Runes Sirona Knight,2008-09 Tap into the age-old, secret power of runes to create a better and more enriching life. Generally associated with the ancient Northern Europeans, runes are magical symbols that convey the story of creation, life, destruction, and rebirth, and how these forces constantly affect our many levels of being. Runes connect with your body, mind, and spirit, as well as the environment, and are ideal for use in psychological integration, spiritual growth, healing, and magic. Learn the history of runes and the meanings and associations of each symbol. Then discover a wide variety of ways runes can help you find answers to personal questions, increase self-awareness, relieve stress, gain a sense of personal empowerment, and clear out blockages in your life. As you work with these mystical tools you'll find within them the power to transform yourself.

*The Armanen Runes - An Operator's Manual* Douglas Buchanan,2022-11-24 When most people hear of yoga the one that usually comes to mind is Hatha Yoga. The several others, for which Hatha Yoga is only a preparation, are largely unknown to the public at large. The same is true of the Runes. If anyone has ever heard of the Runes they are likely to be thinking of the Elder Futhark runes made popular by the effective marketing of Ralph Blum's book, with its splendid set of cast runes. Handling these runes brought back ancient memories to many people with European DNA. The Sacred Eighteen Armanen Runes are the magician's runes. In many parts of Europe these are the runes that come to mind whenever runes are discussed. The immense magickal power of these runes is associated with all their shapes being derived from the hexagon and its associated diameters. Everyone has heard about Solomon's Seal or the Star of David, made by merging two equilateral triangles into one another. This figure is associated with the magick of the Kabbalah and holds the secret of the exact dimensions of the Tree of Life. The Armanen Runes, by virtue of their geometry are connected with the ancient Kabbalistic magick and the work of the alchemists who used the hexagon and its triangles as symbols of the elements. Anyone from any path involving ritual magick could experience the boost given to their work by using the Armanen Runes. Because of the neutrality of their geometric forms they can cross all magickal egregores as a cohesive magickal system. Everything in this book is derived from my own experience and the practical experiences of personal students, men and women, studying the runes to improve their magickal abilities or spiritual insights, and to harness the powers of the runes for personal use. These are the runes that have worked through the centuries. It is my hope that these data and methods of using the runes will inspire the magickal or spiritual work of the reader, no matter what his or her path is, or may become. For the average student the material herein is about two years work. It's not like a

newspaper report that you read straight through. Every bit reinforces every other bit whether going ahead, or reviewing. Practicing the exercises makes you a runist. Reading the words only exercises your eyes, and is pretty much a waste of what's left of your current incarnation. Douglas Buchanan.

Runes in Ten Minutes Richard T. Kaser, 2010-10-12 Runic divination is a method that is more than 2,000 years old, yet rune stone sets are available today in New Age stores. For readers who do not have their own rune stones, Kaser shows how to create your own, as well as how to substitute Scrabble tiles for traditional runes. *Serenity Runes* Ralph H. Blum, Susan Loughan, Bronwyn Jones, 2005-07-15 God, grant me the Serenity to Accept the things I cannot change, the Courage to change the things I can, and the Wisdom to know the difference. --The Serenity Prayer These simple words form one of the most important and revered messages of our age. For so many people in desperate situations--seeking wisdom, peace, and the strength to overcome overwhelming problems--the prayer has offered a beacon of hope and helped them through their darkest hours. The prayer is attributed to American theologian, Pastor Reinhold Niebuhr and is thought to have been written during the 1940s. Now, Ralph Blum has blessed the words with five beautifully crafted rune stones and enhanced their meaning with fresh runic commentaries to make the prayer even more powerful and accessible. So whatever your situation and however impossible the odds, you too can use the Serenity Prayer to help you face your challenges and to take the first step on your own road to recovery. In the accompanying book, Blum and co-authors, Susan Loughan and Bronwyn Jones, provide full instructions for using the runes with the prayer. They present the commentaries and the counsel of each rune stone and suggest meditations and other techniques to use. The pack is completed by a cloth bag to keep the Serenity Runes safe and a portable, credit-card-sized card on which is printed the Serenity Prayer.

**How to Read and Interpret Runes** Andy Baggott, 2012 Since the dawn of time, people have found signs and symbols fascinating, and runes are some of the most powerful signs of all. The runic alphabets were devised by early Germanic societies in the 1st century AD, and were later used as a means of gaining deeper understanding of life through divination. For hundreds of years they have offered ways of coping with the journey through life by providing access to a greater wisdom. This highly accessible guide demonstrates how to access, question and understand the runes. The meaning of each individual rune is explained in detail, and sample rune readings that relate to common dilemmas show how to interpret the answers provided. Choose between simple one- or three-rune draws, and more complex spreads using up to nine, and learn how to read the answers to your questions. The fully illustrated book is a highly accessible introduction to the use of this ancient alphabet for divination, protection and healing, and offers a path to spiritual understanding that anyone can tread.

**The Runes** J Hamburger, 2020-12-05 The Runes is a complete guide to runic divination and reflection, featuring new, word-for-word translations of original sources. J. Hamburger combines deep respect for the ancient texts with

years of practical rune reading experience to bring you a truly authentic and inspiring guide book. Rune reading is a tool for gaining insight, using ancient symbols to challenge and inspire. Some see it as divination-a way of tapping into hidden knowledge. Others use it for self-reflection or focusing intention. Consulting the runes can be like talking to an old friend: you may know the truth, but sometimes you need to hear it before you believe it. Rune reading uses your intuitive wisdom to help you see a little further, feel a little deeper, and reach a little higher. Before Christianity spread to northern Europe, the indigenous peoples of that region were Germanic tribes, like the Anglo-Saxons, Goths, and Norsemen. Runes were the letters of their alphabets. Over time these letters developed rich symbolic meanings, passed down through poems and myths. Like most pre-Christian cultures, the Germanic peoples were polytheistic, and they revered natural elements as sacred. When you pick up the runes, you are entering a vibrant world, grounded in nature and everyday life, yet full of heroes, gods, and mythology. Most of what we know about runes comes from just a few ancient poems. Some books pick and choose the easier elements from each poem, while overlooking anything too difficult or unpleasant. But it's clear from the poems that runes have a dark side-and we know from history that the people who used them were both fearless and fearsome. This book doesn't leave anything out. All of the mystical beauty is there, and so is the fighting spirit. The Runes gives you strong, unfiltered runes with a hard-enough edge to face anything that comes up.

*Rune Play* Ralph Blum, 1990-10-01 Since 1983 nearly a million people have turned to the runes for guidance and self-counseling. Working alongside *The Book of Runes* and *The Book of RuneCards*, *Rune Play* is an essential part of any rune lover's library, lending spiritual and emotional support and understanding to an ever-expanding audience.

**The Wisdom of the Torah** Dagobert D. Runes, 2011-05-01 Citadel Press is proud to announce the newest titles in the Wisdom Library, a collection of books showcasing the thoughts and writings of diverse literary, philosophical, political, and scientific immortals. These books deserve a place on every home bookshelf and in every student's basic library.

**The Runes** J. Hamburger, 2020-12-05 A Beginner to Advanced Guide The author seems to have a deep respect for the history of the runes and therefore attempts to portray them as accurately as possible. ...it is clear that [he] has a passion for what he is doing. - Night Spirit blog For some, rune reading is divination--a way of tapping into hidden knowledge. Others use it for self-reflection or focusing intention. Consulting the runes can be like talking to an old friend: you may know the truth, but sometimes you need to hear it before you believe it. The indigenous peoples of northern Europe were once Germanic tribes, like the Anglo-Saxons, Goths, and Norsemen. Runes were the letters of their alphabets. Over time these letters developed rich symbolic meanings, passed down through poems and myths. The Germanic peoples were polytheistic, and they revered natural elements as sacred. When you pick up the runes you are entering a vibrant world, grounded in nature and the mysteries of life, yet full of heroes, gods, and mythology. The Runes clearly explains each rune in its own chapter, giving plenty of examples of possible interpretations. The book features new, word-for-word translations of the Icelandic and Old English rune

poems--two of the most important sources of runic information. Runes speak in mythical images full of strength, beauty, and wisdom, but it's clear from the poems that they also have a dark side, and we know from history that the people who first used them were both fearless and fearsome. This guide doesn't leave anything out. All of the mystical light is there, and so is the fighting spirit. The Runes will give you as much inspiration or challenge as you are looking for.

Master of the Runes R. C. Fordham, 2017-02-04 Master of the Runes is perhaps the most powerful book ever written on the runes. Both the novice and the expert will find the material inside useful. Master of the Runes seeks to explain an extra dimension to the runes that so many prior authors have left out. This book is not only about the meanings of the runes. It explores the meanings and then talks about WHY they mean what they do. We will explore many connections and explanations not discussed by other authors. Enough said - this is not your typical pocket book. It was written to turn you into a Rune Master. You may have come in contact with many rune books in your past explorations. Some may have left you hungry for more. Most, without doubt, only told you what the runes mean. These books are for memorization and do not help you form the knowledge to understand the intricate system of the Elder Futhark. Unlike those books, The Master of the Runes is the ultimate guide to the Futhark Runes in the Germanic context. There is so much information contained within that you will not walk away hungry. You will be prepared to understand the runes in your own way and in your own terms. More importantly you will understand them as our ancestors meant for them to be understood. The runes provide initiation into higher ways of thinking that transcend the material plane. As progression is made in studying the runes, the quality of understanding the world deepens. The student is able to peel back the layers of reality. In one way this works on a macro level. In another perspective this works on the micro. After all, the universe is a hologram of the self. To achieve a deeper understanding of the runes requires us to work with them. Only through practice, will the runes open up their symbolic meaning to you. This process is known as runic revelation. When Odin seized the runes, he did not merely conceptualize them as we would a letter in the alphabet. He took within him their meaning. This required Odin to sacrifice himself to himself on Yggdrasil. By suspending the animation of his body, he was able to penetrate through the confines of time-space and imposed contingencies. This book will conceptualize the runes of the Elder Futhark with my emphasis upon the Germanic Futhark. However, I will discuss elements from all futharks in order to paint a greater picture. I will also use other Indo-European traditions and etymologies to elaborate on knowledge that has been obscured through the sands of time.

*Runes for Today's Woman* Cassandra Eason, 1992-01-01 Does wisdom hide behind the throw of pebbles on a cloth? Can ancient symbols bear any relationship to the stresses and strains of modern living? Cassandra Eason says, Yes. In this fascinating book, she explores the mystic stones and circles of the ancient Norse oracle and finds that its relevance has survived the centuries. This intriguing book makes a perfect companion for the Rune cards or the Rune stone sets commonly available.

Futhark Edred Thorsson, 1984-01-01 Runes are the ancient Norse alphabet used for communication, divination, and

magical work. In Futhark, American runologist Edred Thorsson introduces readers to the 24 runes of the Elder Futhark, their definitions, and mystic properties. The runic system of magic and mysticism is one of the most powerful forms of metaphysical thought available to the Western world. This bestselling classic book on Runes continues to be required reading for those who seek true knowledge of the mystery of the Runes. Thorsson's presentation of this powerful system is lucid and profound and provides a valuable tool for spiritual transformation and self-development.
