It Was All a Dream B. MAC,2016-04-05 It Was All a Dream by B. MAC It Was All a Dream captures the mind of people who love music, comedy and family gatherings. In the hood, there is always that one dude who is trying to be successful in the music industry, but has it hard finding his way. Most of the time, he is better than a lot of the artists in the business. However, he lacks

resources and the right promotion. No matter what, his hunger won't let him quit. He will stop at nothing to be successful; even if it means rap wars, constant battles, club fights and gun play. *It Was All a Dream* is a work of fiction that everyone from the ghetto can relate to. Most people in the rap industry will agree with the hardship of being successful, while others will act as if it simple. But the challenge the artist and producer go through in this book would make any real up-and-coming artist laugh and wonder, at the same time, if he or she really wants to be an artist.

Inside of the Game Mac Goldie,2021-05-13 Fresh out of the penitentiary, Mac Goldie plants his feet on Atlanta concrete. Taking a whiff of freedom, inhaled by the newly released convict, instantly told him the time to win was finally here. Filled with mental richness in thought, his current condition didn't faze him. Goldie had the hunger to win and was on the prowl like the American

werewolf of Paris. So much terrain to cover in a short amount of time was all he thought in order to get himself back into position and his eyes was on the prize. Atlanta is a southern jewel for players out Tennessee, making it a second home for making easy money, pimping hoes in style. Mac Goldie was there to bring it all in and cash it all out in every sense of the word. Being inside of the game wasn't a fantasy it was a reality meant for him to conquer. By turning every page of this book, let your mind enjoy the adventures as he makes history with every step he takes.

Derek Takes Action Mac Black,2015-06-07 Derek has a cause but, being Derek, he also has a host of misunderstandings to sort out, mistakes to rectify and a wife to mollify. As a natural leader, he knows that beating the Railway Developers is down to him. As a natural disaster area, we know it is unlikely to go quite to plan. In Mac Black's fifth and final Derek book the plot is stirred as poor gullible Derek tries his best and makes us laugh all the way to the end!

Armed & Dangerous Mac Krazie,2019-09-28 DeJuan Loco Monroe, and a long-time friend from high school, were knee-deep in the street. They committed a wide-range of violent crimes, from robberies to home invasions, and car jackings to murder. During a particular course of events, things quickly turned lethal, and began to unravel in a way Loco couldn't have imagined. Friends turned into enemies, allies turned into informants, and the person closest to him, displayed signs of vulnerability. What will be the outcome? Prison? Death? A life on the run? Only time will reveal the essence of what's to come. There's a price to pay, when you demand respect from, and instill fear in those around you. Will it be too late for Loco, once the police issue an APB for his arrest? Will he be apprehended safely, or will they kill him upon discovery, since he's been considered.... ARMED & DANGEROUS!

The Story of the Selma Voting Rights Marches in Photographs David Aretha,2014-01-01 The Civil Rights Act of 1964 was a momentous victory for civil rights activists, but one major obstacle remained in the path toward equal rights for African Americans: the right to vote. In the South, segregationists prevented African Americans from voting. Civil rights leaders believed it was time for strong action and chose Selma, Alabama, as the rallying point. There, the marches and protests captured the nation's attention. Through gripping primary source photographs, author David Aretha explores this important time in American history.

Undemocratic Jay Sekulow,2015-05-19 Jay Sekulow—one of America’s most influential attorneys—explores a post Obama landscape where bureaucracy has taken over our government and provides a practical roadmap to help take back our personal liberties. Jay Sekulow is on a mission to defend Americans’ freedom. The fact is that freedom is under attack like never before. The threat comes from the fourth branch of government—the biggest branch—and the only branch not in the Constitution: the federal bureaucracy. The bureaucracy imposes thousands of new laws every year, without a single vote from Congress. The bureaucracy violates the rights of Americans without accountability—persecuting adoptive parents, denying veterans quality healthcare, discriminating against conservatives and Christians for partisan purposes, and damaging our economy with job-killing rules. Americans are bullied by the very institutions established to protect their right to life, liberty, and the pursuit of happiness. Our nation’s bureaucrats are on an undemocratic power trip. But Sekulow has a plan to fight back. We can resist illegal abuse, we can reform a broken system,

and we can restore American democracy. This book won't just tell you how to win, it will show you real victories achieved by Sekulow and the American Center for Law and Justice. Unless we can roll back the fourth branch of government—the most dangerous branch—our elections will no longer matter. Undemocratic is a wake-up call, a call made at just the right time—before it's too late to save the democracy we love.
