Folktales of the Jews, Volume 1 Dov Noy,Dan Ben-Amos,Ellen Frankel,2006-09-03 Tales from the Sephardic Dispersion begins the most important collection of Jewish folktales ever published. It is the first volume in Folktales of the Jews, the five-volume series to be released over the next several years, in the tradition of Louis Ginzberg's classic, Legends of the Jews. The 71 tales here and the others in this series have been selected from the Israel Folktale Archives, Named in Honor of Dov Noy, The University of Haifa (IFA), a treasure house of Jewish lore that has remained largely unavailable to the entire world until now. Since the creation of the State of Israel, the IFA has collected more than 20,000 tales from newly arrived immigrants, long-lost stories shared by their families from around the world. The tales come from the major ethno-linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs, especially rich in Jewish content and context. Each of the tales is accompanied by in-depth commentary that explains the tale's cultural, historical, and literary background and its similarity to other tales in the IFA collection, and extensive scholarly notes. There is also an introduction that describes the Sephardic culture and its folk narrative tradition, a world map of the areas covered, illustrations, biographies of the collectors and narrators, tale type and motif indexes, a subject index, and a comprehensive bibliography. Until the establishment of the IFA, we had had only limited access to the wide range of Jewish folk narratives. Even in Israel, the gathering place of the most wide-ranging cross-section of world Jewry, these folktales have remained largely unknown. Many of the communities no longer exist as cohesive societies in their representative lands; the Holocaust, migration, and changes in living styles have made the continuation of these tales impossible. This volume and the others to come will be monuments to a rich but vanishing oral tradition.

Barbarians in the Sagas of Icelanders William H. Norman,2021-07-29 This book explores accounts in the Sagas of Icelanders of encounters with foreign peoples, both abroad and in Iceland, who are portrayed according to stereotypes which vary depending on their origins. Notably, inhabitants of the places identified in the sagas as Írland, Skotland and Vínland are portrayed as being less civilized than the Icelanders themselves. This book explores the ways in which the Íslendingasögur emphasize this relative barbarity through descriptions of diet, material culture, style of warfare and character. These characteristics are discussed in relation to parallel descriptions of Icelandic characters and lifestyle within the Íslendingasögur, and also in the context of a tradition in contemporary European literature, which portrayed the Icelanders themselves as barbaric. Comparisons are made with descriptions of barbarians in classical Roman texts, primarily Sallust, but also Caesar and Tacitus, showing striking similarities between Roman and Icelandic ideas about barbarians.

Magic, Culture and the New Economy Robert Willim,Orvar Löfgren,2020-09-08 What happens when economies 'heat up'? This book looks at the 1990s, years of intense economic experimentation, when buzz words such as 'network society', 'the experience economy', 'creative cities' and 'glocalization' were everywhere. A fascinating perspective on 'The New Economy' emerges as the authors explore the worlds of coolhunters, biotech brokers, career coaches, software entrepreneurs and event managers and tackle such questions as: - how is magic used in the quest for newness and change? - what happens when cultural techniques such as branding and styling colonize new arenas? - what turns out to be just a flash-in-the-pan and what has a lasting impact? This book is essential reading for anyone wishing to understand how economies operate in periods of rapid transformation.
