Works of Game John Sharp,2015-03-20 An exploration of the relationship between games and art that examines the ways that both gamemakers and artists create game-based artworks. Games and art have intersected at least since the early twentieth century, as can be seen in the Surrealists' use of Exquisite Corpse and other games, Duchamp's obsession with Chess, and Fluxus event scores and boxes—to name just a few examples. Over the past fifteen years, the synthesis of art and games has clouded for both artists and gamemakers. Contemporary art has drawn on the tool set of videogames, but has not considered them a cultural form with its own conceptual, formal, and experiential affordances. For their part, game developers and players focus on the innate properties of games and the experiences they provide, giving little attention to what it means to create and evaluate fine art. In Works of Game, John Sharp bridges this gap, offering a formal aesthetics of games that encompasses the commonalities and the differences between games and art. Sharp describes three communities of practice and offers case studies for each. “Game Art,” which includes such artists as Julian Oliver, Cory Arcangel, and JODI (Joan Heemskerk and Dirk Paesmans) treats videogames as a form of popular culture from which can be borrowed subject matter, tools, and processes. “Artgames,” created by gamemakers including Jason Rohrer, Brenda Romero, and Jonathan Blow, explore territory usually occupied by poetry, painting, literature, or film. Finally, “Artists' Games”—with artists including Blast Theory, Mary Flanagan, and the collaboration of Nathalie Pozzi and Eric Zimmerman—represents a more synthetic conception of games as an artistic medium. The work of these gamemakers, Sharp suggests, shows that it is possible to create game-based artworks that satisfy the aesthetic and critical values of both the contemporary art and game communities.

We Also Serve Nanette Sagastume,2011-08 Finally, a book for parents of the deployed . We Also Serve: A Family Goes to War chronicles the impact of the two most controversial wars of our time on a mother, her marriage, and her family. In 2004, Nanette Sagastume's son is sent to Fallujah, Iraq with the same battalion, company and platoon that his father served with in Vietnam. To a degree not possible in previous global conflicts, advanced technology virtually plunges Nanette and her family into real time war, where the double-edged sword of instant information can bring both agony and relief. When a suicide bomber attacks the platoon, the family suffers through the experience with painful memories, faith, and courage. In We Also Serve, Nanette shares the emotional turmoil of having a son join the military just before the country is catapulted into war. She recalls in intimate detail the toll the war took on her relationships with her husband, family, and friends. Most unexpected was the impact of the war on her husband and his Vietnam veteran friends, who relived the stress, anxiety and anger they had tried to leave behind. When two generations of warriors come together, the tale becomes one of hope and healing.

Israeli A-4 Skyhawk Units in Combat Shlomo Aloni,2013-01-20 The light and agile A-4 Skyhawk was the first modern American jet to be offered to the Israeli Air Force, marking the point where the US took over from France as Israel's chief military supplier. Deliveries began too late for the A-4 to fight in the Six-Day War, but it soon formed the backbone of the IAF's ground-attack force. From 1969 to 1970 it flew endless sorties against Egyptian forces in the War of Attrition. Then, during the Yom Kippur War, five squadrons of A-4s saw combat and 50 planes were lost as they battled against the Arab armored onslaught. Using previously unpublished first-hand accounts and rare photography from the IAF archives and pilots' private collections, Shlomo Aloni tells the definitive history of the IAF's A-4 squadrons, including the story of Ezra “BABAN” Dotan who became an ace with an unique double-kill of MiG17s.

Combat Sports David L. Hudson Jr.,2009-05-13 Fistic combat represents the greatest human drama in all of sport. Roman gladiators thrilled citizens and emperors alike when they entered the octagon to face an intense, life-threatening experience. Boxing, the sport of kings, also has its roots in the ancient civilizations of Greece and Rome. Banned in 500 A.D. by the Emperor Theodoric, it resurfaced twelve centuries later in England. John Milton praised it as a noble art for building character in young men, and sports writer A.J. Leibling dubbed it the Sweet Science. Many of its major protagonists - men such as Joe Louis, Rocky Marciano and Muhammad Ali - have become transcendent, near-mythic heroes. But boxing is not the only combat sport, and mixed martial arts, in all their ferocious beauty, represent the fastest growing sports genre in the world.

Ultimate Fighting Championships (UFC) has joined boxing in paying seven figures to some of its champions, and draws millions in its pay-per-view events. This book details leading figures in boxing, sumo wrestling, kickboxing, Greco-Roman wrestling, and mixed martial arts (including organizations such as Ultimate Fighting, PRIDE, K-1, Total Combat, and SportFighting). Over 150 entries cover champions, contenders, and other famous combatants from all over the world, as well as legendary promoters, managers, trainers, and events. Also included in this encyclopedia are sidebars on controversies, highlights, brief bios, and other noteworthy events, along with a general timeline. .

The Obituary Mario Martinez,2010-07-30 Mary Farley grew up in an Iowa orphanage. Never being adopted, she ages out from the orphanage and enrolls at Iowa State University as a ward of the state. While there, she becomes best friends with Annie Wilson, a free spirit of similar upbringing. They become nurses and travel with the Red Cross to Europe during WWII. Margie, as she is affectionately known, becomes involved with a patient who teaches her about life and death and the importance of family and survival. She eventually travels to Guatemala with a man she barely knows to keep a promise she made. Her life undergoes many changes, good and bad, while her career choices touch many people. Margie’s exploits become legendary as she is revered by friends, enemies and an entire nation. She is by no means a superwoman. She is merely a survivor. This story follows her exploits from age 10 until her death at age 79.

A History of the Mediterranean Air War, 1940-1945, Volume 5 Christopher Shores,Giovanni Massimello,Russell Guest,Frank Olynyk,Winfried Bock,Andrew Thomas,2021-12-03 “This international collaboration between air war historians is simply fantastic. . . . a deep-dive on the operations in a vast and very important theater of war.” —Air Classics During the final year of World War II, the defending Axis forces were steadily driven from southern skies by burgeoning Anglo-American power. This was despite the steady withdrawal of units to more demanding areas. This fifth volume of the series describes in detail the activities of the Allied tactical air forces in support of the armies on the ground as their opponents were steadily extracted from northern Italy and the Balkans for the final defense of the central European homeland. The book commences with coverage of the final fierce air-sea battles over the Aegean that preceded the advance northward to Rome and the ill-conceived British attempt to secure the Dodecanese islands following the armistice with Italy. The authors also deal fully and comprehensively with the advance northward following the occupation of Rome, and the departure of forces to support the invasion of France from the Riviera coast, coupled with the formation of a new Balkan Air Force in eastern Italy to pursue the German armies withdrawing from Yugoslavia and take possession of newly freed Greece. The effect of the creation within the same area of the US and RAF strategic forces to join the Allied Combined Bombing Offensive is also discussed. Includes photographs “Reflects the scope of a remarkable research effort and provides valuable detail that the reader is not going to find between two covers elsewhere.” —The NYMAS Review

Camp and Combat on the Sinai and Palestine Front E. Woodfin,2012-05-29 Dunes, sandstorms, freezing crags and searing heat; these are not the usual images of World War I. For many men from all over the British Empire, this was the experience of the Great War. Based on soldiers' accounts, this book reveals the hardships and complexity of British Empire soldiers' lives in this oft-forgotten but important campaign. **Ensign** ,2005
