TAI DIVINATION WORKBOOK Erik Thorell, 2015-11-11 Author Erik Thorell reveals his new publication, TAI Divination Workbook. TAI Divination is the fusion of three ancient divination systems: Tarot, Astrology and the I Ching or TAI. These 3 systems have come together in one reading, probably for the first time ever in the history of divination. You don't have to be psychic to use TAI, and TAI is easy to understand for beginners, and in-depth enough for experts. TAI is not intended to compete with or replace existing forms of divination or Holy Scriptures of various religions. They all originally come from the Divine that lives within a man to help, advise and guide him in his life. The author respects all the founders equally as God's messengers. This brings to mind of a bowl full of small cards with quotes from the Bible, a device which his Salvation Army parents used to ask questions via the ancient art of bibliomancy. TAI was accidentally discovered February 11th 1981 and co-incidentally published in 2015, the third year of the Aquarian age. Pray that the

Divine within speaking via TAI advises all equally kindly and wisely.

The Meaning Of Tarot Cards Through Astrology Antares Stanislas,2021-01-29 Once again this author delights the passionates of cartomancy with this original title and with its personal contents learned over the years of practice. His policy used to write all his books is to use a very clear and simple writing, that can be understood by both the professional curious about the new Major Arcana observations and by the newbies that would like to learn or just know more about them. The goal of this book is to teach the meaning of the Major Arcana through concepts/notions of basic Astrology. not only that, but even who already knows the basic Astrology will, with this book, make their entrance in the Tarots world. *Attention please, The kindle format could cause problems in translation formatting and figures:Don't buy the kindle version. The Esoteric Astrology Of Tarot Ann Davies, 2021-02-08 In every age and in every country there are always those few individuals who seek more satisfying answers to the great questions of Life than they can find in their local churches and temples or through science. If their quest is sincere and they persist, they will eventually be drawn into contact with one of the world's Mystery Schools, where they may be instructed and trained. There have always been centers, called Mystery Schools, responding to the cry for understanding from aspirants throughout the ages. Today such close secrecy is no longer necessary. Much may now be given out openly which formerly could be imparted only in private and by word of mouth. The greatest secrets, however, can never be

transmitted by written or spoken word. That secrecy which guards the deepest esoteric knowledge is not imposed by the custodians of Ageless Wisdom but by human ignorance. It is the kind of secrecy which shrouds the work of great scientists such as Bor, Curie, Einstein, Edison and others. This secrecy does not result from any deliberate withholding but rather from a mass ignorance and consequent inability to understand the concepts and reasoning required by advanced science. The custodians of Ageless Wisdom can no more disclose their knowledge to untrained men and women than great scientists can explain their theories of the universe to children who are still in kindergarten

Tarot Cards For Beginners Karen Brown,2015-02-03 Although it may appear that we have unraveled the mysteries of the Universe through our sciences, it is apparent that we have yet to unravel more. Even scientists are aware of the limitations of science. The world operates through various mechanisms that we do not fully understand yet. It is controlled by a force we cannot see. One thing is certain--whatever it is, its effect greatly affects our lives. People who know the secret to this operation have found a way to unravel it. Although few literature and books exist in the world today, some became a part of our lives. One of these, and the most effective, perhaps, is the Tarot cards. Tarot cards have the ability to illuminate and reveal the future as well as shed light on the aspects of present that could lead to the divined future.

Tarot John Lawrence Maerz,2015-06-15 This book is an innovative approach utilizing the Tarot cards, the astrological signs and houses and the vibration of numbers. Each house represents a specific set of personal issues and circumstances particular to each area of life such as relationships, traditions, career and more. Each of the face cards corresponds to an astrological sign. And the

numbers give an overall flavor and direction for the interpretation to take. This method allows you to separate the issues with clarity in a way that the Celtic cross and other layouts can't. Timing is established through the separate layers and any person in your client's life can be found simply by counting to the appropriate house then simply reading the wheel as a new client. Learning this method will provide tremendous dimension and insight for your readings.
