Interactive Gambling Nerilee Hing, Sally Gainsbury, Alex Blaszczyński, Robert Wood, Dan Lubman, Alex Russell, 2014 This report investigates how Australians are using interactive gambling services and the impact of such online gambling on non-online gambling and gambling related problems. Interactive gambling is a joint term capturing gaming and wagering on the Internet. A research study was conducted over three years and included a nationally representative telephone survey of 15,006 people, an online survey of 4,594 gamblers, interviews with 81 interactive gamblers, and data from gambling help services. This study provides a baseline of who, what, when, why and how people gamble, using interactive technology in Australia.

Are Abstract Concepts Like Dinosaur Feathers? Anna Jelev, 2014-11-18 The human nervous system evolved for the control of complex physical actions. Yet, we are far from understanding the human capacity for complex abstract thought. One theory suggests that both abstract and concrete thinking is based on a single perceptual mechanism grounded in physical experience. Asking the question posed by psychologist Daniel Casasanto whether abstract concepts are like dinosaur feathers we investigate the evolutionary processes that allowed humans to deal with abstract phenomena by putting them in concrete terms. After all, we frequently resort to analogies, similes or metaphors when describing the intangible. We may say put that into words as if words were containers into which thought can be stored. Conceptual Metaphor Theory goes a step further by saying that not only do we speak about abstract concepts in physical terms, but we think about them in this manner as well. However, the theory itself has been vigorously criticised because its principal theses are considered impossible to falsify. The author of this

book proposes a new perspective on the conceptual role of metaphors. Filled with theoretical analyses and empirical research on the speech and gesture of seeing, blind and visually impaired children, this book demonstrates that the basis for abstract thought may well lie in physical experience.

Wash Your Hands Frédéric Saldmann, 2008-12-31 Did you know that the brown spots on apples are carcinogenic? That gardening can lead to Legionnaire's disease? That a toothbrush can pass on the hepatitis virus, or that an improperly cared-for cavity can endanger your heart? These health risks—the very real results of diminished attention to personal hygiene, especially hand-washing—crop up in every part of daily life, from working and eating out to staying in and spending time around the house. Some threaten us not only on an individual level, but a global one as well. From allergies to the possibility of an avian flu pandemic, Dr. Frédéric Saldmann examines in detail the many dangers that may lie in wait and sets out simple measures for keeping them at a safe distance—his number one mandate being washing your hands as often and as thoroughly as possible. A nationally recognized expert in his native France, Dr. Saldmann introduces readers to new studies that show the incredible range of germs transmitted by our hands in the most commonplace interactions. This book not only concerns the bacterial dangers of bad hygiene, but presents a panoramic survey of health-endangering practices, rumors, and fears amok on the contemporary scene, offering a compendium of answers, advice, and condensed research in a single, handy reference. Other features include sections on psychological health and beating bad habits and on epidemics and worldwide health scares. Dr. Saldmann combines scientific study and practical advice in this veritable handbook for the personal hygiene our times demand. Rich in research, anecdotes, and

unexpected humor, *Wash Your Hands!*, is a no-nonsense manual that is imperative to our daily lives.

Youth Gambling Jeffrey L. Derevensky, Daniel T. L. Shek, Joav Merrick, 2011-10-27 Youth gambling represents a potentially serious public policy and health issue. Nevertheless, the rise in youth gambling issues and problems in the global context is not matched with a parallel increase in research on adolescent gambling. As such, there is an urgent need to conduct more studies on adolescent gambling behaviour. Recently significant advances in the knowledge of the risk factors associated with adolescent problems has emerged. This book addresses issues related to prevalence, assessment, prevention and treatment of youth gambling problems as well as concerns related to technological changes associated with youth problem gambling.

Gibraltar International Monetary Fund, 2007-05-21 Gibraltar's Detailed Assessment Report on Anti-Money Laundering (AML) and Combating the Financing of Terrorism is reviewed. The principal AML risk to Gibraltar is lodged in its professional sector, which is likely to be involved in the layering and integration of proceeds of crime. There is also some risk to Gibraltar at the placement stage, in connection with drug trafficking, migrant smuggling, and organized crime in southern Spain. The Financial Services Commission in Gibraltar has established a strong, risk-based framework for financial institutions for AML.

Mauritius International Monetary Fund, 2008-12-11 A detailed assessment report on Anti-Money Laundering and Combating the Financing of Terrorism for Mauritius is discussed. Mauritius is well placed to capitalize on its national strategy to diversify its economy into global financial services by

taking advantage of its linkages with both African and long-standing arrangements with the larger Asian economies. Additionally, Mauritius intends to offer new products in Islamic financial services and wealth management. The investigative and prosecutorial authorities have the necessary powers to execute their respective functions.

The Victorian Gambling Study Rosa Billi, Christine A. Stone, Paul Marden, Kristal Yeung, 2014 This report presents the final findings of the Victorian Gambling Study, a longitudinal analysis examining gambling behaviour and its impact on health. It was conducted in Victoria over a period of four years, from 2008 to 2012, with a baseline sample of 15,000 adults. The report summarises findings and learnings from all waves of the study, regarding gambling participation and prevalence, characteristics of at-risk and problem gamblers, health and wellbeing, and pathways and predictors of problem and high-risk gambling.

Gordo Jaime Cortez, 2021-08-10 This debut story collection "masterfully navigates adverse conditions of migrant life while . . . managing to find joy and amusement, love and triumph" (San Francisco Chronicle). Gordo brings readers inside a migrant workers camp near Watsonville, California in the 1970s. At the heart of these interrelated stories is a young, probably gay, boy named Gordo, who must find a way to contend with the notions of manhood imposed on him by his father. As he comes of age, Gordo learns about sex, watches his father's drunken fights, and discovers even his own documented

Mexican-American parents are wary of illegal migrants. We also meet Fat Cookie, high schooler and resident artist who runs away from home one day with her mother's boyfriend, Manny. And then there are Los Tigres, the twins who show up every season and whose drunken brawl ends with one of them rushed to the emergency room in an upholstered chair tied to the back of a pick-up truck. These scenes from Steinbeck Country are full of humor, family drama, and a sweet frankness about serious questions: Who belongs to America and how are they treated? How does one learn decency when grown adults must fear for their lives and livelihoods? Gordo "announces a vibrant new voice on the literary scene, at once wise and authentic and supremely gifted" (Booklist, starred review). Finalist for the 2022 Lambda Literary Award for Gay Fiction Longlisted for the Andrew Carnegie Medal for Excellence in Fiction

Love Circles Charles Lee Robinson, Jr., 2015-06-10 *Love Circles* is a riveting account of sexual revenge and betrayal played out over twenty-five years in the lives of three men, friends who have managed to stay friends, and are now happily married. They meet at a newly built jazz club to reminisce on all the bad relationships they have had over the years, times when they were living in a vicious love circle of life. Yet they still remained loyal to each other, despite all the other friends who betrayed them over the decades. The three have triumphed over all obstacles by learning that God is the only one who really gets revenge. The story follows Lenny, Richard, and Nathan as they learn things the hard way when their lives were put in danger. Will they prevail?
