The Spy Killer Jimmy Sangster,2019-05-17 Ex-British spy John Smith is nearly broke, has bad teeth, is lousy in bed, and drinks too much. But he's no fool. He's a man who knows his own limitations and works within them. He blackmailed his way out of the secret service years ago and is barely making a living as a London private eye when his ex-wife comes calling and asks him to follow her philandering husband. But that sleazy, all-too-common job leads to some uncommon trouble...and Smith is thrown like a chunk of raw meat into a lion's den of international espionage, betrayal, and killing. His only hope of surviving is to outwit his clever and brutal adversaries at their own deadly game.--provided by publisher.

Killer German Gabler,2019-09-26 The English translation and adaption of the long lost Chilean spy comic by Germón Gabler. Lost since the 1970's, KILLER is a spy comic unlike any other featuring a rough hewn working man's spy who lives up to his name! His adventures take him across the globe as he sorts out crisis situations for a secret black ops section of the British Secret Intelligence Service (SIS). This first volume - restored and published for the first time in English - features two KILLER adventures: Intrigue in Hong Kong and The Heiress Kidnapping. If you like the rough and tumble world of espionage from writers like LeCarre', Deighton, Mitchell, and Hamilton - you'll recognize the same flavor in this international hit comic series. There are five volumes in all - each with bonus background material on real world spying and crime. Content you can only get with a Pulp 2.0 book!

Killer Lipstick Don Rauf,2007 Spy Files examines the science and technology behind the fascinating world of espionage, from mini-spy planes to spy animals, and more.

Big Brother Mark Dice,2011-01 In Big Brother: The Orwellian Nightmare Come True, Mark Dice details actual NSA high-tech spy systems, mind-reading machines, secret government projects, and emerging artificial intelligence programs that seem as if they came right out of George Orwell's novel Nineteen Eighty-Four. Orwell's famous book was first published in 1949, and tells the story of a nightmarish future where citizens have lost all privacy and are continuously monitored by the omniscient Big Brother surveillance system which keeps them obedient to a totalitarian government. The novel is eerily prophetic as many of the fictional systems of surveillance described have now become a reality. Mark Dice shows you the scary documentation that Big Brother is watching you, and is more powerful than you could imagine. - The National Security Agency - Facial Recognition Scanners - Mind Reading Machines - Neural Interfaces - Psychotronic Weapons - Orwellian Government Programs - The Nanny State - Orwellian Weapons - Artificial Intelligence - Cybernetic Organisms - A Closer Look at 1984 - Our Social Structure - The Control of Information - Perpetual State of War - The Personification of the Party - Telescreens - A Snitch Culture - Relationships in Shambles - A Heartless Society - Foreign Countries Painted as Enemies - Power Hungry Officials - An Erosion of the Language - Double Think - And More! Star Wars: Light of the Jedi (The High Republic) Charles Soule,2021-01-05 #1 NEW YORK TIMES BESTSELLER • Long before the First Order, before the Empire, before even The Phantom Menace . . . Jedi lit the way for the galaxy in The High Republic It is a golden age. Intrepid hyperspace scouts expand the reach of the Republic to the furthest stars, worlds flourish under the benevolent leadership of the Senate, and peace reigns, enforced by the wisdom and strength of the renowned order of Force users known as the Jedi. With the Jedi at the height of their power, the free citizens of the galaxy are confident in their ability to weather any storm But the even brightest light can cast a shadow, and some storms defy any preparation. When a shocking catastrophe in hyperspace tears a ship to pieces, the flurry of shrapnel emerging from the disaster threatens an entire system. No sooner does the call for help go out than the Jedi race to the scene. The scope of the emergence, however, is enough to push even Jedi to their limit. As the sky breaks open and destruction rains down upon the peaceful alliance they helped to build, the Jedi must trust in the Force to see them through a day in which a single mistake could cost billions of lives. Even as the Jedi battle valiantly against calamity, something truly deadly grows beyond the boundary of the Republic. The hyperspace disaster is far more sinister than the Jedi could ever suspect. A threat hides in the darkness, far from the light of the age, and harbors a secret that could strike fear into even a Jedi's heart.

Star Wars: The Rising Storm (The High Republic) Cavan Scott,2021-06-29 NEW YORK TIMES BESTSELLER • The heroes of the High Republic era return to face a shattered peace and a fearsome foe, following the dramatic events of Light of the Jedi. In the wake of the hyperspace disaster and the heroism of the Jedi, the Republic continues to grow, bringing more worlds together under a single unified banner. Under the leadership of Chancellor Lina Soh, the spirit of unity extends throughout the galaxy, with the Jedi and the newly established Starlight Beacon station at the vanguard. In celebration, the chancellor plans the Republic Fair, a showcase of the possibilities and the peace of the expanding Republic—a peace the Jedi hope to foster. Stellan Gios, Bell Zettifar, Elzar Mann, and others join the event as ambassadors of harmony. But as the eyes of the galaxy turn toward the fair, so too does the fury of the Nihil. Their leader, Marchion Ro, is intent on destroying this unity. His storm descends on the pageantry and celebration, sowing chaos and exacting revenge. As the Jedi struggle to curb the carnage of the rampaging Nihil, they come face-to-face with the true fear their enemy plans to unleash across the galaxy—the kind of fear from which even the Force cannot shield them.

Lagos_2060 Ayodele Arigbabu,2013-10-01 What will it be like to live in Lagos 100 years after Nigeria gained independence from the British? In 2010, eight writers came together to contribute stories to an anthology on fictional / futuristic takes on the city of Lagos via a workshop tagged LAGOS_2060, conceived to commemorate Nigeria's golden jubilee. The anthology that grew out of the workshop is telling in the different versions of the future it foretells. In LAGOS_2060 - an unusual scenario planning exercise achieved through the power and magic of a creative writing programme - there are climate change induced natural disasters actively plugged by doomsday preachers of the day, there are serious government institutions involved in first rate science and more often than not, these institutions tackle and solve the energy crisis to various degrees of success. There are wars and near wars as Lagos threatens to secede from the Nigerian state to have full control of its own economy. There are robots, amphibious speed trains, psychedelic drugs and highly trained security operatives with conflicts of interest, but more importantly, there are the ubiquitous Lagos people, whose industry and inventiveness seems largely unchanged, despite how much their city has travailed in the intervening half century.

Star Wars: The Fallen Star (The High Republic) Claudia Gray,2022-01-04 In this gripping sequel to Star Wars: The Rising Storm, the light of the Jedi faces its darkest hour. Time and again, the vicious raiders known as the Nihil have sought to bring the golden age of the High Republic to a fiery end. Time and again, the High Republic has emerged battered and weary, but victorious thank to its Jedi protectors-and there is no monument to their cause grander than the Starlight Beacon. Hanging like a jewel in the Outer Rim, the Beacon embodies the High Republic at the apex of its aspirations: a hub of culture and knowledge, a bright torch against the darkness of the unknown, and an extended hand of welcome to the furthest reaches of the galaxy. As survivors and refugees flee the Nihil's attacks, the Beacon and its crew stand ready to shelter and heal. The grateful Knights and Padawans of the Jedi Order stationed there finally have a chance to recover-from the pain of their injuries and the grief of their losses. But the storm they thought had passed still rages; they are simply caught in its eye. Marchion Ro, the true mastermind of the Nihil, is preparing his most daring attack yet-one designed to snuff out the light of the Jedi.
