Philip S. Berg

Kabbalistic Astrology Rav P. S. Berg, 2010-09-17 Ancient Kabbalistic mysticism and the search for meaning by looking to the stars are related in ways that may surprise readers. Kabbalah, in fact, offers arguably the oldest and wisest application of astronomy and astrology known to humankind. Kabbalistic Astrology is a tool for understanding one's individual nature at its deepest level and putting that knowledge to immediate use in the real world. A natural addition to Berg's many writings on spirituality, the book explains why destiny is not the same as predestination and shows that we have many possible futures and can become masters of our fate. Written in Berg's trademark clear, intelligible style, the book teaches how to discover challenges faced in previous incarnations and how to overcome them, as well as the secrets to finding the love, success, and spiritual fulfillment.

Above the Zodiac Matityahu Glazerson, 1997 Above the Zodiac: Astrology in Jewish Thought uncovers the profound connection between Jewish mysticism and classic astrology by citing the many references scattered throughout Jewish literature to the influence of the stars on human destiny. Rabbi Matityahu Glazerson gives a month-by-month rendering of Jewish astrology according to kabbalah, summarizing the complex system of elements in Jewish thought that correlates to each astrological sign. The book also explains the unique relationship the Jewish people have to astrology, and under what circumstances astrological consultations are permitted to individuals.

Cosmic Navigator Gahl Eden Sasson, 2008-07-01 Gahl Sasson's second book, Cosmic Navigator, is like a GPS for the soul. It combines Astrology, the map of where and who we are, with Kabbalah the navigation system that tells us how to get to our goal and avoid those traffic patterns and areas of gridlock in our lives. This three part text is the first book of its kind. Not only is it the first book to use Astrology as a resource for self help, it also weds the wisdom of ancient Kabbalistic truths with the powerful archetypes of the zodiac to help you improve and change your life. The first part of the book introduces the basic concepts of Kabbalah and Astrology and how they work together. The second part teaches you how to interpret your own astrological chart as the road map of your life. The third and final part of the book, which is based on Gahl's twelve week workshop, walks the reader through the twelve signs and teaches them how to use each one to bring balance and success into their lives. Is your love life in need of more passion? Turn to the chapter on Scorpio and learn how to invoke that sexual mysterious energy. Do you need to be more assertive at work? Turn to the chapter on Aries and discover your inner warrior. Unlike other astrology books that simply offer stereotypical profiles, Cosmic Navigator teaches us how to take control of our astrological destinies.

Kabbalah and Astrology Max Weiman, 2001-01-01 Despite the fact that we generally think of astrology as highly questionable, if not outright ridiculous, many Jewish sages believed in it. This study looks carefully at this phenomenon to explain just what was meant by astrology and its place in Kabbalistic thought.

Exploring the ancient principles of Kabbalistic Astrology reveals that each of us is born into an astrological environment best suited for the completion of the corrections that we must make in our lives.--Publisher description.

Kabbalah and Astrology Z'Ev Ben Shimon Halevi, 2013-03 Kabbalah and Astrology is a rewrite of The Anatomy of Fate, first published in 1978. It views astrology in the wider context of the ancient tradition of Kabbalah. The influence of the cosmos on humanity, at both the individual and collective levels, is the main topic of this book. The astrological birth chart is examined from a psychological and spiritual perspective, showing how a horoscope can be a key in transforming a personal fate into transpersonal destiny. This revised edition, with its new pictures and diagrams, is the result of over 50 years of practice and reflection on astrology from an esoteric viewpoint.

Natal Astrology, Part 1 C. C. Zain, 2013-12 This is part one of the tenth volume in a series of 21 Brotherhood of Light Courses by C. C. Zain on the Hermetic Sciences, Astrology, Alchemy, Tarot, Kabbalah and the Occult. Although it is an intermediate-level astrology course on interpreting a natal horoscope, it is suitable for beginning students and is an invaluable resource for every professional astrologer. The reader is introduced to the Hermetic system of astrology in a step by step fashion explaining exactly what an astrological birth chart represents and what it can and cannot do. A detailed list of what a complete astrological reading might include is presented. It is one of the few astrological textbooks that discuss the interpretation for each of the 36 decanates (ten-degree sections of the zodiac). Topics cover how to assess the natal chart for temperament, disposition, mental ability, business factors, finances, vocational selection, fortune with love, marriage, partnership, domestic relations, friends, open enemies and personal restrictions and hidden influences.

Kabbalistic Astrology Rav Berg, 2006-10-10 Ancient Kabbalistic mysticism and the search for meaning by looking to the stars are related in ways that may surprise readers. This edition is a tool for understanding one's individual nature at its deepest level and putting that knowledge to immediate use in the real world.

Anatomy of Fate Z'ev ben Shimon Halevi, 2009-04-01 This revised edition with its additional captions and diagrams, sets out the philosophy of astrology. This tradition dates back to Ur of the Chaldees, the home of Abraham the father of Kabbalah, the Jewish mystical line. Applying celestial symbols and archetypal images, the metaphysical background to this ancient form of psychology, human development and cosmic reality fuses the medieval version into a modern comprehension of a profound esoteric system. It is one thing to interpret a birth chart but another to perceive what astrology is really about.

Unlocking Kabbalah Thomas Weems, 2024-03-11 The geometric diagram known as the Kabbalistic Tree of Life has been a central pillar of Western occultism and mysticism for centuries now. But what if the form of this mysterious figure, as we know it today, is actually a peculiar twist on a more ancient and fundamental design? In *Unlocking Kabbalah: A New Synthesis of Astrology, Tarot, and the Tree of Life*, we explore this intriguing premise by re-arranging the Tree of Life into a

more logical and intuitive structure. What we discover is a map of reality with an extraordinary blend of elegance, balance, and simplicity. But perhaps the most astounding revelation to be found is that the wheel of the zodiac emerges from this design as a set of relationships between the seven traditional planets of ancient astrology. Unlocking Kabbalah offers a radical and fresh interpretation of the Kabbalistic Tree of Life, weaving together the elements of the Tree into a coherent story that is accessible, intuitive, and vitally compelling. The meanings of the paths and the Sephiroth are explored in a way that breathes new life and vision into the organic structure of the Tree as a whole, making it deeply understandable as a cosmic blueprint of our lived human experience. Woven into the narrative of the Tree are fresh insights into Tarot, psychology, magic, and the Law of Attraction. Most importantly though, this innovative vision of the Tree of Life offers striking new clarity into the understanding of astrology and the signs of the zodiac. For the most part, Kabbalah has remained a very abstract and remote philosophy, one that is difficult to pin down or connect to our everyday existence. Unlocking Kabbalah brings this mystical worldview down to earth, making it clearly accessible and vivid to both the mind and the heart.
