This English version of the same is to meet the growing demand of scholars interested in the study of Puranas. This stupendous work, in the form of an exhaustive descriptive index, covers the vast and varied field of ancient Indian culture in all aspects-history geography, religion, philosophy, myths, beliefs and practices as depicted in the Epics and Puranas. The work is planned on scientific lines. The material compiled is arranged systematically. Citations have been inserted in support of stated facts; at places they have been substituted by reference.
