The goal is to place tents in some of the remaining squares, in such a way that the following conditions are met: – There are exactly as many tents as trees. – The tents and trees can be matched up in such a way that each tent is directly adjacent (horizontally or vertically, but not diagonally) to its own tree. However, a tent may be adjacent to other trees as well as its own. – No two tents are adjacent horizontally, vertically or diagonally. – The number of tents in each row, and in each column, matches the numbers given round the sides of the grid. math brain teasers for kids – brain teaser games for kids – mind puzzles for kids – brain puzzles for kids – brain teasers for kids with answers – maths riddles and puzzles – simple brain teasers – brain games for kids – brain twister puzzle – riddles and brain teasers with answers – best brain teaser games – logic puzzles with answers – challenging puzzle games – brain teasers for children

Math Games for Teens: Kakuro 7x7 Puzzle Collection Mike Petterson,2019-02-13 Kakuro (also known as Cross Sums) is a logical puzzle, a mathematical equivalent of crosswords. The puzzle consists of a playing area of filled and empty cells similar to a crossword puzzle. Some black cells contain a diagonal slash from top left to bottom right with numbers in them, called the clues. A number in the top right corner relates to an across clue and one in the bottom left a down clue. The object of a kakuro is to insert digits from 1 to 9 into the white cells to total the clue associated with it. However no digit can be duplicated in an entry. For example the total 6 you could have 1 and 5, 2 and 4 but not 3 and 3. ===== KEYWORDS / TAGS: math puzzles and brainteasers grades 3-5 – math puzzles for middle school – math puzzles for kids ages 8-10 – math puzzle for kids – math puzzle kids – 5th grade math puzzles – math puzzles grade 5 – 6th grade math puzzles – brain teasers for kids ages 10-12 – brain teasers for kids – brain teaser for kids – brain teaser games for teens – brain teaser kids – brain teaser 12 year old – brain teasers for kids ages 6-8 – brain teasers for kids ages 8-10 – math puzzle books for kids
