Marie Pierce Weber

**Marooned** Joseph Kelly, 2018-10-30 For readers of Nathaniel Philbrick's *Mayflower*, a groundbreaking history that makes the case for replacing Plymouth Rock with Jamestown as America's founding myth. We all know the great American origin story: It begins with an exodus. Fleeing religious persecution, the hardworking, pious Pilgrims thrived in the wilds of New England, where they built their fabled "shining city on a hill." Legend goes that the colony in Jamestown was a false start, offering a cautionary tale of lazy louts hunted gold till they starved and shiftless settlers who had to be rescued by English food and the hard discipline of martial law. Neither story is true. In *Marooned*, Joseph Kelly re-examines the history of Jamestown and comes to a radically different and decidedly American interpretation of these first Virginians. In this gripping account of shipwrecks and mutiny in America's earliest settlements, Kelly argues that the colonists at Jamestown were literally and figuratively marooned, cut loose from civilization, and cast into the wilderness. The British caste system meant little on this frontier: those who wanted to survive had to learn to work and fight and intermingle with the nearby native populations. Ten years before the *Mayflower Compact* and decades before Hobbes and Locke, they invented the idea of government by the people. 150 years before Jefferson, the colonists discovered the truth that all men were equal. The epic origin of America was not an exodus and a fledgling theocracy. It is a tale of shipwrecked

castaways of all classes marooned in the wilderness fending for themselves in any way they could--a story that illuminates who we are as a nation today.

*Marooned* Jennifer Miller, 2008-12 Lost in a country that has shown Justin violence, hate and destruction, he finds a new life with love, happiness and a place to call home.

*Marooned* Christie Golden, 2002-07-04 When an alien pirate abducts Kes, U.S.S. Voyager takes off in hot pursuit, but the first rescue mission fails disastrously; an ion storm forces the shuttle to crash on an unknown world. Now Captain Janeway and her Away Team must embark on a hazardous trek through a hostile environment in search of a way off the planet, while Voyager, commanded by Chakotay, confronts an enemy fleet in the depths of space.

Maroons and the Marooned Richard Bodek, Joseph Kelly, 2020-05-15 Contributions by Richard Bodek, Claire P. Curtis, Joseph Kelly, Simon Lewis, Steve Mentz, J. Brent Morris, Peter Sands, Edward Shore, and James O'Neil Spady Commonly, the word maroon refers to someone cast away on an island. One becomes marooned, usually, through a storm at sea or by a captain as a method of punishment. But the term originally denoted escaped slaves. Though being marooned came to be associated mostly with white European castaways, the etymology invites comparison between true maroons (escaped slaves establishing new lives in the wilderness) and people who were marooned (through maritime disaster). This volume brings together literary scholars with historians, encompassing both literal maroons such as in Brazil and

South Carolina as well as metaphoric scenarios in time-travel novels and postapocalyptic narratives. Included are examples from *The Tempest*; Margaret Atwood's *MaddAddam* trilogy; *A Connecticut Yankee in King Arthur's Court*; and Octavia Butler's *Kindred*. Both runaways and castaways formed new societies in the wilderness. But true maroons, escaped slaves, were not cast away; they chose to fly towards the uncertainties of the wild in pursuit of freedom. In effect, this volume gives these maroons proper credit, at the very heart of American history.

**Marooned in Realtime** Vernor Vinge, 2004-10 On a distant future Earth where the human race has inexplicably dwindled to some three hundred members, a secretive person harbors a deadly secret that he or she is willing to kill in order to protect. By the Hugo Award-winning author of *A Deepness in the Sky* and *A Fire Upon Deep*. Reprint. 15,000 first printing.

Naked and Marooned Ed Stafford, 2014-09-30 What do you do after you walk the Amazon? Ed Stafford—adventurer extraordinaire and Guinness World Record holder for walking the length of the Amazon River—likes a challenge. Casting about for an adventure that would top the extraordinary feat he recounts in *Walking the Amazon*, Stafford decides to maroon himself on an uninhabited island in the South Pacific. His mission: to survive for sixty days equipped with nothing—no food, water, or even clothing—except the video cameras he would use to document his time. Detailing Stafford's jaw-dropping sojourn on the island of Olourua, *Naked and Marooned* is a tale of unparalleled adventure

and of one man's will to push himself to the outer limits—and survive.

*Marooned!* Brad Strickland, Thomas E. Fuller, 2008-06-30 There's no turning

back. The year is 2085, and a new teen has arrived at Mars Experimental Station One, a colony built to test humans' ability to live self-sufficiently in an alien and hostile environment. Already in existence for ten years, Marsport is a functioning city of two thousand people -- with only twenty teenagers. These teens, part of the controversial Asimov Project, were hand selected from the billions on Earth and are always under the watchful eyes of the adults. The newcomer, Sean, is a fifteen-year-old orphan who acts tough but secretly thinks he can't measure up to the others. His companions are Jenny, also fifteen, an ethereal blond whose frail looks belie her fierce intelligence, and Alex, a fourteen-year-old pilot in training who doesn't always know his boundaries. They each have reasons to doubt themselves...and distrust each other. But one thing is certain: Mars offers them something Earth never could. When the existence of Marsport is suddenly threatened, the group must overcome their fears and join forces, for their survival depends on nothing less.

**Marooned in Realtime** Vernor Vinge, 2004-10-01 Multiple Hugo Award winner Vernor Vinge takes readers on a fifty-million-year trip to a future where

humanity's fate will be decided in a dangerous game of high-tech survival. In this taut thriller, a Hugo finalist for Best Novel, nobody knows why there are only three hundred humans left alive on the Earth fifty million years from now. Opinion is fiercely divided on whether to settle in and plant the seed of mankind anew, or to continue using high-energy stasis fields, or bobbles, in venturing into the future. When somebody is murdered, it's obvious someone has a secret he or she is willing to kill to preserve. The murder intensifies the rift between the two factions, threatening the survival of the human race. It's up to 21st century detective Wil Brierson, the only cop left in the world, to find the culprit, a diabolical fiend whose lust for power could cause the utter extinction of man. Filled with excitement and adventure, Vinge's tense SF puzzler will satisfy readers with its sense of wonder and engaging characters, one of whom is a murderer with a unique *modus operandi*. Marooned On The Pirate Coast Melinda Rice, 2002-07-01 In the early 1820s, eleven-year-old Georgina is excited to be moving to the wild Texas frontier with her family. But those dreams are dashed when their ship sinks during a storm. Georgie finds herself marooned alone, scared, and soaking wet on the Texas coast inhabited only by Karankawa natives. She doesn't think things can get any worse, but then she's rescued by pirates led by Jean Laffite! This book in the Lone Star Heroines series brings to life real Texas history with a background chapter on the Karankawa natives, the founding of Galveston and the hurricanes that regularly threaten it, and biographies of Laffite and some famous Texans who met him. Look for other stories of Lone Star Heroines and Lone Star Heroes for boys, too.

**Marooned in the Arctic** Peggy Caravantes, 2016-03-01 The first and only young adult book about Ada Blackjack and her remarkable, true-life survival story In 1921, four men ventured into the Arctic for a top-secret expedition—an attempt to claim the remote, uninhabited Wrangel Island in northern Siberia for Canada. With the men was a 23-year-old Inuit woman named Ada Blackjack, who had signed on as a cook and seamstress to earn money to care for her sick son, left at home. Conditions soon turned dire for the team when, after rations ran out, they were unable to kill enough game to survive. Three of the men tried to cross the frozen Chukchi Sea for help but were never seen again, leaving Ada with one remaining, ill team member whom she cared for but

who soon died of scurvy. Determined to be reunited with her son, Ada learned to survive alone in the icy world by trapping foxes, catching seals, and avoiding polar bears. She taught herself to shoot a shotgun and a rifle. After Ada was finally rescued in August 1923, after two years total on the island, she became an instant celebrity, with newspapers calling her a real female Robinson Crusoe. The first and only young adult book about Ada Blackjack and her remarkable story, *Marooned in the Arctic* includes sidebars on relevant topics of interest to teens, such as the uses of cats on sailing ships, the phenomenon known as Arctic hysteria, and various aspects of Inuit culture and beliefs.

*Marooned in Africa* Marie Pierce Weber, 2009-08 *Marooned in Africa* is an exciting adventure set in the wild and untamed forests of West Africa. A young female biologist is separated from her group, and is storm-tossed on the Expedition yacht into a huge tidal basin, alone. Paula goes ashore to explore, where she is seen and followed by natives, who capture her and take her far inland to be a trophy wife for their chief. Subjected to ritual combat for status, she knows mutilation will soon follow if she does not escape. Once into the forest, she becomes disoriented and follows the wrong trail, ending up on a hillside full of lion dens. Unaware that she is being followed and also stalked, she is confronted by lions and within moments of becoming dinner, is saved by a lone traveler. The journey back to the cove is enlivened by animal encounters, and campfire stories that take her back to

times long gone with glimpses into the unknown and savage secrets of Africa. Along the way a unique relationship develops with the man who saved her from the lions, but neither one wants to be the first to express their feelings, until an unexpected decision is made and changes everything.

**Marooned in the Creeks** J. H. O. Olowe, 2011-12 After Joshua Olowe earned his bachelor's degree in 1978, he took part in the compulsory National Youth Service Corp (NYSC) program in Nigeria. Along with his teaching partner, Samuel, Joshua served for one year in the Koloama District in the Niger Delta area as an English teacher. But though he set out to make a difference in the lives of members of the community, he encountered debilitating setbacks. Filled with rich detail and intense emotion, *Marooned in the Creeks* tells one man's story of navigating the challenges, joys, and opportunities of being a social and geographic transplant into an unfamiliar world. Olowe shares how his work within the small Ijaw community of Ukubie along the Akpoi creek offered him firsthand knowledge of the hardship and travails these people endured, and mirrored his own strategies and struggles he adopted to survive. Despite disliking his post and having no chance to relocate, Olowe decided to make the best of the situation. He formed an incredibly close bond with the place and the people, and found attitudes far different from his own. He details his confrontations with the school principal, his love affair with the intriguing Ebitonye, and the strange inner workings of the village

itself. A compelling narrative, *Marooned in the Creeks* reveals how a single eye-opening experience can forever change our perception on life.

*Marooned in Moscow* Marguerite Harrison, 1921 An account of the author's journey into Russia via the Polish Front in 1920 as a correspondent of the Baltimore Sun and the Associated Press. Intending to stay for six weeks, she stayed for eighteen months, ten of which were spent in prison.
