Mansions of the Moon for the Green Witch Ann Moura,2010-12-08 Ann Moura, the author of the popular Green Witchcraft series, is back with a new, one-of-a-kind spellbook on lunar magic. This is the only guidebook available that uses Mansions of the Moon correspondences to empower Esbat rituals and spellwork. The moon goes through twenty-eight distinct mansions, or sections of the sky, as it travels through the twelve signs of the zodiac. Each mansion is appropriate for certain types of magic, as described in ceremonial magic books, such as Agrippa's Three Books of Occult Philosophy or Barrett's The Magus. Now this esoteric information is available to Witches, complete with suggested workings for both the waxing and the waning lunar phase in each mansion. Moura provides the tools, the instruction, and examples of how to utilize the Mansions of the Moon to add depth and potency to your spells and rituals. More than one hundred workings are presented, including candle spells, charm bags, meditations, magical oils, talismans, amulets, incense, teas, and much more.

Magic in the Moonlight Janece Hélène Butterfly,2015-12-17 Magic in the Moonlight is a mystical tale of magic; a story of love, friendship, faith, and trust in wishes granted. This story was told to me by Barn Owl at Barn Hill,

Western Australia, under the magic of the full moon. Barn Owl granted me the gift of understanding and permission to share this with you. How can you have a wish come true if you don't have a wish list and the belief they will be granted? My wish list is constantly being ticked. Write your wish list, and read it out loud often. The power of the spoken word is greater than the thought or written word. Butterfly blessings. Xxxx

Moon Lore Elizabeth Pepper, 2002 All hail to thee, Queen of heaven Thou showest two horns to mark six days, And on the seventh will divide thy crown in two. On the fourteenth day, turn thy full face unto us. Seven is the Moon's mystic number, because each one of its four phases is completed in seven days. Nineteen is a sacred number in Old Irish and Celtic lore, for the sequence of Moon phases within a single zodiac sign is repeated every 19 years. As both the largest and the brightest object in the night sky, and the only one to appear in phases, the Moon has been a rich source of myth for as long as there have been myth-makers. Elizabeth Pepper's Moon Lore is a compendium of lunar tales, charms, chants, and curses from ancient time to the present.

Encyclopedia of American Short Films, 1926-1959 Graham Webb,2020-07-10 Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon, a newsreel, possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest: an unusual travelogue, a comedy, musical revues, sports, nature or popular vaudeville acts. With the advent of sound-on-film in the mid-to-late 1920s, makers of earlier silent short subjects began experimenting with the short films, using them as a testing ground for the use of sound in feature movies. After the Second World War, and the rising popularity of television, short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s.
