Comprehensive Health Insurance Deborah Vines,Ann Braceland,Elizabeth Rollins,Susan H. Miller,2013-04-01 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. COMPREHENSIVE HEALTH INSURANCE: BILLING, CODING & REIMBURSEMENT, 2/e provides students with the knowledge and skills needed to work in a variety of medical billing and coding positions in the medical field. Comprehensive in approach, it covers the foundations of insurance, billing, coding and reimbursement. Students learn not only the submission of claims to the insurance carrier, but also reviewing medical records, verifying patient benefits, submitting a secondary claim, posting payments and appealing the insurance carrier's decision. This edition includes new chapters devoted to HIPAA and ICD-10-CM Medical Coding, as well as outstanding coverage of electronic records. Numerous case studies and patient files are included throughout and demonstrate refunds and appeals, auditing and compliance, Medicare calculations and professionalism.

CMS Publication 100-4 Chapter 10 Paula Long,2011-02-07 CMS Publication 100-4 Chapter 10: CMS Home Health Billing Manual This handy manual--updated to reflect 2010 changes--is a great resource for finding answers quickly and easily when you're stumped with a home health billing question. Spend less time looking for answers while receiving the most appropriate payment allowed. It's the perfect supplementary guide to your billing and payment procedures. Packed with examples, definitions, and calculations from CMS, this helpful guide also provides a quick billing reference for services and supplies, as well as tips when billing for non-routine supplies. In addition, it identifies what has changed and what has been eliminated since the start of the revised PPS. This convenient manual will help you: Understand the general guidelines for processing home health agency (HHA) claims, such as where and how to bill Report non-routine supplies on the claim Use the Common Working File (CWF) for the PPS Meet provider and supplier responsibilities regarding services subject to consolidated billing Submit requests for anticipated payment (RAPs) and claims Become adept at completing form CMS-1450 (UB-04) Identify required quality data and the payment reduction for submission failure Explore special billing situations involving OASIS assessments, multiple agencies, and more

Care Without Coverage Institute of Medicine,Board on Health Care Services,Committee on the Consequences of Uninsurance,2002-06-20 Many Americans believe that people who lack health insurance somehow get the care they really need. Care Without Coverage examines the real consequences for adults who lack health insurance. The study presents findings in the areas of prevention and screening, cancer, chronic illness, hospital-based care, and general health status. The committee looked at the consequences of being uninsured for people suffering from cancer, diabetes, HIV infection and AIDS, heart and kidney disease, mental illness, traumatic injuries, and heart attacks. It focused on the roughly 30 million-one in seven-working-age Americans without health insurance. This group does not include the population over 65 that is covered by Medicare or the nearly 10 million children who are uninsured in this country. The main findings of the report are that working-age Americans without health insurance are more likely to receive too little medical care and receive it too late; be sicker and die sooner; and receive poorer care when they are in the hospital, even for acute situations like a motor vehicle crash.

Never Pay the First Bill Marshall Allen,2021-06-22 From award-winning ProPublica reporter Marshall Allen, a primer for anyone who wants to fight the predatory health care system--and win. Every year, millions of Americans are overcharged and underserved while the health care industry makes record profits. We know something is wrong, but the layers of bureaucracy designed to discourage complaints make pushing back seem impossible. At least, this is what the health care power players want you to think. Never Pay the First Bill is the guerilla guide to health care the American people and employers need. Drawing on 15 years of investigating the health care industry, reporter Marshall Allen shows how companies and individuals have managed to force medical providers to play fair, and shows how you can, too. He reveals the industry's pressure points and how companies and individuals have fought overbilling, price gouging, insurance denials, and more to get the care they deserve. Laying out a practical plan for protecting yourself against the system's predatory practices, Allen offers the inspiration you need and tried-and-true strategies such as: Analyze and contest your medical bills, so you don't pay more than you should Obtain the billing codes for a procedure in advance Write in an appropriate treatment clause before signing financial documents Get your way by suing in small claims court Few politicians and CEOs have been willing to stand up to the medical industry. It is up to the American people to equip ourselves to fight back for the sake of our families--and everyone else.
