**The Doomsday Mother** John Glatt,2022-01-18 In The Doomsday Mother, bestselling true crime author John Glatt tells the twisted tale of Lori Vallow, accused of having her two children murdered to start a new life with her new husband, doomsday prepper Chad Daybell. At first, the residents of Kauai Beach Resort took little notice of their new neighbors. The glamorous blonde and her tall husband fit the image of the ritzy gated community. The couple seemed to keep to themselves—until the police knocked on their door with a search warrant. Lori Vallow and Chad Daybell had fled to Hawaii in the midst of being investigated for the disappearance of Lori's children back in Idaho—Tylee and JJ—who hadn't been seen alive in five months. For years, Lori Vallow had been devoted to her children and her Mormon faith. But when her path crossed with Chad Daybell, a religious zealot who taught his followers how to prepare for the end-times, the tumultuous relationship transformed her into someone unrecognizable. As authorities searched for Lori's children, they uncovered more suspicious deaths with links to

both Lori and Chad, including the death of Lori's third and fourth husbands, her brother, and Chad's wife. In June 2020, the gruesome remains of JJ and Tylee were discovered on Chad's property, and the newlyweds were arrested and charged with murder. And in a shocking development, horrifying statements revealed that the couple's fanatical beliefs had convinced them the children had become zombies--a belief that may have led to their deaths. Bestselling author and journalist John Glatt takes readers deeper into the devastating story of Lori Vallow and Chad Daybell in an attempt to unravel the lethal relationship of this doomsday couple.

*The Gates of Europe* Serhii Plokhy,2017-05-30 A New York Times bestseller, this definitive history of Ukraine is "an exemplary account of Europe's least-known large country" (Wall Street Journal). As Ukraine is embroiled in an ongoing struggle with Russia to preserve its territorial integrity and political independence, celebrated historian Serhii Plokhy explains that today's crisis is a case of history repeating itself: the Ukrainian conflict is only the latest in a long history of turmoil over Ukraine's sovereignty. Situated between Central Europe, Russia, and the Middle East, Ukraine has been shaped by empires that exploited the nation as a strategic gateway between East and West—from the Romans and Ottomans to the Third Reich and the Soviet Union. In The Gates of Europe, Plokhy examines Ukraine's search for its identity through the lives of major Ukrainian historical figures, from its heroes to its conquerors. This revised edition includes new material that brings this definitive history up to the present. As Ukraine once again finds itself at the center of global attention, Plokhy brings its history to vivid life as he connects the nation's past with its present and future.
