M. Kelley Hunter

Black Moon Lilith M. Kelley Hunter, 2010-12 Named for an ancient female figure of primordial mystery, Black Moon Lilith is an astronomical point intimately connected to the Earth-Moon system. In these times of expanding ecological and cosmological awareness, the Black Moon offers a spacious field of investigation engaging women and men in fuller self-awareness and soul expression in life, urging us inexorably to a deeper embodiment of Heaven on Earth. Of increasing interest to astrologers, the Black Moon has been used for decades in Europe, but there is little written in English about this enigmatic female figure and subtle astronomical point. This book, an expanded version of an earlier, shorter work, helps fill that gap. The author blends astronomy, myth, depth psychology and original creative research into her investigation of the Black Moon. Basic, suggestive interpretations are offered, supported by examples of well-known personages. Read it and consider for yourself a question that has haunted and taunted humanity for four thousand years: is she demonic or divine? Lilith offers no easy answers. M. Kelley Hunter, Ph.D., C.A.P., is an internationally-known astrologer who was caught up into and never recovered from the astrological revolution of the 1970s. As personal consultant, educator and star-gazer, her work with the stars is a unique blend of cosmology, myth and psycho-spirituality. She considers astrology to be an intuitive science and infuses her own ongoing studies with creative and experiential exploration.

Black Moon Lilith Rising Adama Sesay, 2023-10-03 An exploration of the Black Moon Lilith placement in astrology—a widely searched yet underserved topic—that reclaims the misunderstood archetype of Lilith and shows you how to use her energy for empowerment and transformation. Black Moon Lilith Rising is unlike any other astrology book out there on multiple fronts: it is a comprehensive exploration of the placement of Lilith in astrology, it's a deep exploration into the misunderstood myth and archetype of Lilith, and it incorporates shadow work and spiritual alchemy. The book begins with an ode to Lilith, anecdotal stories surrounding the author's experience with the energy, the history, and mythology behind the Lilith archetype. Lilith has been demonized, known as the first rebellious, disobedient woman, but in fact she is a powerful, sovereign being. By untwisting the truth about her energy, the world can heal the suppressed feminine, balance the power dynamic, and ascend. The contents of the book contain: How Black Moon Lilith can be integrated practically for empowerment and life transformation. An in-depth astrological analysis covering Black Moon Lilith through the 12 zodiac signs and houses. Planetary and angular aspects are then layered on explaining how Lilith can affect the other energies in the birth chart in an impactful way. A guide to shadow work with Lilith and a Spiritual Alchemy practice for 13 days, as 13 is the number of the divine feminine.

The Brightness of the Black Moon Lilith Sebastian Van Wingerden,2022-10-02 This astrology book describes the meaning of the black Moon Lilith in a birth chart. This book is about Lilith in the houses and the aspects. You can use this book to get to know yourself better. You can use it as a manual in your readings. The historic mythological Lilith also gets attention (57 pages). By historical mistake the goddess Lilith has been given the name black Moon Lilith, associated with black magic and witchcraft. But she is not a seductress or demoness. On the contrary. She is the feminine goddess of wisdom, luminous, bright and divine in her goodness. In Sumerian times she was a healer and she still is. But from the middle ages onwards she was pictured as a demon. She was not understood. The black Moon Lilith is your higher self. She is your intuition, your sixth sense. Your higher self lies ready-made inside you on the moment that you are born. The black Moon Lilith is pure soul substance, a pearl, a diamond. That's her brightness. As long as the goddess Lilith is with you your life is bright. However when you don't believe in her anymore and you have lost contact with your higher self, your life becomes stark, dull or miserable. You stick to fake securities and Priapus, her opposite pops up. The inferior god Priapus changes you in a copy-rat. This book describes in detail how that works out. Lilith is the best you have. She is an ability to feel/see through the formal structures and act accordingly. She picks up signals on the aura level. It takes a strong personality to go for that. She is the angel she is your spiritual guide. She is your contact with the angels, archangels, totem animals and good spirits from above. It will by no means be to your disadvantage. It is a lot of fun to work, play and experiment with your Lilith quality. For each individual the black Moon Lilith works out in its own way. She is the diamond you have to polish yourself once she has opened up. This book is

meant to to raise Lilith to her ancient glory. For the good of all. This book is my life's work. The book has matured well. It is not written overnight. It is based on thirty years of experience and twenty years of writing and rewriting.

Lilith Tom Jacobs,2012-05-01 After 6,000 years of imbalance between masculine and feminine we are emerging into the light of conscious awareness about who we really are. In this important book Evolutionary Astrologer, Medium, and Channel Tom Jacobs leads you through an exploration of the genesis and roots of the patriarchy and how Lilith's issues reflect the imbalance through which we have for so long lived. Jacobs takes apart the myth that we have been taught and cuts through the fog of negativity surrounding Lilith that has brought us to fear knowing her. He lays out an archetypal process for healing Lilith within us that honors her as a natural part of us - not as a demon to be feared. He then explains the difference between several Liliths used in astrology, making a case for the use of the osculating apogee or true Black Moon Lilith. Natal houses, signs, and aspects of Lilith are explained, followed by transits and progressions to Lilith and the true Black Moon itself in transit. The text concludes with an exploration of Lilith in relationship. This book offers a unique and empowering look at a goddess we are taught to fear but need to learn to honor and respect within us. Tom Jacobs here provides tools to end the patriarchal war on the feminine through insight, acceptance, and compassion.

Divine Scapegoats Andrei A. Orlov, 2015-02-10 Explores the paradoxical symmetry between the divine and demonic in early Jewish mystical texts. Divine Scapegoats is a wide-ranging exploration of the parallels between the heavenly and the demonic in early Jewish apocalyptical accounts. In these materials, antagonists often mirror features of angelic figures, and even those of the Deity himself, an inverse correspondence that implies a belief that the demonic realm is maintained by imitating divine reality. Andrei A. Orlov examines the sacerdotal, messianic, and creational aspects of this mimetic imagery, focusing primarily on two texts from the Slavonic pseudepigrapha: 2 Enoch and the Apocalypse of Abraham. These two works are part of a very special cluster of Jewish apocalyptic

texts that exhibit features not only of the apocalyptic worldview but also of the symbolic universe of early Jewish mysticism. The Yom Kippur ritual in the Apocalypse of Abraham, the divine light and darkness of 2 Enoch, and the similarity of mimetic motifs to later developments in the Zohar are of particular importance in Orlov's consideration.
