

Makkah Screensaver

Ziauddin Sardar

History of Makkah ,2002 Mentions the different aspects of Makkah, and records the important historical events that have direct effect on the establishment and sacredness of Makkah as well as its religious weight. This book highlights the sites that are important whenever Makkah is mentioned like the Black Stone and Zamzarn Well.

Makkah Rosie Hankin,2003 Highly illustrated, this title in the Alpha Holy Cities series offers clear and simple information on the important religious city of Makkah. Including a brief history of the city, its social, economic and cultural development and the role of its spiritual leaders, this book looks at Makkah's development as the most holy city for the world's community of Muslims, explaining why it is the duty of all Muslims to try at least once in their lives to make a pilgrimage to Makkah. This book is suitable for a wide range of reading abilities, with key words highlighted, and think back questions that ask the reader what they have learnt so far.

The Hajj Today David E. Long,1979-06-30 The Qu'ran admonishes Muslims that the pilgrimage to the temple is an obligation due to God from those who are able to journey there. Today over one and a half million pilgrims annually fulfill this Fifth Pillar of Islam, the Hajj. Saudi Arabia conquered the Hijaz in part to protect Hajjis from abuses in the management of the Hajj. How does that country now administer the religious event that brings so many people, often poor and illiterate, into one small area to perform a variety of complex rituals? How does the government protect its visitors' health and safety, and ensure their proper guidance through the necessary rites? How does it move so many pilgrims in and out of what is essentially an out-of-the-way desert? David Long has set this thoughtful examination of the twentieth-century Hajj within its historical framework. He first provides a clear, concise description of the rituals either necessary or traditional to the proper performance of the Hajj; he then relates how the inhabitants of Mecca used to manage the pilgrimage and finally, relates how the new Saudi rulers gradually brought the Hajj service industry under government regulation. Today there is probably no agency of the Saudi government which is not at least tangentially concerned with the Hajj. Only in the area of health did there exist a history of public management. By the early nineteenth century it had become all too clear that the Hajj served to carry diseases endemic to the Orient to Europe, and by the end of that century health and quarantine procedures were under international control. Today the Saudi government has sole control of these matters. Oil revenue vastly exceeds Hajj revenues—once a major source of Saudi income—but the Hajj continues to play an enormous role in the religious, social, and political life of the country. And even in economics it structures the Saudi businessman's year and provides part- or full-time employment to more Saudi citizens than does the oil industry. This volume contains an extensive bibliography, appendixes containing statistical material on recent Hajjs, maps, and a glossary.

The Unveiling Origin of Mecca Mohammed Alal Khan,2021-09-12 The Unveiling Origin of Mecca provides insights into the history of Kaaba (Ka'ba) in Mecca. The Ka'ba is the first house built on earth. It is one of the few and perhaps the only Islamic History books that looks at modern archaeological evidence and the Holy Quran and the history of the Quran to explore the proper location of the Ka'ba. The author notes that in the Holy Quran, Mecca, sometimes also called Becca, which words are synonymous, and signify “a place of great intercourse,” is undoubtedly one of the most ancient cities in the world. Some authors imagine it to be the Mesa, or Mesha, of the Scripture and that it deduced its name from one of Ishmael's sons. It stands in a stony and barren valley, surrounded by mountains under the exact parallel with the Macoraba of Ptolemy, and about 40 Arabian miles from the sea 'Al Kolzom. There is a magnificent temple in the city, like the Colosseum at Rome. However, it is not made of such large stones but burnt bricks and round in the same manner. It has ninety or one hundred doors around it and is arched...upon entering the temple you descend ten or twelve steps of marble, and here and there about the said entrance there stand men who sell jewels and nothing else. Researching ancient Islam and the origin of Mecca, the author asserts that the Ka'ba is currently misplaced, contradicting the Holy Quran and Arabian geography. Although there are many Islamic scholars and Quran research Institutes throughout the world, sadly, none of them have yet verified the exact places, mountains surrounding Ka'ba, and its sacred area according to the Holy Quran.

The Blessed Cities of Islam, Mecca-Medina Omer Faruk Aksoy,2007 Mecca and Medina are the two sanctuaries of Islam, places which every Muslim dreams of visiting at least once in a lifetime. Mecca is believed to be the very first location of human settlement and it was the birthplace of the Prophet Muhammad, peace be upon him. The Ka'ba, found in Mecca, was raised by the Prophet Abraham from its foundations to become the direction of prayer for believers. Medina is the city in which Islamic civilization was centralized and flourished religiously, politically, and socially. Faruk Aksoy, a BBC cameraman, took hundreds of photographs of these blessed cities from the most spectacular angles. This album includes over 160 select pictures shot by Aksoy since 1980s. He provides for us a picturesque pilgrimage experience and gives us an opportunity to share in the blessings of a lifetime journey as we browse through the pages accompanied by inspirational text. Features: The Ka'ba and the Golden Gutter; The Prophet's Mosque and the Rawda; Cemeteries of Jannat al-Mualla and Jannat al-Baqi; Mount Nur; Mina, Mount Arafat.

The Architecture of the Holy Mosque, Makkah Muhammad Kamal Isamil,1998-01 Al Masjid al Haram at Makkah, the spiritual abode of Islam and the Muslim world, is a complex of holy sites and built spaces that is totally unique. In response to the ever-increasing numbers of worshippers a highly significant new project to extend, modernize and embellish the mosque and its surroundings was started in 1991.

Mecca Ziauddin Sardar,2014-10-21 Looks at the history and significance of the city of Mecca, from its early history through its sudden emergence as the religious center of an empire, to its modern incarnation and what its future could bring.

The Meaning of Mecca M E McMillan,2012-01-16 The hajj, the fifth pillar of Islam, is a religious duty to be performed once in a lifetime by all Muslims who are able. The Prophet Muhammad set out the rituals of hajj when he led what became known as the Farewell Hajj in 10 AH / 632AD. This set the seal on Muhammad's career as the founder of a religion and the leader of a political entity based on that religion. The convergence of the Prophet with the politician infuses the hajj with political, as well as religious, significance. For the caliphs who led the Islamic community after Muhammad's death, leadership of the hajj became a position of enormous political relevance as it presented them with an unrivalled opportunity to proclaim their pious credentials and reinforce their political legitimacy.

Exhaustively researched, *The Meaning of Mecca* is the first study to analyse the leadership of the hajj in the formative and medieval periods and to assess the political subtext of Islam's most high-profile religious ritual.

Makkah , 2013

Mecca and Medina Charles River Charles River Editors, Jesse Harasta, 2018-01-11 *Includes pictures *Includes a history of the region and religion before Islam *Includes footnotes and a bibliography for further reading *Includes a table of contents There is no doubt in the sanctity of Mecca, but a donkey won't become a Hajj pilgrim by just going through the motions. - Rahman Baba Whenever the Prophet...returned from a journey and observed the walls of Madinah, he would make his Mount go fast, and if he was on an animal (i.e. a horse), he would make it gallop because of his love for Madinah. - Sahih Bukhari - Book 30: Hadith 110 The reason for the existence of most of the world's cities is obvious to the student of geography. New York and Shanghai control deep ports and straddle great rivers bringing trade from the interior; Paris and London are at the crossing points of major cross-country rivers; Johannesburg sits atop a great mountain of gold ore; and Moscow and Madrid are at the heart of their great nations, easily able to control even the more distant corners of the land. Mecca is quite different, as the city exists solely because it is holy. Even centuries before the birth of the Prophet Muhammad, the leaders of Mecca established that their city was the pre-eminent holy site in western Arabia and established a truce for pilgrims to the city. In the process, one effect of this was that Mecca became a center for might today be described as tourism, as even ancient visitors needed places for food, water, and sleep. At the same time, they could make offerings in the temples and leave with mementos of their time in Mecca. Many also found it convenient to bring their trade goods to the markets of Mecca, where they could find visitors bringing interesting wares from across the region, and the city also enjoyed the status of a trade center. Of course, Mecca is now best known for being Islam's holiest city, revered as the birthplace of Muhammad and the site where Allah first revealed the Qu'ran to him. Within Mecca is the Ka'aba, a building housed within the Al-Masjid al-Haram (Great Mosque) that is considered the holiest site, and wherever they are in the world, Muslims face in the direction of the Ka'aba while praying. A pilgrimage to Mecca is considered a necessity for devout Muslims at some point in their lives, and the city itself is off limits to non-Muslims. Indeed, Mecca is so integral to Islam that the name of the city has entered the English lexicon and is a commonplace reference to any area closely associated with something (such as Paris often being called the mecca of fashion). Mecca has always been central to the faith, but it has had a somewhat turbulent geopolitical history, both because of conflicts within Islam and among neighboring nations in the Middle East. As a result, its history is often overlooked, even as most people are quite familiar with the city. Even centuries before the birth of the Prophet Muhammad, Jews settled in the area that became Medina to escape persecution at the hands of the Babylonians and Romans, meaning the area and its arid environment brought inhabitants precisely because it wasn't an attractive or resource rich area. In fact, the city fated to become the second holiest city in Islam earned that spot simply by straddling trade routes to the religious city of Mecca, which brought traders and pilgrims in large enough numbers to make it a trade center. While Mecca was Muhammad's birthplace, the Prophet spent a great deal of time in Medina, especially when he and his supporters found themselves in conflict with the Meccans. Using Medina as a base, Muhammad eventually took Mecca, and both cities became integral parts of the Caliphate that followed. This meant that even as history brought geopolitical changes, Medina remained a city of religious significance for all Muslims. *Mecca and Medina: The History of Islam's Holiest Cities* traces the history of the second most important cities in Islam.
