Blood Crazy Simon Clark,2014-10-28 It is a quiet, uneventful Saturday in Doncaster. Nick Aten, and his best friend Steve Price – troubled seventeen year olds – spend it as usual hanging around the sleepy town, eating fast food and planning their revenge on Tug Slatter, a local bully and their arch-enemy. But by Sunday, Tug Slatter becomes the last of their worries because somehow overnight civilization is in ruins. Adults have become murderously insane – literally. They're infected with an uncontrollable urge to kill the young. Including their own children. As Nick and Steve try to escape the deadly town covered with the mutilated bodies of kids, a group of blood-thirsty adults ambushes them. Just a day before they were caring parents and concerned teachers, today they are savages destroying the future generation. Will Nick and Steve manage to escape? Is their hope that outside the Doncaster borders the world is 'normal' just a childish dream? *Blood Crazy*, first published in 1995, is a gripping, apocalyptic horror from Simon Clark.

Breakcore Andrew Whelan,2009-05-27 Peer-to-peer music exchange, sampling, and digital distribution have garnered much attention in recent years, notably in debates about authorship, intellectual property, media control, and ‘Web 2’. However, empirical scholarship on how these technologies are used creatively by musicians and fans is still sparse. In this interdisciplinary ethnography of ‘bedroom producer’ culture, Andrew Whelan examines interaction and exchange within a specific online milieu: peer-to-peer chatrooms dedicated to electronic music, focusing on a genre known as ‘breakcore’. The author draws on semantic anthropology, ethnomethodology, sociolinguistics, and critical musicology to explore the activity afforded by this controversial and criminalised environment. Through in-depth analysis of often ritually vituperative text-based interaction, discussions of music, and the samples used in that music, Whelan describes the cultural politics and aesthetics of bedroom producer identity, highlighting the roles gender and ethnicity play in the constitution of subcultural authenticity. Empirically driven throughout, this book also engages with a spectrum of social theory; in doing so, it highlights the intersections between gender, interaction, technology and music. This book will prove valuable for students and scholars with interests in gender and language use, computer-mediated communication, online subcultures and virtual community, and the evolution, production and distribution of electronic music.

The Last Tortilla Sergio Troncoso,2015-03-18 She asked me if I liked them. And what could I say? They were wonderful. From the very beginning of Sergio Troncoso's celebrated story Angie Luna, we know we are in the hands of a gifted storyteller. Born of Mexican immigrants, raised in El Paso, and now living in New York City, Troncoso has a rare knack for celebrating life. Writing in a straightforward, light-handed style reminiscent of Grace Paley and Raymond Carver, he spins charming tales that reflect his experiences in two worlds. Troncoso's El Paso is a normal town where common people who happen to be Mexican eat, sleep, fall in love, and undergo epiphanies just like everyone else. His tales are coming-of-age stories from the Mexican-American border, stories of the working class, stories of those coping with the trials of growing old in a rapidly changing society. He also explores New York with vignettes of life in the big city, capturing its loneliness and danger. Beginning with Troncoso's widely acclaimed story Angie Luna, the tale of a feverish love affair in which a young man rediscovers his Mexican heritage and learns how much love can hurt, these stories delve into the many dimensions of the human condition. We watch boys playing a game that begins innocently but takes a dangerous turn. We see an old Anglo woman befriending her Mexican gardener because both are lonely. We witness a man terrorized in his New York apartment, taking solace in memories of lost love. Two new stories will be welcomed by Troncoso's readers. My Life in the City relates a transplanted Texan's yearning for companionship in New York, while The Last Tortilla returns to the Southwest to explore family strains after a mother's death—and the secret behind that death. Each reflects an insight about the human heart that has already established the author's work in literary circles. Troncoso sets aside the polemics about social discomfort sometimes found in contemporary Chicano writing and focuses instead on the moral and intellectual lives of his characters. The twelve stories gathered here form a richly textured tapestry that adds to our understanding of what it is to be human.
