The Christmas Princess Mariah Carey, Michaela Angela Davis, 2022-11-01 Inspired by Mariah Carey's childhood, *The Christmas Princess* is an unforgettable holiday story, told by the Queen of Christmas herself with Michaela Angela Davis and featuring beautiful illustrations by Fuji Takashi. The Queen of Christmas introduces . . . Little Mariah! There was one time unlike any other, when everyone pitched in and helped one another . . . CHRISTMAS TIME! Mariah Carey, lovingly and aptly known as the Queen of Christmas, has brought forth a unique, heartwarming, and modern fairy tale with *The Christmas Princess*, starring Little Mariah! Like her historic, globally adored song "All I Want for Christmas Is You," this story is an instant and inclusive family holiday classic. While firmly placed in the tradition of Christmas storytelling, *The Christmas Princess* is infused with her one-of-a-kind festive Mariah magic and musicality. Little Mariah doesn't have much and doesn't want a lot, but there is just one thing she longs for: a peaceful and joyous holiday season. Feeling outcast and alone, Little Mariah sets off on a wintry, wondrous journey, ultimately discovering the healing power of her voice to spread

the spirit of Christmas at home and all around the world.

Twitter Power Joel Comm, 2009-03-17 Get the business leader's guide to using Twitter to gain competitive advantage. Since 2006, forward-thinking companies like Apple, JetBlue, Whole Foods, and GM have discovered the instant benefits of leveraging the social media phenomenon known as Twitter to reach consumers directly, build their brand, and increase sales. Twitter is at the leading edge of the social media movement, allowing members to connect with one another in real time via short text messages?called tweets?that can be received either via the Twitter site or by e-mail, instant messenger, or cell phone. Many companies have started building entire teams within their organization dedicated solely to responding to tweets from consumers about their brand. And this is just the beginning. In Twitter Power, Internet marketing and Web innovation expert Joel Comm shows businesses and marketers how to integrate Twitter into their existing marketing strategies to build a loyal following among Twitter members, expand awareness for their product or service, and even handle negative publicity due to angry or disappointed consumers. The book also presents case

studies of companies on the forefront of the Twitter movement, to help you develop your own social networking strategies. Twitter Power is the result of extensive testing and participation in the social networking community and is a must-have for any business that wants to keep up with the social media movement. Twitter Power features a foreword by Tony Robbins.

Lifelong Kindergarten Mitchel Resnick, 2018-08-28 How lessons from kindergarten can help everyone develop the creative thinking skills needed to thrive in today's society. In kindergartens these days, children spend more time with math worksheets and phonics flashcards than building blocks and finger paint. Kindergarten is becoming more like the rest of school. In Lifelong Kindergarten, learning expert Mitchel Resnick argues for exactly the opposite: the rest of school (even the rest of life) should be more like kindergarten. To thrive in today's fast-changing world, people of all ages must learn to think and act creatively—and the best way to do that is by focusing more on imagining, creating, playing, sharing, and reflecting, just as children do in traditional kindergartens. Drawing on experiences

from more than thirty years at MIT's Media Lab, Resnick discusses new technologies and strategies for engaging young people in creative learning experiences. He tells stories of how children are programming their own games, stories, and inventions (for example, a diary security system, created by a twelve-year-old girl), and collaborating through remixing, crowdsourcing, and large-scale group projects (such as a Halloween-themed game called Night at Dreary Castle, produced by more than twenty kids scattered around the world). By providing young people with opportunities to work on projects, based on their passions, in collaboration with peers, in a playful spirit, we can help them prepare for a world where creative thinking is more important than ever before.

Basil and Oregano Melissa Capriglione, 2023-06-06 Mix two parts The Great British Bake Off with one-part magical boarding school plus a generous dash of romance and you've got Basil and Oregano, a sweetly delicious lower young adult graphic novel. Porta Bella Magiculinary Academy is the finest school for the art of cooking with magic, and Basil Eyres is determined to be the top student.

On the first day of her senior year, Arabella Oregano, the daughter of a renowned chef, joins the academy for her senior year as well. The two are instantly smitten with each other, but Basil senses there's something Arabella is hiding from her. Still, the two work together to stand out from the class as the end of year culinary festival approaches. But when Arabella's secret is revealed, Basil is faced with the hardest decision of her life, which has the potential to throw her future aspirations in jeopardy.

Multipliers Liz Wiseman, Greg McKeown, 2010-06-15 Are you a genius or a genius maker? We've all had experience with two dramatically different types of leaders. The first type drain intelligence, energy, and capability from the ones around them and always need to be the smartest ones in the room. These are the idea killers, the energy sappers, the diminishers of talent and commitment. On the other side of the spectrum are leaders who use their intelligence to amplify the smarts and capabilities of the people around them. When these leaders walk into a room, lightbulbs go off over people's heads, ideas flow, and problems get solved. These are the leaders who inspire employees to stretch themselves to deliver results that surpass expectations. These are the Multipliers. And the

world needs more of them, especially now, when leaders are expected to do more with less. In this engaging and highly practical book, leadership expert Liz Wiseman and management consultant Greg McKeown explore these two leadership styles, persuasively showing how Multipliers can have a resoundingly positive and profitable effect on organizations—getting more done with fewer resources, developing and attracting talent, and cultivating new ideas and energy to drive organizational change and innovation. In analyzing data from more than 150 leaders, Wiseman and McKeown have identified five disciplines that distinguish Multipliers from Diminishers. These five disciplines are not based on innate talent; indeed, they are skills and practices that everyone can learn to use—even lifelong and recalcitrant Diminishers. Lively, real-world case studies and practical tips and techniques bring to life each of these principles, showing you how to become a Multiplier too, whether you are a new or an experienced manager. Just imagine what you could accomplish if you could harness all the energy and intelligence around you. Multipliers will show you how.

How to Avoid a Climate Disaster Bill Gates, 2021-02-16 #1 NEW YORK TIMES BEST SELLER •

In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet's slide to certain environmental disaster. In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations.

Finally, he lays out a concrete, practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly within our reach.

Your Next Five Moves Patrick Bet-David, 2021-06 From the creator of Valuetainment, the #1 YouTube channel for entrepreneurs, and “one of the most exciting thinkers” (Ray Dalio, author of *Principles*) in business today, comes a practical and effective guide for thinking more clearly and achieving your most audacious professional goals. Both successful entrepreneurs and chess grandmasters have the vision to look at the pieces in front of them and anticipate their next five moves. In this book, Patrick Bet-David “helps entrepreneurs understand exactly what they need to do next” (Brian Tracy, author of *Eat That Frog!*) by translating this skill into a valuable methodology. Whether you feel like you’ve hit a wall, lost your fire, or are looking for innovative strategies to take

your business to the next level, *Your Next Five Moves* has the answers. You will gain: CLARITY on what you want and who you want to be. STRATEGY to help you reason in the war room and the board room. GROWTH TACTICS for good times and bad. SKILLS for building the right team based on strong values. Cheap Speech Richard L. Hasen, 2022-03-08 An informed and practical road map for controlling disinformation, embracing free speech, saving American elections, and protecting democracy A fresh,

persuasive and deeply disturbing overview of the baleful and dangerous impact on the nation of widely disseminated false speech on social media. Richard Hasen, the country's leading expert about election law, has written this book with flair and clarity.”—Floyd Abrams, author of *The Soul of the First Amendment*

What can be done consistent with the First Amendment to ensure that American voters can make informed election decisions and hold free elections amid a flood of virally spread disinformation and the collapse of local news reporting? How should American society counter the actions of people like former President Donald J. Trump, who used social media to convince millions of his followers to doubt the integrity of U.S. elections and helped foment a violent insurrection? What can we do to minimize disinformation campaigns aimed at suppressing voter turnout? With piercing insight into the current debates over free speech, censorship, and Big Tech's responsibilities, Richard L. Hasen proposes legal and social measures to restore Americans' access to reliable information on which democracy depends. In an era when quack COVID treatments and bizarre QAnon theories have entered mainstream, this book explains how to assure both freedom of ideas and a commitment to

truth.

The Hawthorne Legacy Jennifer Lynn Barnes, 2021-09-07 OVER 2 MILLION COPIES SOLD OF THE #1 BESTSELLING SERIES! Intrigue, riches, and romance abound in this thrilling sequel to the beloved bestselling *The Inheritance Games*. *The Inheritance Games* ended with a bombshell, and now heiress Avery Grambs has to pick up the pieces and find the man who might hold the answers to all of her questions—including why Tobias Hawthorne left his entire fortune to Avery, a virtual stranger, rather than to his own daughters or grandsons. Thanks to a DNA test, Avery knows she's not a Hawthorne by blood, but clues pile up hinting at a deeper connection to the family than she had ever imagined. As the mystery grows and the plot thickens, Grayson and Jameson, two of the enigmatic and magnetic Hawthorne grandsons, continue to pull Avery in different directions. And there are threats lurking around every corner, as adversaries emerge who will stop at nothing to see Avery out of the picture—by any means necessary. With nonstop action, aspirational jet-setting, *Knives Out*-like family intrigue, swoonworthy romance, and billions of dollars hanging in the balance, *The Hawthorne*

Legacy will thrill Jennifer Lynn Barnes fans and new readers alike. **Don't miss the next books in the Inheritance Games saga: The Final Gambit and The Brothers Hawthorne are available now!
