The 4400: Welcome to Promise City Greg Cox,2009-09-22 Based on the hit USA Network series The 4400, an original novel about a group of 4400 people taken out of their time and returned to the present day with special powers, only no one, including them, is sure if they are a force for good...or for evil. Over nine thousand people were killed in Seattle, when promicin was unleashed within the city limits. Now the Federal government has to decide how to deal with citizens who have powers and abilities that cannot be legislated. An uneasy truce has arisen between Jordan Collier, the self-styled leader of The 4400, and the Federal government. While he stopped more people from being killed, Collier was the one responsible for unleashing promicin on the world. Now governments around the world have to wonder just who controls these powerful people and just what are Collier and The 4400 going to do next?

The 4400: The Vesuvius Prophecy Greg Cox,2008-06-24 4400 taken, 4400 returned. With no memory of where they've been. And they haven't aged a day. Some have returned with startling new abilities... Eleven-year-old Maia can see the future, and she's never wrong. So when she has a vision of Mount Rainier starting to erupt, the National Threat Assessment Command takes her warning very seriously. But to track down the unknown returnee who may trigger the volcanic eruption, NTAC agents Tom Baldwin and Diana Skouris must uncover the astounding truth behind one of the greatest unsolved crimes of the twentieth century.... And they've got competition. Ruthless enemies are working against them and somehow managing to keep one step ahead of the desperate agents. With the future closing in on them, Tom and Diana must foil a lethal conspiracy -- before Seattle and the entire Pacific Northwest go the way of ancient Pompeii.

The 4400: Wet Work Dayton Ward, Kevin Dilmore,2008-10-28 1992: For nearly a decade, the international assassin known only as the Wraith has eluded authorities. Political leaders, powerful heads of business, terrorists known and suspected have numbered among the many victims until -- without explanation -- the Wraith disappears.... 2005: Tom Baldwin and Diana Skouris are investigating Jordan Collier's murder, but they're pulled off the case. Washington believes the Wraith -- a onetime freelance agent for the U.S. government -- is active again. A high-ranking CIA officer, who oversaw the rogue operator's activities, is killed. Evidence at the scene points to the Wraith and that this highly efficient killer is now a 4400. The NTAC agents only have thirteen-year-old leads to follow an assassin who was never caught. Suddenly, the Wraith kills another returnee. Why? What does this mean? Can the mounting fears of the 4400 be right? Or is this just one returnee who has gone off the track. Baldwin and Skouris need to know -- but will they find out before the Wraith completes this deadly covert objective?

4400: Promises Broken David Mack,2009-10-27 4400 taken, 4400 returned. All were given startling new abilities. Now, if you are willing to risk it all, you too can be extraordinary. Is this what the future intended to ensure the survival of the human race? Promicin -- which kills half of those who dare to inject it and grants paranormal abilities to those who survive -- is spreading across the globe and threatening to plunge the entire world into chaos. One year has passed since Jordan Collier and his followers seized control of Seattle and renamed it Promise City. U.S. armed forces have surrounded Seattle, and each day brings Collier and his Promicin-Positive Movement closer to all-out war with the world's greatest military superpower. However, the real threats are the Marked -- agents from the future whose identities are encoded into body-hijacking nanites. They were sent back to thwart the efforts of the 4400. The last three surviving Marked lurk in the shadows, working in secret as they prepare to deliver a deathblow to the planet. Caught in the crossfire are NTAC agents Tom Baldwin and Diana Skouris. His son, Kyle, and her thirteen-year-old adopted daughter, Maia, are both more loyal to Jordan's movement than to them. And when the standoff between Collier and the U.S. military explodes into open conflict, Tom, Diana, and fellow agents wind up outnumbered and outgunned. In the end, the fate of all mankind will rest in the hands of one man: Tom Baldwin.

The 4400 Terry J. Erdmann,2007 The 4400 is a fascinating sci-fi drama TV series which has captured the imagination of audiences worldwide with its strong storylines and compelling cast of characters. When 4400 missing people are suddenly returned to Earth all at once, apparently unchanged from the moments they vanished, the US government launches an investigation into the phenomenon. It gradually becomes clear that the 4400 have returned with strange new abilities, and that their presence will change the human race forever. This official Titan Books guide to The 4400 has: Foreword by Exec Producer Ira Steven Behr; The genesis of the show; Episode-by-episode guides to season 1 and season 2; Character profiles of Tom Baldwin, Diana Skouris, Richard Tyler, Lily Moore Tyler, Shawn Farrell, Kyle Baldwin, Maia Rutledge Skouris, and other recurring characters, all with actor interviews; Behind-the-scenes features on the production design, music and special effects; Afterword by co-creator Scott Peters.
