**Half a King** Joe Abercrombie, 2014-07-15 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY TIME AND THE WASHINGTON POST • LOCUS AWARD WINNER “The Shattered Seas trilogy has worked its way into a very exclusive group of my favorite fantasy novels of all time.”—James Dashner, #1 New York Times bestselling author of The Maze Runner “A fast-paced tale of betrayal and revenge that grabbed me from page 1 and refused to let go.”—George R. R. Martin “I swore an oath to avenge the death of my father. I may be half a man, but I swore a whole oath.” Prince Yarvi has vowed to regain a throne he never wanted. But first he must survive cruelty, chains, and the bitter waters of the Shattered Sea. And he must do it all with only one good hand. The deceived will become the deceiver. Born a weakling in the eyes of his father, Yarvi is alone in a world where a strong arm and a cold heart rule. He cannot grip a shield or swing an axe, so he must sharpen his mind to a deadly edge. The betrayed will become the betrayer. Gathering a strange fellowship of the outcast and the lost, he finds they can do more to help him become the man he needs to be than any court of nobles could. Will the usurped become the usurper? But even with loyal friends at his side, Yarvi finds that his path may end as it began—in twists, and traps, and tragedy. **BONUS:** This edition includes an excerpt from Joe Abercrombie’s Half the World. “Tremendously entertaining . . . lightning-fast and filled with a wonderful collection of rogues, villains and two-faced bastards . . . From the first chapter [Joe Abercrombie] wastes no time as the reader is swept up in a gripping tale of betrayal and revenge.”—SciFi Now “Once this plot has its teeth in you, it will not let go. . . . Abercrombie’s masterful storytelling means that everything, from the characters that you come to love and despise, to the sprawling world that is explored, is enthralling.”—Fantasy Book Review “Abercrombie’s Shattered Sea is a fantastic yet believable backdrop to Yarvi’s struggle, a vivid imaginary land.”—The Seattle Times “Intriguing characters . . .

nonstop action.”—Chicago Tribune “Half a King is my favorite book by Joe Abercrombie so far, and that’s saying something.”—Patrick Rothfuss “As in all Abercrombie’s books, friends turn out to be enemies, enemies turn out to be friends; the line between good and evil is murky indeed; and nothing goes quite as we expect. With eye-popping plot twists and rollicking good action, Half a King is definitely a full adventure.”—Rick Riordan “Enthralling! An up-all-night read.”—Robin Hobb “Polished and sharp, perhaps his most technically proficient novel yet . . . I dare you to read the first chapter and try not to turn the next page.”—Brent Weeks “Half a King can be summed up in a single word: masterpiece. It’s a coming-of-age story. It’s a Viking saga. It’s a revenge tale and family drama and the return of the prodigal son. But most of all, it’s this: a short time alongside people as weak and blundering as we are and, in the midst of it all, as heroic. Far too short a time, as it turns out. What a wonderful book.”—Myke Cole “Half a King is full of all the adventure I’ve come to expect from Abercrombie and a tenderness I never knew he had.”—Sam Sykes

**The Idea of the Labyrinth from Classical Antiquity through the Middle Ages** Penelope Reed Doob, 2019-03-15

Ancient and medieval labyrinths embody paradox, according to Penelope Reed Doob. Their structure allows a double perspective—the baffling, fragmented prospect confronting the maze-treader within, and the comprehensive vision available to those without. Mazes simultaneously assert order and chaos, artistry and confusion, articulated clarity and bewildering complexity, perfected pattern and hesitant process. In this handsomely illustrated book, Doob reconstructs from a variety of literary and visual sources the idea of the labyrinth from the classical period through the Middle Ages. Doob first examines several complementary traditions of the maze topos, showing how ancient historical and geographical writings generate metaphors in which the labyrinth signifies admirable complexity, while poetic texts tend to suggest that the labyrinth is a sign of moral duplicity.

She then describes two common models of the labyrinth and explores their formal implications: the unicursal model, with no false turnings, found almost universally in the visual arts; and the multicursal model, with blind alleys and dead ends, characteristic of literary texts. This paradigmatic clash between the labyrinths of art and of literature becomes a key to the metaphorical potential of the maze, as Doob's examination of a vast array of materials from the classical period through the Middle Ages suggests. She concludes with linked readings of four labyrinths of words: Virgil's Aeneid, Boethius' Consolation of Philosophy, Dante's Divine Comedy, and Chaucer's House of Fame, each of which plays with and transforms received ideas of the labyrinth as well as reflecting and responding to aspects of the texts that influenced it. Doob not only provides fresh theoretical and historical perspectives on the labyrinth tradition, but also portrays a complex medieval aesthetic that helps us to approach structurally elaborate early works. Readers in such fields as Classical literature, Medieval Studies, Renaissance Studies, comparative literature, literary theory, art history, and intellectual history will welcome this wide-ranging and illuminating book.

Praise for the Shattered Sea series “The Shattered Seas trilogy has worked its way into a very exclusive group of my favorite fantasy novels of all time. The pacing is perfect, the characters deep and true and real, the world rich and authentic, the plot full of twists and turns. Perhaps my favorite part is that no one is purely good or evil: Each and every character has layers upon layers that are a joy to discover. I tore through all three books and truly hope that someday Joe Abercrombie returns to this magnificent, captivating world.”—James Dashner, #1 New York Times bestselling author of *The Maze Runner* “A fast-paced tale of betrayal and revenge that grabbed me from page 1 and refused to let go.”—George R. Getty,Kyounghye Kwon,2015 The introductions in this anthology are meant to be just that: a basic overview of what students need to know before they begin reading, with topics that students can research further. An open access literature textbook cannot be a history book at the same time, but history is the great companion of literature: The more history students know, the easier it is for them to interpret literature. In an electronic age, with this text available to anyone with computer access around the world, it has never been more necessary to recognize and understand differences among nationalities and cultures. The literature in this anthology is foundational, in the sense that these works influenced the authors who followed them. A word to the instructor: The texts have been chosen with the idea that they can be compared and contrasted, using common themes. Rather than numerous (and therefore often random) choices of texts from various periods, these selected works are meant to make both teaching and learning easier. While cultural expectations are not universal, many of the themes found in these works are.--Open Textbook Library.

**Nineteen Eighty-Four: Science Between Utopia and Dystopia** E. Mendelsohn,H. Nowotny,2012-12-06 Just fifty years ago Julian Huxley, the biologist grandson of Thomas Henry Huxley, published a book which easily could be seen to represent the prevailing outlook among young scientists of the day: *If I were a Dictator* (1934). The outlook is optimistic, the tone playfully rational, the intent clear - allow science a free hand and through rational planning it could bring order out of the surrounding social chaos. He complained, however: At the moment, science is for most part either an intellectual luxury or the paid servant of

capitalist industry or the nationalist state. When it and its results cannot be fitted into the existing framework, it and they are ignored; and furthermore the structure of scientific research is grossly lopsided, with over-emphasis on some kinds of science and partial or entire neglect of others. (pp. 83-84) All this the scientist dictator would set right. A new era of scientific humanism would provide alternative visions to the traditional religions with their Gods and the civic religions such as Nazism and fascism. Science in Huxley's version carries in it the twin impulses of the utopian imagination - Power and Order. Of course, it was exactly this vision of science which led that other grand son of Thomas Henry Huxley, the writer Aldous Huxley, to portray scientific discovery as potentially subversive and scientific practice as ultimately enslaving.

**Half a War** Joe Abercrombie, 2016-03-08 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUZZFEED AND THE INDEPENDENT

• New York Times bestselling author Joe Abercrombie delivers the stunning conclusion to the epic fantasy trilogy that began with *Half a King*, praised by George R. R. Martin as “a fast-paced tale of betrayal and revenge that grabbed me from page 1 and refused to let go.” “The Shattered Seas trilogy has worked its way into a very exclusive group of my favorite fantasy novels of all time.”—James Dashner, #1 New York Times bestselling author of *The Maze Runner* Words are weapons. Princess Skara has seen all she loved made blood and ashes. She is left with only words. But the right words can be as deadly as any blade. If she is to reclaim her birthright, she must conquer her fears and sharpen her wits to a lethal edge. Only half a war is fought with swords. The deeply cunning Father Yarvi has walked a long road from crippled slave to king’s minister. He has made allies of old foes and stitched together an uneasy peace. But now the ruthless Grandmother Wexen has raised the greatest army since the elves made war on God, and put Bright Yilling at its head—a man who worships only Death. Sometimes one must fight evil with evil. Some—like Thorn Bathu and the sword-bearer Raith—are born to fight, perhaps to die. Others—like Brand the smith and Koll the wood-carver—would rather stand in the light. But when Mother War spreads her irons

wings, she may cast the whole Shattered Sea into darkness. Praise for Half a War "Filled with swift battles, quick plot twists and witty dialogue."—New York Daily News "A fantasy for all ages, and all times [that] rends the soul as compulsively as anything Abercrombie has written to date . . . Half a War is a success in every way, putting a stupendous capstone on the entire Shattered Sea Trilogy."—Tordotcom "There's all the sword-swinging and Machiavellian machinations you could ask for in this tale of a final battle between countries and kings."—Fredericksburg Free Lance-Star "Engaging, mesmerising and jaw-dropping."—SciFi Now "Abercrombie piles on shocking betrayals and charges his characters a high price for vengeance in this powerful and fitting final volume."—Publishers Weekly
