Service of Ladies Ulrich (von Lichtenstein), 1969 Ulrich von Liechtenstein's extraordinary account of his adventures as a knight-errant is one of the most vivid images of chivalric life to have come down to us. His knightly autobiography was written in the mid-thirteenth century, and gives an account of the journey of Venus which he undertook in 1226 in honour of his lady, in which he claimed to have broken 307 spears in jousts against all comers in the space of a month. Some of it is obviously quietly exaggerated, written for his friends' entertainment many years later, and he is not above a sly dig at the conventions of courtly love, but he completely accepts its basic ideas. It is full of lively episodes and good stories, as well as verses in honour of his lady; if the tale has been polished up for effect, it is nonetheless a thoroughly entertaining account of how a knight saw his ideal career in the jousting field.

*The Enemy at the Gate* Andrew Wheatcroft, 2009-11-10 In 1683, two empires - the Ottoman, based in Constantinople, and the Habsburg dynasty in Vienna - came face to face in the culmination of a 250-year power struggle: the Great Siege of Vienna. Within the city walls the choice of resistance over surrender to the largest army ever assembled by the Turks created an all-or-nothing scenario: every last survivor would be enslaved or ruthlessly slaughtered. The Turks had set their sights on taking Vienna, the city they had long called 'The Golden Apple' since their first siege of the city in 1529. Both sides remained resolute, sustained by hatred of their age-old enemy, certain that their victory would be won by the grace of God. Eastern invaders had always threatened the West: Huns, Mongols, Goths, Visigoths, Vandals and many others. The Western fears of the East were vivid and powerful and, in their new eyes, the Turks always appeared the sole aggressors. Andrew Wheatcroft's extraordinary book shows that this belief is a grievous oversimplification: during the 400 year struggle for domination, the West took the offensive just as often as the East. As modern Turkey seeks to re-orient its relationship with Europe, a new generation of politicians is exploiting the residual fears and tensions between East and West to hamper this change. *The Enemy at the Gate* provides a timely and masterful account of this most complex and epic of conflicts.

**Here I Stand** Roland Herbert Bainton, 2015-03 With sound historical scholarship and penetrating insight, Roland Bainton examines Luther's widespread influence. He re-creates the spiritual setting of the sixteenth century, showing Luther's place within it and influence upon it. Richly illustrated with more than 100 woodcuts and engravings from Luther's own time, *Here I Stand* dramatically brings to life Martin Luther, the great Reformer. A specialist in Reformation history, Roland H. Bainton was for forty-two years Titus Street Professor of Ecclesiastical History at Yale, and he continued his writing well into his twenty years of retirement. Bainton wore his scholarship lightly and had a lively, readable style. His most popular book was *Here I Stand: A Life of Martin Luther* (1950), which sold more than a million copies. *Hendrickson Classic Biographies* feature enduring stories about real people whose lives have been touched and transformed by God, and who in turn have touched others with God's love. Each story has been carefully selected, gently edited if necessary, and freshly typeset, making every account--be it ancient or contemporary--a compelling read. Great lives reaching across the ages to

touch lives today, encouraging, challenging, and inspiring.

**The Holy Roman Empire** James Bryce Bryce (Viscount),1873

**Reformation** Diarmaid MacCulloch,2004-09-02 The Reformation was the seismic event in European history over the past 1000 years, and one which tore the medieval world apart. Not just European religion, but thought, culture, society, state systems, personal relations - everything - was turned upside down. Just about everything which followed in European history can be traced back in some way to the Reformation and the Counter-Reformation which it provoked. The Reformation is where the modern world painfully and dramatically began, and MacCulloch's great history of it is recognised as the best modern account.

*The history of Protestantism* James Aitken Wylie,1899

**The Gniezno Summit** Roman Michałowski,2016-04-26 In The Gniezno Summit Roman Michałowski points to the significance of the relics, kept in Gniezno, of St. Adalbert, regarded as an apostle, and to Emperor Otto III's profoundly ascetic spirituality.

The Movement of the Free Spirit Raoul Vaneigem,1994 This book by the legendary Situationist activist and author of *The Revolution of Everyday Life* examines the heretical and millenarian movements that challenged social and ecclesiastical authority in Europe from the 1200s into the 1500s. Although Vaneigem discusses a number of different movements such as the Cathars and Joachimite millenarians, his main emphasis is on the various manifestations of the Movement of the Free Spirit in northern Europe. He sees not only resistance to the power of state and church but also the immensely creative invention of new forms of love, sexuality, community, and exchange. Vaneigem is particularly interested in the radical opposition presented by these movements to the imperatives of an emerging market-based economy, and he evokes crucial historical parallels with the antisystemic rebellions of the 1960s. The book includes translations of original texts and source materials.

*The Criminal Prosecution and Capital Punishment of Animals* Edward Payson Evans,1906

*Chronicles of the Schönberg-Cotta Family* Elizabeth Rundle Charles,1865 Story of the reformation in Germany.

**Re:ZERO -Starting Life in Another World-, Vol. 1 (light novel)** Tappei Nagatsuki,2016-07-19 Subaru Natsuki was just trying to get to the convenience store but wound up summoned to another world. He encounters the usual things--life-threatening situations, silver haired beauties, cat fairies--you know, normal stuff. All that would be bad enough, but he's also gained the most inconvenient magical ability of all--time travel, but he's got to die to use it. How do you repay someone who saved your life when all you can do is die?

*The Vertigo Years* Philipp Blom,2010-11-02 Examines how changes from the Industrial Revolution prior to World War I brought about radical transformation in society, changes in education, and massive migration in population that led to one of the bloodiest events in history.

**The Pursuit of the Millennium** Norman Cohn,1970-05-15 The end of the millennium has always held the world in fear of earthquakes, plague, and the catastrophic destruction of the world. At the dawn of the 21st millennium the world is still experiencing these anxieties, as seen by the onslaught of fantasies of renewal, doomsday

predictions, and New Age prophecies. This fascinating book explores the millenarianism that flourished in western Europe between the eleventh and sixteenth centuries. Covering the full range of revolutionary and anarchic sects and movements in medieval Europe, Cohn demonstrates how prophecies of a final struggle between the hosts of Christ and Antichrist melded with the rootless poor's desire to improve their own material conditions, resulting in a flourishing of millenarian fantasies. The only overall study of medieval millenarian movements, *The Pursuit of the Millennium* offers an excellent interpretation of how, again and again, in situations of anxiety and unrest, traditional beliefs come to serve as vehicles for social aspirations and animosities.

**The Female Thermometer** Terry Castle, 1995 A collection of the author's essays on the history and development of female identity from the 18th to the early 20th centuries. Throughout the book are woven themes which are constant in Castle's work: fantasy, hallucination, travesty, transgression and sexual ambiguity.

*Human Trafficking in Medieval Europe* Christopher Paoletta, 2020-08-25 Human trafficking has become a global concern over the last 20 years, but its violence has terrorized and traumatized its victims and survivors for millennia. This study examines the deep history of human trafficking from Late Antiquity to the Early Modern Period. It traces the evolution of trafficking patterns: the growth and decline of trafficking routes, the ever-changing relationships between traffickers and authorities, and it examines the underlying causes that lead to vulnerability and thus to exploitation. As the reader will discover, the conditions that lead to human trafficking in the modern world, such as poverty, attitudes of entitlement, corruption, and violence, have a long and storied past. When we understand that past, we can better anticipate human trafficking's future, and then we are better able to fight it.
