The Cambridge History of Magic and Witchcraft in the West David J. Collins, S. J.,2015-03-02 This book presents twenty chapters by experts in their fields, providing a thorough and interdisciplinary overview of the theory and practice of magic in the West. Its chronological scope extends from the Ancient Near East to twenty-first-century North America; its objects of analysis range from Persian curse tablets to US neo-paganism. For comparative purposes, the volume includes chapters on developments in the Jewish and Muslim worlds, evaluated not simply for what they contributed at various points to European notions of magic, but also as models of alternative development in ancient Mediterranean legacy. Similarly, the volume highlights the transformative and challenging encounters of Europeans with non-Europeans, regarding the practice of magic in both early modern colonization and more recent decolonization.

Mixing Essential Oils for Magic Sandra Kynes,2013-11-08 The Ultimate Guide to Mixing, Matching, and Making Essential Oils Choose the best essential oils for your creative and magical mixing with this straightforward, hands-on guide. Through step-by-step instruction on how to measure, mix, and assess blends, you'll move beyond following others' recipes and into creating your own oil combinations. Mixing Essential Oils for Magic offers everything you need to understand not only how to blend but also why specific blends work together. Learn how to mix oils by botanical family, scent group, and perfume note. Discover an encyclopedic listing of essential and carrier oil profiles, as well as thorough cross-references for the oils and their magical associations. With guidance on the historical and present-day uses of essential oils, you'll make personal blending an integral part of your spiritual and magical practices.

The Sorcerer's Secrets Jason Miller,2009-01-01 If you're interested in assuring that you obtain real tangible results with your spells and are willing to put the work into doing so, this is definitely the book for you. Completely filled with some amazing insights, ideas, and tips that come from experience. His ideas are some that I've never seen in other books. This book alone completely changed how I approach giving offerings to spirits and deities. -- Mat Auryn, author of *Psychic Witch* This book is about real magick, effecting real change, in a real world. There are some books on magick that teach it purely as spiritual advancement. There are others that teach it as a form of psychological self-help that effects only inner change. While magick can and should be both of these, it is something more. The Sorcerer's Secrets is about success in practical magick; it is a book that aims at change in both the outer and inner worlds. Beyond a mere spell book or training course, The Sorcerer's Secrets is a field manual on successful sorcery written by a professional sorcerer. The first part of the book lays out the qualities, concepts, and exercises necessary to attempt practical magick. The second part presents clear strategies for tackling almost any type of issue with sorcery. In this book you will learn how to: Attack problems from multiple angles, not just by casting a spell. Blend mundane and magickal action to ensure success. Figure out whether what you are doing is working. Fix it if it isn't. Go beyond readings, into magickal intelligence-gathering. Influence the minds of other people. Work most effectively on behalf of others. The Sorcerer's Secrets will help rescue the art of Magick from those who have ignored, downplayed, or just outright denied the existence of

practical sorcery in favor of arcane titles, intangible results, and fantasy attainments.
