Aimé Césaire

Microsoft Office 97 Professional Sarah E. Hutchinson-Clifford, Sarah Hutchinson Clifford, Glen J. Coulthard, 1998
This text provides an integrated approach to Microsoft Office. It is suitable for literacy courses with a concentration on computer concepts, as well as other courses that require briefer apps coverage. It features a document-centered approach, real-life profiles and student-focused projects.

Discourse on Colonialism Aimé Césaire, 1972 This classic work, first published in France in 1955, profoundly influenced the generation of scholars and activists at the forefront of liberation struggles in Africa, Latin America, and the Caribbean. Nearly twenty years later, when published for the first time in English, *Discourse on Colonialism* inspired a new generation engaged in the Civil Rights, Black Power, and anti-war movements and has sold more than 75,000 copies to date. Aimé Césaire eloquently describes the brutal impact of capitalism and colonialism on both the colonizer and colonized, exposing the contradictions and hypocrisy implicit in western notions of progress and civilization upon encountering the savage, uncultured, or primitive. Here, Césaire reaffirms African values, identity, and culture, and their relevance, reminding us that the relationship between consciousness and reality are extremely complex. . . . It is equally necessary to decolonize our minds, our inner life, at the same time that we decolonize society. An interview with Césaire by the poet René Depestre is also included. -- Amazon.com.
