Where in the World Do I Belong? Brent Massey,2008-08-01 We are all different and no country fits everyone living in it. Many people who travel or live abroad are surprised to discover countries that fit them better than their own country. Discover if your personality type differs from your culture's

type. Determine your personality type and learn about it through descriptions of culture types. Find out which culture fits your type when traveling, studying, working or living abroad. The popularity of personality type theory is spreading throughout Europe, Asia and the rest of the world. Every year, millions of people take personality tests like the Myers-Briggs Type Indicator (MBTI). These people seek to understand themselves and others through the tool of personality type. Where in the World Do I Belong describes 115 cultures from around the world using Myers-Briggs personality type concepts. Insightful quotes and personal experiences of people from around the globe make Where in the World Do I Belong come alive. Cartoons by TRIGG illuminate and humorously depict various culture types. Reviews: Brent Massey, wrote the Hawaii book in the well-known Culture Shock series and he adopts a similar colloquial, anecdotal approach here and it is an easy read. There is a good overview of the theory and practice of the MBTI. - Dialogin website.
