U.C. Mahajan

Chinese Astrology and Fortune Telling U.C. Mahajan, 2009-09-03 The Yi Jing, I Ching, or Book of Change or Fortune Telling, is an ancient Chinese oracle that has been consulted in times of trouble for thousands of years. It was used as a guide and source of wisdom by the emperors, helping them decide the difficult issues of statecraft; and later on by Sages and Philosophers. It was both a source and repository of philosophical insight for the Chinese, even as a part of Chinese Astrology or Zi Wei Dou Shu. Both of the major Chinese philosophical traditions, Taoist and Confucians alike, have contributed to its development. A few centuries ago, it became popular among the mass and its popularity is growing fast in many countries. Future is always dark and unknown, and man has always been eager to know the future beforehand. ~Chinese Astrology and Fortune Telling~™ is a great and unique way of knowing and predicting future. This book fulfills the need and demand. It will make simple: both the subject and knowledge of the future, that look complex and uncommon.

Chinese Astrology Shelly Wu, 2005-06-15 "He who knows others is learned. He who knows himself is wise." —Lao-Tzu The quest for self-knowledge has been a universal human pursuit for millenniums. Who are we? And could our destiny be written in the stars? Why do some commit their wings to life's flames, while others tiptoe through life so cautiously? In a quest for answers to these questions, there has been an explosion of renewed interest in Chinese astrology. Awareness of our essential nature provides insight into our most intimate relationships...and into ourselves. Chinese Astrology: Exploring the Eastern Zodiac/i> explains our "natural endowment" or "inner being"—our personality from the beginning. This 5,000-year-old art paints a remarkable picture of personality and potential using the archetypes of the 12 signs of the ancient Eastern zodiac. While each one of

us possess some qualities of all 12 signs, we each have a dominant sign and birth element. Be prepared for some ah ha! moments as you explore this ancient art and gain insight into the characters of those you meet along life's path. You may notice interesting similarities to your friends and family, and you may never look at yourself the same way again. This is a timeless system that is as pertinent today as it was many centuries ago. In a book that will fascinate both devotees of Western astrology and those who have never even checked their horoscopes in the newspaper, you'll learn — The twelve signs of the Eastern Zodiac and what they tell you about yourself and others. — The Five Elements, and how your birth element influences your destiny. — Chinese love signs, karmic connections, and the secrets of soul mates. — Your Chinese birth hour "companion"—your other self.
