago. Many of my songs were ballads, i.e., little stories. I performed sets of them on my acoustic at a coffee house and at my sister's NYC apartment. When I thought of writing stories, my first one was based on Going to California. I had to switch it so it was mostly set in New York and then had to dramatically expand it. But I had my main character, and the novel is Coming to Terms. I haven't written songs since I've been writing stories. I decided to put them together. There are a lot of them. I tried to wean them out and put them in some kind of order. They are not poems but lyrics.

**Begin the Millennium Rhyme** Eric K. Richardson,2017-12-12 Begin the Millennium Rhyme presents the author's original song lyrics over five decades, at the end of the twentieth century, into the new millennium. Raised in the American West in the 1950's and 1960's, Richardson chronicles a personal narrative in 124 song lyrics, the internal and cultural shifts, tenor, and style of his era, reflecting the influences of folk-rock and Americana songwriting. His writing takes the reader on a journey of short stories in rhyme, of time and place. These crafted stories are married to rhythm and melody, as sung on guitar, solo, or performed in band arrangements and sound recordings. This collection offers autobiographical and social observations of an American songwriter in the late twentieth century.

He Talk Like a White Boy Joseph C. Phillips,2008-12-10 Actor and social commentator Joseph C. Phillips speaks powerfully about the topic of life as a conservative African-American actor, husband, father, and citizen. In today's political climate, with race such an issue, this collection of essays is not only timely, but thought provoking. Like Democratic candidate for President Barack Obama, Phillips has had his authenticity as a black man questioned by members of his own race, for trivial reasons such as the way he speaks, his choices in music, politics, faith, and family. Also like Obama, Phillips has often been accused of not being "black enough," while, as an actor, he has encountered even more pointing fingers for not being liberal enough. With a frank voice, this brilliant and outspoken author presents a series of witty and provocative essays that examine life as a conservative African-American, and the simple fact that authenticity is far more complicated than one's choice of words.
