**Augustine's Inner Dialogue** Brian Stock, 2010-10-07 Augustine's philosophy of life involves mediation, reviewing one's past and exercises for self-improvement. Centuries after Plato and before Freud he invented a 'spiritual exercise' in which every man and woman is able, through memory, to reconstruct and reinterpret life's aims. In this 2010 book, Brian Stock examines Augustine's unique way of blending literary and philosophical themes. He proposes a new interpretation of Augustine's early writings, establishing how the philosophical soliloquy (soliloquium) has emerged as a mode of inquiry and how it relates to problems of self-existence and self-history. The book also provides clear analysis of inner dialogue and discourse and how, as inner dialogue complements and finally replaces outer dialogue, a style of thinking emerges, arising from ancient sources and a religious attitude indebted to Judeo-Christian tradition.

Man and His Symbols Carl G. Jung, 2012-02-01 The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung's revolutionary ideas “What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society.”—The Guardian “Our psyche is part of nature, and its enigma is limitless.” Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life's work that the

unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

**Anomalous Cognition** Edwin C. May, Sonali Bhatt Marwaha, 2014-08-23 Anomalous cognition involves the acquisition of information emerging from a distant point in spacetime that is blocked from the usual sensory systems by distance, shielding or time. From 1975 to 1995, Edwin May was a scientist and then program director for the U.S. government's psychic espionage program, known as STAR GATE. With the closing of that program, research has continued at the Laboratories for Fundamental Research, in Palo Alto, in the areas of methodology and analysis, neurophysiological studies, personnel assessment and selection, operations research, the physics of anomalous cognition, and psychokinesis. The conclusions from this 35+ year research effort can be summarized as

(1) ESP exists; (2) the gradient of Shannon entropy is the key factor influencing information transfer; (3) because of the innate nature of the ability, the phenomenon so far resists training for excellence (and replication studies will not yield results), and (4) evidence for psychokinesis (PK) is questionable. This book presents the state-of-the-art, with 26 key papers on research methods, physiological research, decision augmentation theory, entropy, other research, and research challenges.

Mother of Death and Dawn Carissa Broadbent, 2022-02-07 Tell me, little butterfly, what would you do for love? In the wake of a crushing defeat, Tisaanah and Maxatarius have been ripped apart. Tisaanah is desperate to rescue Max from his imprisonment, even as her people's fight for freedom grows more treacherous. But within the walls of Ilyzath, Max's mind is a shadow of what it once was... leaving his past a mystery and his future at the mercy of Ara's new, ruthless queen. Meanwhile, in the Fey lands, Aefe has been dragged back into this world by a king who vows to destroy civilizations in her name. But even as her past returns to claim her, her former self is a stranger. Tisaanah, Max, and Aefe are thrust into the center of a cataclysm between the human and Fey worlds. The unique magic they share is key to either winning the war, or ending it. But that power demands sacrifice. Tisaanah may be forced to choose between love and duty. Max cannot forge his future without confronting his past. And Aefe must decide between reclaiming who she was, or embracing who she has become. The choices they make will either reshape this world forever...or end it. In the harrowing finale of the War of Lost Hearts trilogy, a tale of romance, magic, vengeance, and redemption comes to a close -- perfect for fans of Sarah J. Maas, Miranda Honfleur, and Danielle Jensen.

**Daughter of No Worlds** Carissa Broadbent, 2020-01-08

*Children of Fallen Gods* Carissa Broadbent, 2021-10-25 No war can be fought with

clean hands. Not even the ones waged for the right reasons. Not even the ones you win. Tisaanah bargained away her own freedom to save those she left behind in slavery. Now, bound by her blood pact, she must fight the Orders' war -- and Max is determined to protect her at all costs. But when a betrayal tears apart Ara, Max and Tisaanah are pushed into an even bloodier conflict. Tisaanah must gamble with Reshaye's power to claim an impossible victory. And Max, forced into leadership, must confront everything he hoped to forget: his past, and his own mysterious magic. All the while, darker forces loom -- far darker, even, than the Orders' secrets. As Tisaanah and Max are ensnared in a web of ancient magic and twisted secrets, one question remains: what are they willing to sacrifice for victory? For power? For love?

The Wretched of the Earth Frantz Fanon, 2007-12-01 The sixtieth anniversary edition of Frantz Fanon's landmark text, now with a new introduction by Cornel West First published in 1961, and reissued in this sixtieth anniversary edition with a powerful new introduction by Cornel West, Frantz Fanon's *The Wretched of the Earth* is a masterful and timeless interrogation of race, colonialism, psychological trauma, and revolutionary struggle, and a continuing influence on movements from Black Lives Matter to decolonization. A landmark text for revolutionaries and activists, *The Wretched of the Earth* is an eternal touchstone for civil rights, anti-colonialism, psychiatric studies, and Black consciousness movements around the world. Alongside Cornel West's introduction, the book features critical essays by Jean-Paul Sartre and Homi K. Bhabha. This sixtieth anniversary edition of Fanon's most famous text stands proudly alongside such pillars of anti-colonialism and anti-racism as Edward Said's *Orientalism* and *The Autobiography of Malcolm X*.

*Non-Death Loss and Grief* Darcy L. Harris, 2019-10-16 *Non-Death Loss and Grief* offers an inclusive perspective on loss and grief, exploring recent research, clinical applications,

and current thinking on non-death losses and the unique features of the grieving process that accompany them. The book places an overarching focus on the losses that we encounter in everyday life, and the role of these loss experiences in shaping us as we continue living. A main emphasis is the importance of having words to accurately express these 'living losses', such as loss of communication with a loved one due to disease or trauma, which are often not acknowledged for the depth of their impact. Chapters showcase a wide range of contributions from international leaders in the field and explore individual perspectives on loss as well as experiences that are more interpersonal and sociopolitical in nature. Illustrated by case studies and clinical examples throughout, this is a highly relevant text for clinicians looking to enhance their support of those living with ongoing loss and grief.
