Language Development and Developmental Language Disorder Peter Jordens,2022-06-06 Acquisition of the native language proceeds in a stage-wise manner for both typically developing (TD) children and children with developmental language disorder (DLD). As shown in TD children learning Dutch and German, the ability to establish contextual cohesion serves as the driving force to proceed from a simple, lexical system to a more complex, functional system. It is argued that precisely this ability is challenged in children with DLD. The present book offers an account of the functional linguistic features fit to achieve contextual cohesion in language production. It provides a rationale for practitioners to develop linguistically founded tools to be used in speech therapy.

Tall Tales Al Jaffee,2015-01-06 An anthology of the innovative vertical comic strip by the legendary MAD Magazine contributor—with an introduction by Stephen Colbert. Tall Tales was a one-of-a-kind newspaper strip that could only have come from the mind of Al Jaffee. While other newspaper strips are square, single-panel or multiple-panel horizontal gag cartoons, Jaffee, known for the Fold-In in MAD Magazine, once again altered the format of his work to create a vertical strip—the first, and last, in newspaper history. The original comic strip was syndicated internationally by the New York Herald Tribune from 1957–1963. This anthology contains the best 120 wordless strips out of over 2,200, scanned from the original files. The book features a new preface by Jaffee and an introduction by Stephen Colbert.
