There, the marches and protests captured the nation's attention. Through gripping primary source photographs, author David Aretha explores this important time in American history.

Undead and Unsure MaryJanice Davidson,2013-08-06 Vampire queen Betsy Taylor is back—and there's going to be hell to pay... After her recent trip to hell, Betsy isn't exactly sorry she killed the devil, even though it's put her sister Laura in a damnable position: forced to assume the role of Satan—she may not have the training, but she sure looks great in red—and in charge of billions of souls now that she's moved up in the world. Or is that down? But Betsy's in an odd new situation as well—that of being a monarch suddenly in charge of all things earthbound, like her husband, Sinclair, who has gone from relieved to ecstatic to downright reckless now that he can tolerate sunlight. As if that wasn't enough, Betsy and Sinclair's adopted little BabyJon is finally starting to walk. And if the increasingly unpredictable toddler is anything like his extended family, precisely where he's headed is anyone's guess.

**The Making of Tomb Raider** Daryl Baxter,2021-12-20 Back in 1994 at the game company ‘CORE Design’ in Derby, Lara Croft was born. Through eighteen months of pure hard work from the team, Tomb Raider was released in 1996 and became the success that we see today; taking part in the mid-nineties celebrations of Brit-Pop and Girl Power. This is the story of the team who were involved in creating the first two games, then leaving the series to a new team in 1998. Lara Croft brought class, comedy, and a James Bondian role to the game, dreamt up by Toby Gard and helped to become a pitch with Paul Douglas. The game was a gamble, but because everyone at the company believed in it, it led to huge success for everyone, except for Toby and Paul. ‘The Making of Tomb Raider’ goes into detail of how Lara and the games were born, alongside why Toby Gard and Paul Douglas left before the sequel was released. Throughout eleven chapters of countless interviews, this book will tell you who was responsible for creating the first two games; from its levels, its music, the many voices of Lara Croft, and much more. The team also reveals all about the star of the second game; Winston the Butler, and how he came to be by Joss Charnet. Over twenty people were interviewed for this story; from the pitch for what would be Tomb Raider, alongside the challenges along the way, up until the release of Tomb Raider 2 in 1997...
